THE GOD OF MIRACLES

God is a God of miracles. The realm of miracles, signs and wonders is His normal. Within that realm of miracles, He sees things differently than we do, He does things different from us, He talks different from us and acts different from us.

The Bible is a book of miracles. A book of healing, raising of the dead, the sun standing still, the seas parting, walking on water, multiplication of food, turning water into wine, huge armies running away, armies being defeated by only a few men, the walls of fortified cities falling down when God's people walked around it and shouted, giants being killed by young boys, the laws of physics being suspended when heavy axe heads floated, hungry lions doing no harm to God's man thrown into their den, flames of a furnace not burning up God's servants who just walked around in the midst of the flames and emerged not only not being burned but not even smelling like smoke.

The birth of Jesus was a miracle, He went about performing miracles of healing and raising the dead to life. His death was a miracle. His resurrection and ascension to heaven were miracles. After His death, He appeared to hundreds of people, walked through walls, suddenly appearing in the midst of locked rooms. His disciples also performed miracles, they still perform miracles today. The Bible is a

book of miracles and is unlike any other book. It is full of hundreds of prophecies that foretell the future. Hundreds of the prophecies of the Bible have already been fulfilled. Many more are unfolding around us right now. It tells us what will happen to our world, it tells us what will happen to us and others around us. It tells us about God's Kingdom coming to the earth and God's King who will rule the earth.

When we become born again by asking Jesus to come into our hearts, we become a miracle. We change from a state of spiritual death to spiritual life. At the fall of man, Adam who was created spiritually alive with ability to walk and talk with God, was deceived by satan to trade that ability for the knowledge of good and evil and evil entered the previously perfect world. But because of what Jesus did on the cross we now have the original capabilities that God intends for us to have so we can be restored. He actually puts His Spirit into us. So that makes us supernatural like our Father.

Becoming born again is not just living a better life, not just going to heaven someday. It is walking life Jesus walked, in a realm of healing. In a realm of the impossible becoming possible. In a realm of hearing His voice, in a realm of the Holy Spirit revealing to us who we really are through His Word. The Bible is a supernatural book and every word in it is intentional and is there for a reason. Read it with expectation for the God of miracles to speak to you. Speak to Him with expectation for Him to answer and to show you His purpose for your life.
