Location: : Ascent Lounge, 10 Columbus Circle, 4th Floor, NYC

Dress-code: At your comfort level

About: The strength of an enterprise is always as sustainable as the people-strategy. The Future of Employee Experience will unpack and rebuild areas where we are seeing a need to challenge previous models relating to the EX, Culture, and O.D.

Every guest is attracted by word-of-mouth and every speaker is hand-picked to drive an energetic session filled with candid conversation and punchy, real, actionable take-aways. Each moment is peer-led and formality-free.

Our focus together is simply to achieve high quality additions to network and knowledge capital in an environment and agenda designed to take you on a journey of practical professional development.
