Mr. Clark reported that the committee to purchase a truck for the chemical engine had not yet come to an agreement with Mr. J. C. Erisman in regard to his bid to furnish a truck. After discussion the same committee was continued with full power to close the deal with Mr. Erisman, or to purchase elsewhere.

Clerk was directed to write to the leading Fire Insurance Companies in this vicinity and ascertain whether they would be willing to pay for the run of our Fire Department in case they were called to fight a fire outside the village for anyone insured in

their company. Some insurance companies have done this in the past, and in the opinion of the council, this would probably be a satisfactory solution to the problem.
