

The a22a Advantage: A Superior Alternative to DJI and Autel

STAR Series

The Consumer Legal Standard

Outperforms DJI Air 3S and Autel EVO Lite+

40-Minute Silicon-Anode Battery. Exceeds flight time of DJI Air 3S

Immune to 2027 Firmware Blocks

Only drone in this class safe from the 2027 firmware block, making it the essential choice for new Part 107 creators.

Price Comparison (Prosumer Drones)

Brand	Model	Approx. Price
 a22a	Star	\$1,000
 DJI	Air3S	\$1,099
 Autel	EVO Lite+	\$1,199

SCOUT Series

The B2B Lifeboat

55-Minute Flight Endurance

Provides 10 minutes more flight time than DJI Mavic 3 Enterprise

100% Domestic AES-256 Encryption

Ensures all data and BK imaging remain secure and domestic; built as an instant replacement for grounded police fleets.

B2B Enterprise Tier Performance Gap

Brand	Model	Price Range	Top Feature
 a22a	Scout	~\$3,500	Sovereign Operations
 DJI	Mavic 3 Enterprise	\$3,500 - \$4,500	45m Endurance
 Autel	EVO II Pro Ent. V3	\$3,000 - \$3,500	V3 Hardware

RANGER Series

The Unrestricted Tactical Platform

Matches Matrice 350 RTK Payload Capacity

Native BVLOS 5G/LTE Streaming

Supports heavy-duty multi-payload operations similar to DJI Matrice 350 but without the "closed ecosystem" limitations.

Allows for Beyond Visual Line of Sight (BVLOS) streaming without routing critical infrastructure data through foreign servers.

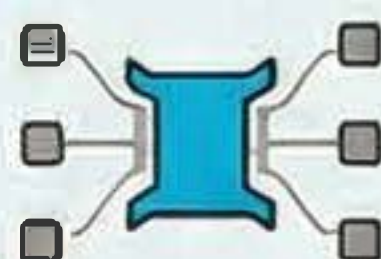

Tactical Tier Price & Platform Parity

Brand	Model	Approx. Price	Connectivity
 a22a	Ranger	~\$20,000	Native 5G/LTE (Domestic)
 DJI	Matrice 350 RTK	\$20,000+	Loaded w/ H39T/L2
 Autel	Alpha	\$19,000+	Tactical Platform

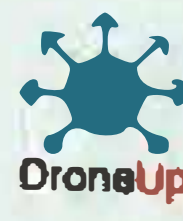

TITAN L Series

The Logistical Node

Open-Architecture Payload Bays

VS

DronsUp Replacement

Built specifically for U.S. Drone as a Service (DaaS) operations with flexible payload options; unlike the closed FlyCart ecosystem.

Designed as a logistical node for delivery operations; avoids the "ecosystem trap" of international competitors.

Delivery and Logistics Flagship Distinctions

Brand	Model	Approx. Price	Ecosystem Type
 a22a	Titan L	\$85,000	Mission Flexibility
 DJI	FlyCart 30	Varies (Base+Winch)	Closed Ecosystem
 Autel	Titan	Full Delivery Node	Integrated Delivery
