Yerkes South, Incorporated

SBA Certified 8(a), SDVOSB, ED/WOSB

FL VBE/WBE, TX DBE, MD DBE, NY SDVOSB

Yerkes South, Inc., (YSI) is an experienced government construction contractor specializing in design/build, design/bid/build, renovation, maintenance, service, secure facilities (SCIF), hurricane recovery services (assessment, demolition, mold, roofing), environmental, engineering services, survey & mapping, site civil utilities, repair sanitary sewer systems, inspections and project/contract management related services.

YSI is led by Commander Christine Yerkes, USN, Retired. As a Navy Civil Engineer Corps (CEC) Officer, Christine served 14 years active duty and 9 years in the Naval Reserve. YSI Staff has been government contracting officers and technical personnel, so we understand the challenges faced by Contracting Officers and we work every day to make their job easier.

Our Mission

Our mission is to serve the warfighter and deliver projects of great quality, safely so their lives stateside are improved, allowing them to focus on their mission of defending our great nation.

Our Tenets

- We are fluent in the language of government contracting, and aggressively seek to lessen the burden on the government team.
- YSI focuses on getting work done safely, correctly, as quickly as possible to lessen the impact on the client's mission.
- YSI increases our profits through exceptional execution, not through cutting corners.
- YSI is organized from the start mobilizing our resources quickly, this requires us to plan well and be efficient in our work.
- YSI Partners with our clients to plan and minimize the challenges encountered.
- Exceptional Execution and Quality = Repeat Clients

Differentiators

- 100+ Years of Combined Experience in Federal Market
- Former Contracting Officers On Staff
- We Understand the Federal Government Process
- Over 50% of Our Staff are Veterans
- We plan, prepare, execute and complete
- Mission Focused
