

EXCLUSIVE LIVING BENEFITS

NOW AVAILABLE

FOR NEW MEMBERS STARTING JULY 1, 2019

As many of you may know, Legacy Assurance is now offering new living benefits: access to telehealth services, low-cost hearing aids, and discounted diabetic apparel is now available.

However, there are a few aspects to keep in mind when presenting these benefits to Legacy Assurance members.

OUR TELEHEALTH BENEFIT

Our new Telehealth benefit will allow our members to have access to doctors 24/7. All they have to do is call in and explain their symptoms. Once they have been evaluated by a doctor, the doctor will recommend the proper treatment and give our customers the care they need.

Please remember that this service is not free and each appointment comes with a \$48 visitation fee.

OUR HEARING BENEFIT

Our new Hearing Aid benefit will allow our members to access discounted hearing aids as well as Free Hearing Test, 3-Year Warranty, Free Adjustments, and Follow-up care. All our members have to do is call to schedule an appointment, take a free hearing test and allow them to do the rest.

Please remember that these products are not free and are available at a discounted rate only.

OUR DIABETIC APPAREL BENEFIT

Our new Diabetic Supplies benefit will allow our member access to a 15% discount on diabetic supplies such as orthopedic footwear, compression sleeves, braces, and more. Use the code **LEGACY15** during checkout to apply your discount.

Please remember that these products are not free and are available at a 15% discount with the code LEGACY15.
