

Georgia, located at the crossroads of Europe and Asia, is a country rich in history, culture, and tradition. Known for its ancient cities like Tbilisi, Kutaisi, Batumi, and Akhaltsikhe, Georgia has long been a key hub along the Silk Road, bridging civilizations for centuries. The country boasts a stable economy, rapidly developing infrastructure, and a strong commitment to education. With its welcoming atmosphere, affordable cost of living, and student-friendly environment, Georgia has become an emerging destination for international students pursuing higher education, especially in medicine at institutions like East European University.

Culture & Vibrant Lifestyle

Georgia boasts a rich cultural heritage, where ancient traditions blend seamlessly with modern influences. The country is renowned for its hospitality, with locals extending a warm welcome to international students. Charming streets and picturesque landscapes.

Location & Connectivity:

Georgia is a picturesque and strategically located country at the crossroads of Europe and Asia, bordered by Russia, Azerbaijan, Armenia, and Turkey. It serves as a hub for international connections, making it easy for students from around the world to travel there. The country is well-served by several international airports that facilitate convenient travel.

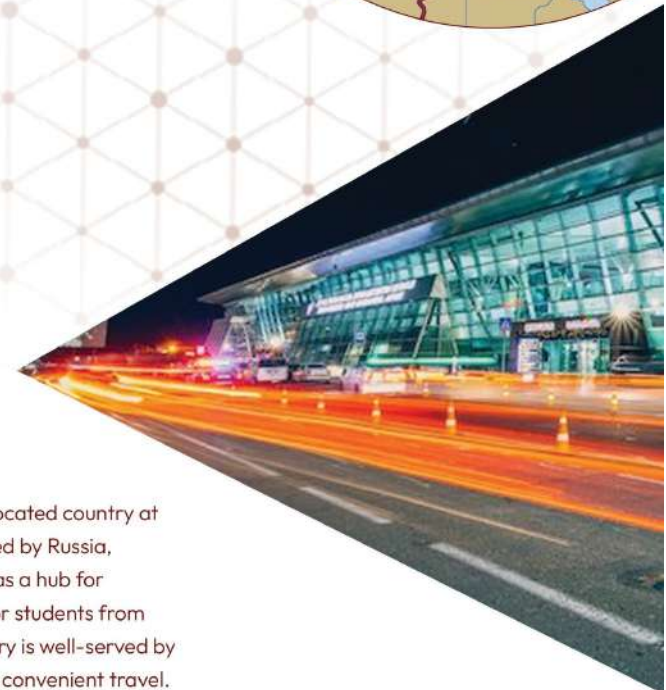

The International Airports in Georgia are:

- Tbilisi International Airport (TBS)
- Batumi International Airport (BUS)
- Kutaisi International Airport (KUT)
- Zugdidi Airport (ZGD)
- Telavi Airport (TEA)

Georgian Cuisine: A Flavorful Blend of Silk Road Heritage

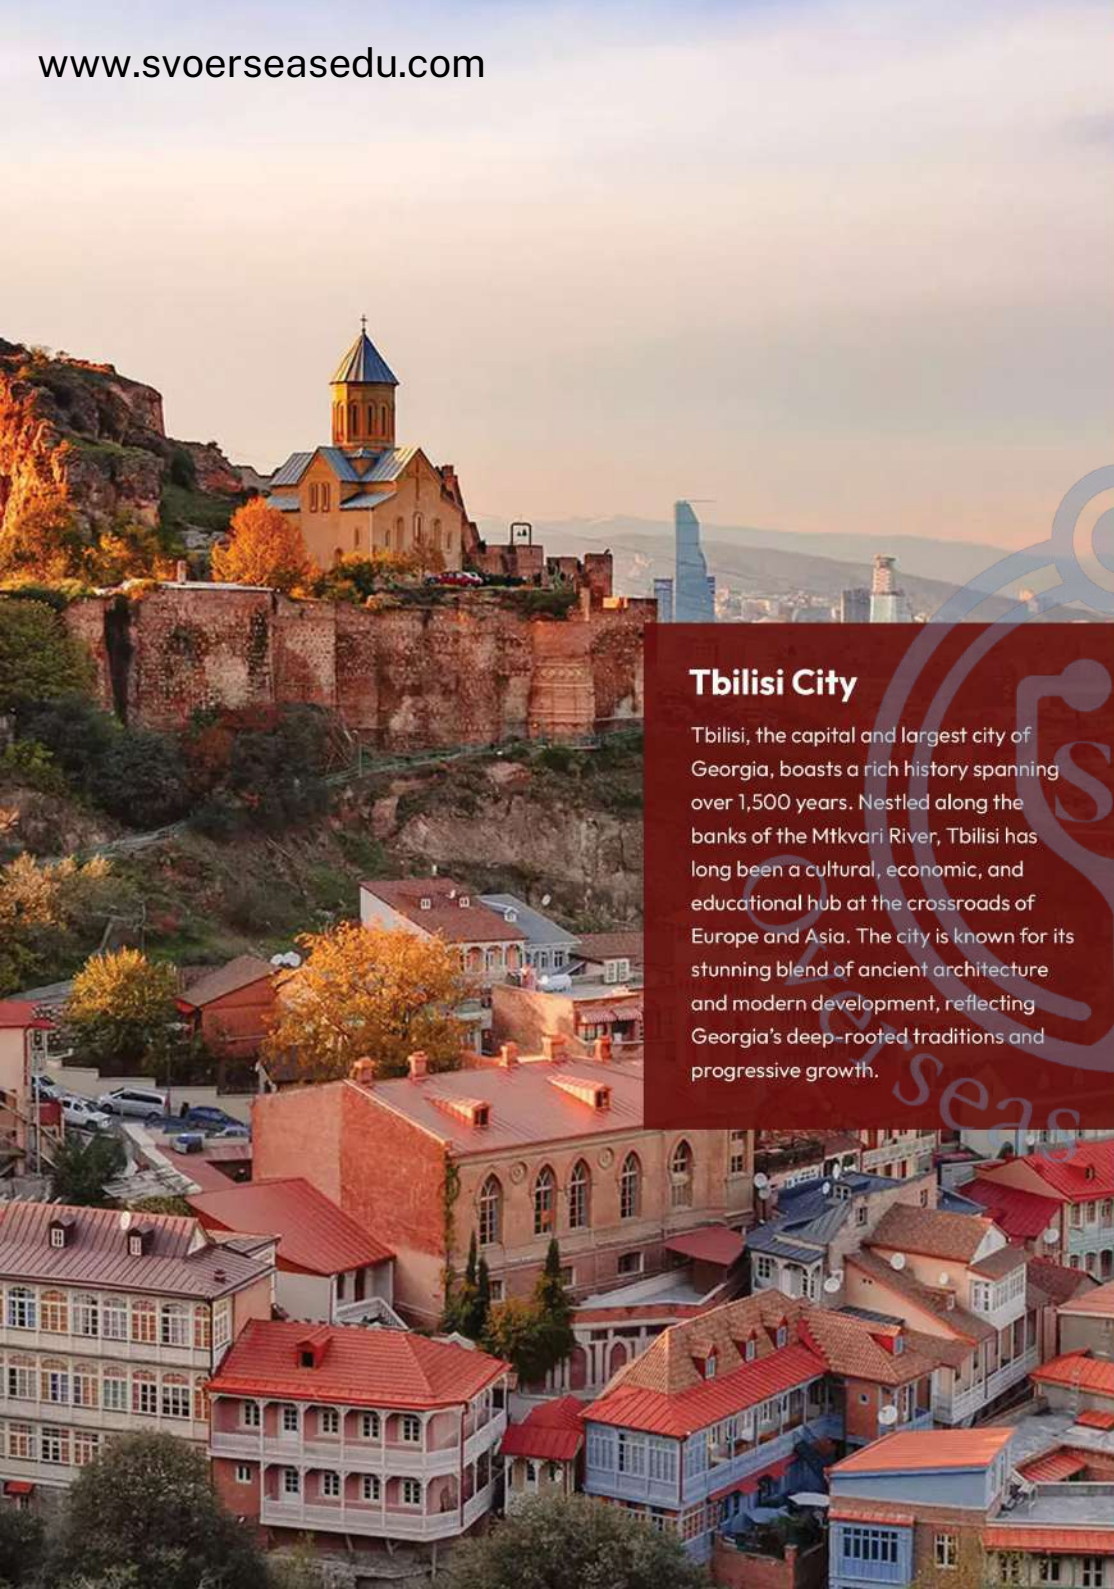

Georgia is a picturesque and strategically located country at the crossroads of Europe and Asia, bordered by Russia, Azerbaijan, Armenia, and Turkey. It serves as a hub for international connections, making it easy for students from around the world to travel there. The country is well-served by several international airports that facilitate convenient travel.

Climate & Living Conditions:

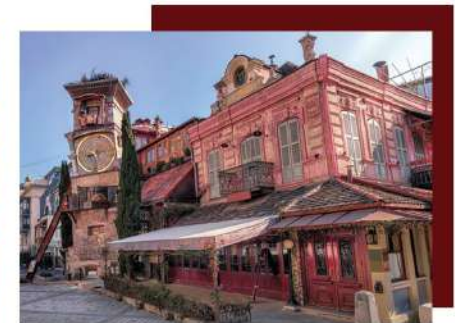

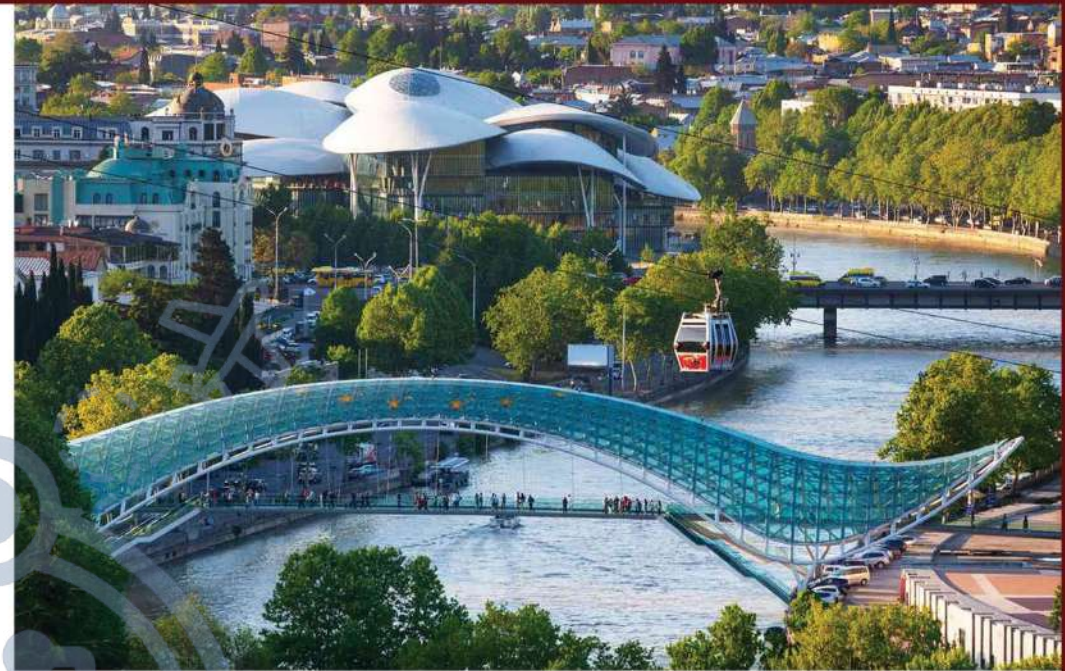

Georgia has a diverse climate, offering a variety of weather conditions across the country. Summers (June–August) are typically warm and sunny, especially in the lowland regions, while the mountainous areas remain cooler. Winters (December–February) can be cold, particularly in the higher altitudes, with heavy snowfall in the mountains, ideal for winter sports. In contrast, the lowland areas, such as Tbilisi, experience milder winters.

Tbilisi City

Tbilisi, the capital and largest city of Georgia, boasts a rich history spanning over 1,500 years. Nestled along the banks of the Mtkvari River, Tbilisi has long been a cultural, economic, and educational hub at the crossroads of Europe and Asia. The city is known for its stunning blend of ancient architecture and modern development, reflecting Georgia's deep-rooted traditions and progressive growth.

Connectivity

Tbilisi is a major transportation hub, well-connected by air, rail, and road networks, ensuring easy accessibility for students and travelers.

Air Travel: Tbilisi International Airport (TBS) offers direct flights to numerous global destinations, making international travel convenient for students.

Railways: The city has a well-developed railway system connecting Tbilisi to major cities across Georgia, including Batumi and Kutaisi, providing a comfortable and scenic travel experience.

Roadways: Tbilisi features an extensive public transportation network, including buses, minibusses (marshrutkas), and taxis, offering affordable and efficient options for both local and intercity travel. The city's metro system further enhances connectivity, making commuting easy and convenient for students.

Welcome

Welcome to East European University (EEU) – The Future Starts Here!

At East European University (EEU), Georgia, we believe in the transformative power of education. Founded in 2012, EEU has rapidly emerged as a premier hub of academic excellence, innovation, and international collaboration. Our motto, “Receive the Education that makes your Future!”, is not just a statement—it is our commitment to every student who walks through our doors.

Situated in the heart of Tbilisi, with two modern urban campuses, EEU offers a dynamic and inspiring learning environment. Our world-class faculty, consisting of renowned Georgian and international professors, ensures that students receive top-tier education based on global standards. Through a diverse range of accredited programs, cutting-edge research opportunities, and hands-on practical training, we equip students with the knowledge and skills to thrive in a competitive world.

At EEU, you are not just a student—you are part of a vibrant academic community that values curiosity, creativity, and career success. With international partnerships, student exchange programs, internships, and industry collaborations, EEU provides a gateway to unparalleled professional and personal growth.

Join us and become a part of a forward-thinking, globally connected university that shapes the leaders of tomorrow.

Your future begins at East European University—where dreams take flight!

Dr. Kakhaber Lazarashvili
Rector

Rector's Welcome

Welcome to East European University!

We are thrilled to welcome you to East European University (EEU)! EEU strives to meet international standards in education and research. Our programs are accredited in line with Georgian regulations. We aim to be a leading institution in Georgia, offering undergraduate, master's, and doctoral degrees across 20 programs in law, social sciences, healthcare, business, and engineering.

At EEU, you'll have opportunities for exchange programs with top European universities, dual diplomas, guidance from qualified faculty, participation in research projects, and access to scholarships and funding

EEU programs are designed following a thorough analysis, experience, and modern Labor market requirements of international universities. Modern teaching methods and technologies are successfully implemented within the educational process. You will have the opportunity to improve scientific and practical skills, which will play a key role in your future professional success. The EEU will provide a significant role in your career advancement.

Sincerely,
Dr. Kakhaber Lazarashvili
Rector

I always wanted to study medicine abroad but was worried about affordability. Eastern Europe proved to be the perfect choice—high-quality education, affordable fees, and globally recognized degrees. The professors are approachable, and the clinical training is exceptional. The experience has not only made me a better student but also a more confident future doctor!

—Dr. Nimisha Shaji

*"Wherever the art of medicine is loved,
there is also a love of humanity"*

—Hippocrates

Studying MD in Eastern Europe has been a life-changing experience. The advanced curriculum, world-class faculty, and hands-on clinical exposure have given me the confidence to pursue my dream of becoming a doctor. The multicultural environment has broadened my perspective, and the support from both the university and my peers has made my journey smooth. Choosing this university was the best decision of my life

MEDICAL DOCTOR (MD)

At East European University (EEU), Georgia, our Doctor of Medicine (MD) program is designed to provide students with world-class medical education, hands-on clinical experience, and global career opportunities. Accredited by the Ministry of Education and Science of Georgia, the program meets international medical education standards, ensuring that graduates are well prepared for successful medical careers worldwide.

Academic Degree/Qualification: Medical Doctor (MD)

Programme Duration, Credits, and Structure: Students must complete a minimum of 360 ECTS credits for the successful completion of the program. The program consists of 6 academic years (12 semesters).

The MD program is taught by renowned Georgian and international professors, along with skilled medical practitioners and researchers, offering students a comprehensive and globally relevant education. Clinical training and internships are a core part of the curriculum, with EEU collaborating with leading hospitals and healthcare institutions to provide hands-on experience in diverse medical specialties. Students have access to modern laboratories, simulation centers, and state-of-the-art medical equipment, ensuring a strong foundation in both the theoretical and practical aspects of medicine.

www.svoerseasedu.com

EEU follows a student-centered learning approach, incorporating interactive teaching methods, case-based studies, and group discussions to develop critical thinking and decision-making skills. With international partnerships and exchange programs, students also have the opportunity to gain experience at prestigious medical universities and research centers worldwide.

Additionally, the program is designed to prepare students for global medical licensing exams such as USMLE, PLAB, and others, helping them secure placements in top residency programs across different countries.

At EEU, we are committed to shaping the next generation of skilled, compassionate, and globally competent doctors. With a world-class curriculum, top-tier faculty, exceptional infrastructure, and strong international collaborations, EEU provides an outstanding environment for future medical professionals. Join our MD program and take the first step toward a rewarding career in medicine!

Why Choose MD Program in East European University ?

1. International Recognition:

EEU's MD degree is accredited and recognized by leading medical organizations such as WHO, WFME, FAIMER, ECFMG, and MCI/NMC, enabling students to pursue medical licensure and practice in multiple countries, including the USA, UK, India, Canada, and beyond.

5. Advanced Learning Facility:

Modern Anatomy labs, stimulation centers and smart class rooms, provides student with hands on training using the latest medical technologies.

2. Experienced Academic Staff:

Learn from highly qualified and experienced faculty members dedicated to providing the best education.

3. International Exchange Programs:

Opportunities to participate in exchange programs and double degree options with prestigious British and other European universities.

6. University-Owned Teaching Hospital-Open Heart Hospital:

EEU provides students with hands-on clinical experience at its very own Open Heart Hospital, a modern medical facility equipped with advanced technology.

7. Pathway to USMLE & PLAB:

Our curriculum aligns with global medical licensing exams like USMLE, PLAB, and FMGE, ensuring students are well-prepared to practice medicine worldwide.

4. Global Clinical Exposure:

Through our international hospital partnerships, students have opportunities for clinical rotations and internships in Europe and other global destinations, gaining practical experience in diverse healthcare systems.

8. Multi-Cultural Campus:

With students from across the world, EEU fosters a vibrant, multicultural learning environment, preparing future doctors to work in international healthcare settings.

UNIVERSITY HOSPITAL

UNIVERSITY HOSPITAL- OPEN HEART

Open Heart Hospital is a state-of-the-art medical facility that serves as a premier center for clinical training and healthcare services. Equipped with modern technology, advanced medical infrastructure, and highly experienced healthcare professionals, the hospital provides students with hands-on clinical exposure and practical learning opportunities in real-world medical settings.

As an affiliated teaching hospital, it plays a crucial role in medical education, research, and patient care, ensuring that students gain practical skills, clinical expertise, and a deeper understanding of patient management. With a strong focus on innovative treatment approaches and high-quality healthcare, Open Heart Hospital stands as a leading institution in medical training and professional development, bridging the gap between academic learning and clinical practice.

HANDS-ON TRAINING & CLINICAL EXPERIENCE FOR MEDICAL STUDENTS

By engaging in diverse medical environments, from surgical units to emergency care and internal medicine, EEU students gain comprehensive training that prepares them for global medical careers. The university's strong partnerships with renowned hospitals and healthcare centers provide access to cutting-edge research, advanced treatment methodologies, and international clinical standards, making our graduates highly competent and globally competitive medical professionals.

Library

Library is a structural unit of the University, which provides all kinds of personnel and students with modern books, as a kind of electronic and digital media resources. An important part of the Library resources are electronic library, which includes the literature provided by training program. The Fund is registered in the Electronic catalog. There are more than 9500 books and digital entries in the library. EEU library is open every day except Sunday:

Monday-Friday – 10:00 am to 19:00 pm;

Saturday – 10:00 am to 16:00 pm

Comfortable Living in Tbilisi – Your Home Away from Home!

Finding the perfect place to live is an essential part of your student journey, and at East European University (EEU), we ensure that you feel at home in Tbilisi from day one!

While EEU does not provide on-campus accommodation, we offer dedicated support in finding safe, comfortable, and affordable housing close to the university. Our team assists international students in securing shared flats near campus, ensuring convenience, security, and a welcoming environment.

Students can enjoy an affordable lifestyle while experiencing the vibrant culture of Georgia's capital city. Whether you prefer a cozy apartment or a shared living space with fellow students, we help you find the best option that suits your needs.

At EEU, we believe that your academic success begins with a comfortable and hassle-free living experience. Let us guide you in making Tbilisi your new home!

For accommodation assistance, reach out to our support team today!

University also offers transportation service on arrival from the Tbilisi International Airport to the student's accommodation.
