## A Message from your District Directors

**Joe & Debbie Gattenby**

Your new District staff is in place and ready to go to work. We're aware that we have big shoes to fill and we'll do our best to do so. Our focus will be to continue the fun, increase the retention of our current members and recruit new members to this fantastic association. There is a large number of members in our District that are not taking advantage of our terrific Chapter life. Debbie and I encourage giving it a try. We have fantastic Chapters, try one, if it doesn't fit, try another. We know you will have fun on their rides and at the many events.

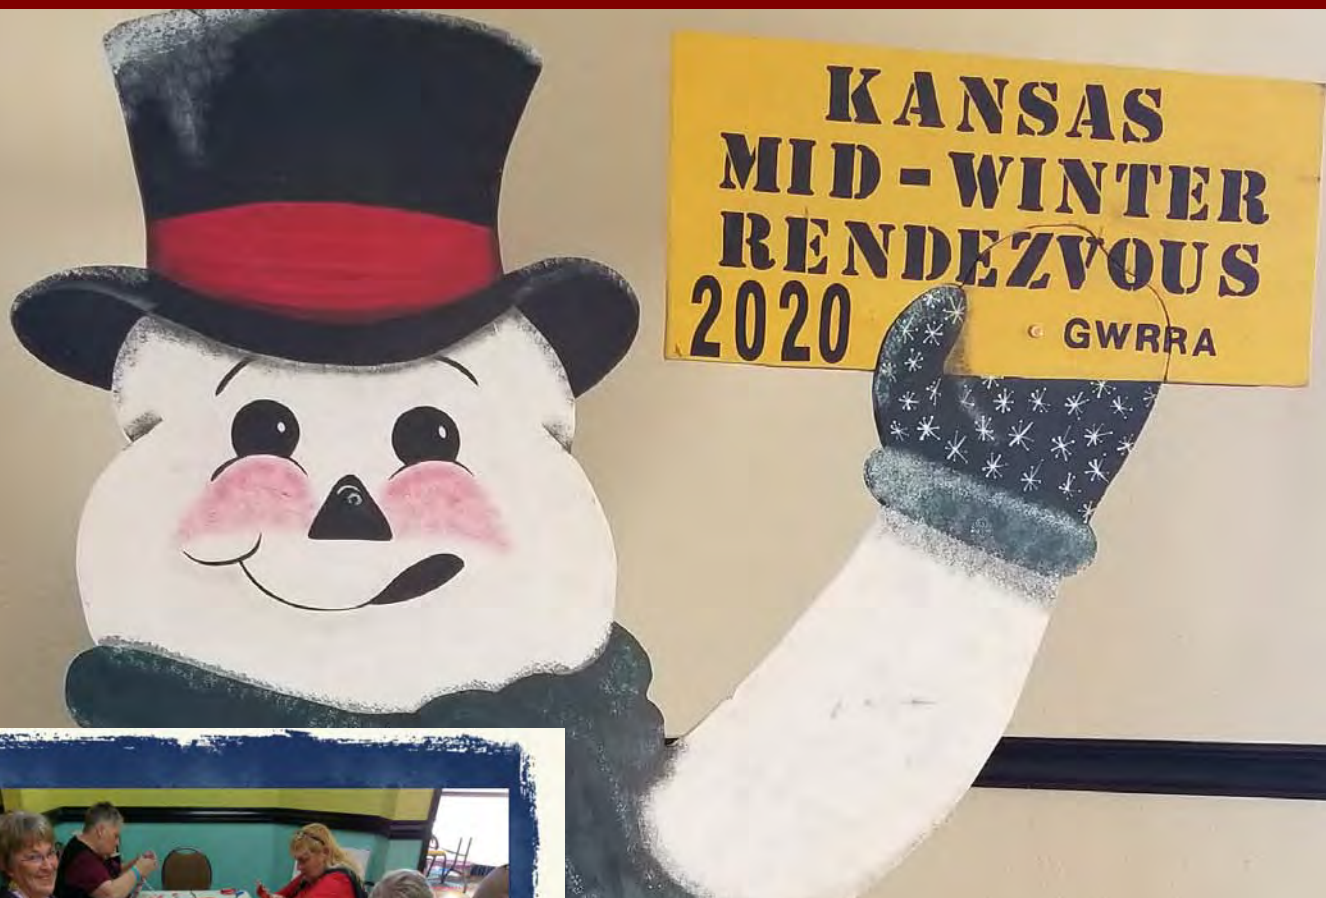

We also urge Chapter members to visit other Chapters' meetings, rides and events. I guarantee they will welcome you and you will enjoy the visit. Debbie and I have visited three or four a month for several years and always have a great time, even though I haven't been doing so good at 50/50 lately. It's exciting for us to share our love of riding and everything associated with such wonderful friends.

Midwinter was a hoot! What a fun group we belong to! Many thanks to all who attended. Friday's weather wasn't much to brag about, but we got set up and started any way. We now have three new Chapter Directors: Gary and Reba Ohler from Chapter B, Rick and Brenda Kistler from Chapter F, and Don and Jan Schroeder from Chapter H. I know they'll do great things for their Chapters. There was certainly a lot of fun to be had, from games to a brand new co-rider seminar, and Jack Kistler even gave a few of us "Table Dancing" lessons. I'm sure everything will be discussed at your respective Chapter meetings, so I won't get into any details here, other than to say the pizza lunch was outstanding! Thank you Bill and Sarah for the pizza and everything else you have done.

From the two of us to all of you, thank you for being who you are.

We hope to see you soon.

## FROM YOUR RIDER EDUCATOR FEBRUARY 2020

Another Mid-Winter is in the books. We had a nice time in Arkansas City. The attendance was down a little but the people that were there had a good time. Thanks to Joe and Debbie and the staff for setting it up.

On Saturday morning during opening ceremonies I had the pleasure of presenting some Levels Program awards. Join me in congratulating Sharron Webster from Chapter F and Barbara Brown from Chapter A on receiving their Level IV, Master Tour Rider, patches.

Senior Master Tour Rider awards were presented to Dennis and Kathy Chesnut from Chapter P for being Level IV Master Tour Riders for 5 years. Joe Gattenby from Chapter A was awarded Life Grand Master award for being a Level IV Master Tour Rider for 15 years. In January Debbie Gattenby from Chapter A was awarded Grand Master Tour Rider for being Level IV for 10 years.

If you are currently a Level IV Master Tour Rider and curious if you are eligible for the Master recognition Program check your status in the Rider Education Database or contact me and we can verify if you are eligible and start the paperwork to get you the proper recognition.

**Intersections are dangerous. The reason drivers collide with motorcycles is because they either don't see us or they misjudge our approach speed or distance. Here are some tips to help you become more visible at intersections.**

**1. DON'T HIDE.** Select lane positions that put you in open view so drivers can see you. This means not tailgating the car or truck in front and riding in the left or right portion of your lane to make sure drivers waiting to turn into or across your lane can clearly see you.

**2. MOVE WITHIN YOUR LANE.** Even if you are in plain sight, don't assume drivers see you. People see what they expect to see and a motorcycle may not register in their consciousness, even if they are looking at you. Another reason drivers can look at you but not "see" you is because of "motion-induced blindness" where stationary objects disappear when surrounded by a moving background, such as busy traffic. Realize that you appear stationary if you approach a driver straight on. Even if drivers do see you they may not be able to accurately judge closing speed and approach distance because of your bikes relatively narrow frontal area. One trick is to move across your lane as you approach drivers at intersections to visually "present" the broader side area of your bike. For a more dramatic display, weave back and forth in your lane to "sweep" your headlight across drivers' field of view. You don't need to go crazy; swerving a few feet left and right a couple of times should do the trick. And weave only if it's safe to do so.

**3. BE BRIGHT.** It's smart to wear brightly colored riding gear that gets attention and separates you from the busy background. This includes wearing a light-colored helmet and jacket or vest, as well as putting reflective material on your bike and riding gear for being seen in low light situations.

**4. DON'T RELY ON NOISE.** While loud pipes get attention, sound is not reliable for telling drivers exactly where you are. Not only that, but loud pipes direct most of the exhaust noise rearward rather than forward where the majority of dangers materialize. Selective use of an aftermarket horn is as effective and a lot less annoying to others.

**5. BE READY.** Even after using these measures you will likely encounter drivers who invade your right of way. Being mentally ready makes you more likely to approach cautiously and respond skillfully when someone cuts you off. Being ready means actively looking for trouble, slowing down and covering your brakes before approaching intersections even when everything looks to be in order.

Have a safe February and we hope to see you at a Chapter Meeting or Dinner Ride sometime soon.

Hello fellow riders

Can you believe it is February already? It seems to have gotten here pretty quickly but that could be because we did a lot of activities in January, even with the snow, ice and cold wind. But we had a lot of nice weather also, starting with January 1<sup>st</sup> when Chapter A did the annual ride & bean dinner. We started out @ 47<sup>th</sup> & Broadway and we had enough bikers show up to have 2 groups. I'm not sure how many miles we traveled but it was a great ride and we should all thank our Road Capt. Grooms for leading us on this wonderful ride.

Following the ride we were supposed to go to Joe & Debbie Gattenby's for dinner but they developed plumbing issues so a last minute switch was made to Chris & Michelle Groom's large garage for beans, cornbread and other assorted goodies

Our Chapter meeting was on January 9<sup>th</sup> and as always it was good time to get together to talk about our ride and discuss what is coming up in the future. And at this meeting Debbie got her pin/patch for reaching the masters level!

So now we reach the weekend of Mid-Winter. It started on the 17<sup>th</sup> and went through the 18<sup>th</sup>. There were fun & games for everyone. There was even a Co-Rider class that was so full they had to keep bringing in chairs.

Want to thank Ann Whithorn for leading the line dancing

If that wasn't enough dancing for you, Bill & Sheila Tucker did the dessert dance.

And as always there was plenty of desserts for everyone whose number got called. Isn't that correct Jack Kistler (how many did you end up winning?)

Debbie Gattenby & Michelle Grooms did a great job on the crafts, and everyone who participated had a great time and walked away with a cool Valentine heart.

At Closing, Joe received his Senior Master Patch and Barb Brown receive a patch for reaching Level 4

Joe & Debbie became the District COY for 2020!

And then Jack Kistler won the COY basket...not sure what was in it but it was big and it was heavy !

I'm not sure why Chapter A doesn't have a chapter "Couple of the Year" this year , but Bob Davis was again named "Individual of the Year" for Chapter A

Also want to say thank you to Jack Schoeck who kept everyone supplied with popcorn.

The biggest THANK YOU goes out to our District Staff for putting on a great party and I hope that everyone comes back to next year's Mid-Winter Rendezvous.

After all of this, the rest of January was pretty quiet... So what's coming up in February?

12<sup>th</sup> Diana Ferris Birthday

13<sup>th</sup> is our Chapter meeting @ the County Café @ 2804 South Seneca. The meeting starts @ 7:00 but please come early for a meal and to have plenty of time to visit with the other members

Most of the pictures you see in this article were sent to me by Debbie Gattenby and Larry Mazur...mostly because they are way better at remembering they have a camera than I am so Thank You to them both for their help in making this newsletter possible.

That's all I know for now so until the next time,  
Remember to ride them not hide them (weather permitting)

### Chapter Couple of the Year

Mick Schurer & Leslie Thompson

2020 began with a polar bear lunch run for Chapter B. Led by Mick Schurer, thirteen bikes left DeSoto on January 1 and headed to Wayne and Larry's in Lawrence. Always a great place to eat, twenty-four members and friends gathered to enjoy the lunch specials and other good food. The conversations were lively as many admitted to going to bed on New Year's Eve prior to midnight. It was a wonderful way to start the new year.

Gary Ohler led his first monthly meeting on January 16 as the new director of Chapter B. With Reba at his side, he did a great job. Chapter B thanked Joe Magnant for his leadership the past three years.

The history of candles was the topic of the trivia at the monthly meeting. There is no general agreement about which civilization invented the candle; Egyptians (3000 BC), Romans (500 BC), or Chinese (200 BC). These different opinions come about primarily because ancient sources often do not give detailed descriptions of what is considered a "true candle". The early Egyptian "candles" may have been just reeds dipped in wax or fat without a wick.

It is known that candles were not popular in ancient Greece and the Middle East due to the availability of olive oil. A clay lamp could be filled with oil and a wick inserted. It could be reused and was much less expensive than candles. Candles also have a tie-in to the new year as legend says if you light a bayberry candle on New Year's Eve and let it burn all the way down, you will enjoy prosperity throughout the coming year.

Gary, Reba, Dave and I traveled to Arkansas City for the Mid-Winter Rendezvous. It was an enjoyable time of seeing and visiting with friends. We enjoyed playing BINGO and baseball and went to the Co-Rider Seminar. It is always good to review safe riding and ways we, as co-riders, can assist our "drivers". Rick Stevens did an excellent job presenting the information. Many door prizes came home with all of us and Gary won money in the 50/50. Yeah Gary!

Joe Magnant arranged for the group to enjoy breakfast at JT's in DeSoto on January 25. Following breakfast, sixteen people discussed plans for the 2020 riding year. Some dates are already on the calendar and others will be announced as plans are finalized. Monthly meetings will continue to be held on the third Thursday of the month at JT's in DeSoto, but monthly dinner rides may vary depending on the ride leader. Announcements about rides and activities will be made through Groupworks as well as email blasts. Check the upcoming dates listed each month and join us for some fun.

Since our weather has been much less than nice, our motorcycles have been lonely. I'm sure everyone is just waiting for the day we all can climb on our two/three wheelers and feel the nice breeze and warm sunshine. It will get here. We just have to be patient. I know that is hard for some.

Our New Year's Day ride to Red Robin was a success. There were 3 trikes in the parking lot (which is awesome!) Others came in their car. We had a great turnout with 19 people. Our New Year's Day ride has been a big hit for our Chapter. We always have a good turnout. Great food, great conversations and great fun were had by all.

Our monthly Chapter meeting was held on January 21<sup>st</sup> with 16 members attending. Bill gave us the safety tip of making sure we do our t-clock checks before starting the riding season. Bill and Margaret won the large 50/50 and Jeff and Louise won the small one.

On another note, I have to mention that my Uncle Vinson turned 101 on January 19th. He still lives in his own home/house in Wamego. He takes care of the housework, cooking and mowing his lawn. He has a shop in his basement where he works on mowers, weed eaters, vacuum cleaners, etc. Whatever comes across his path. He is amazing! John and I are so proud of him. We get up to see him quite often and he is always happy when we bring him food so he doesn't have to cook.

Greetings to all from Kansas Chapter F!

Hope all of you are having a wonderful start to the New Year.

The January meeting was called to order by the new Chapter Director, Rick Kistler. We had 7 members present. The weather outside was snowy which was responsible for the number being down for our meeting.

The Chapter Couple of the Year is John and Karen Glaves. The Individual of the Year is Sharon Webster. Congratulations to all of them! I am sure they will do a great job!

There was no 50/50 drawing this month.

The Birthdays and Anniversaries for February are as follows:

Birthdays: February 3 – Carol Chastain  
February 10 – John Glaves  
February 18 - Virginia Baird

The meeting was closed early due to the weather outside and to give all members present time to get home before the roads got too bad.

Hopefully there will be more information next month and the weather will be better!!

## A Message from your KS-H Chapter Directors

The days are already getting longer, which means winter will be on the way out. But not soon enough!

The Mid-Winter Rendezvous in Arkansas City was great fun. Chapter H had good representation and took home 3 of the 4 Baseball trophies! Thanks to everyone who was there to partake in the food, conversation, and events.

Looking forward, February 2nd is the Super Bowl. Our home is open to anyone who wants to join us in the basement at 5pm. 708 Charles St., Hesston. Bring a snack and your own beverage of choice. We will order pizza for half-time. I hope the basement is big enough!

The next meeting is February 8th. Dan Erb will be there to talk maintenance on Goldwing motorcycles. There will be time for questions at the end, and Dan will do his best to answer those as he has many years of experience working on Goldwings.

There are several events coming up so be sure to **look at the calendar in this newsletter.**

➤ Chapter H is hosting a **Medic First Aid (MFA)** class on March 14, 9am-4pm at the King Park Shelter House in Hesston. Knowing what to do in an emergency can save a life. If you have not taken the course in the last 2 years, please consider updating your first aid skills now. Details are on the calendar page.

➤ A motorcycle **Maintenance Day** at Don's shop in Hesston in April. (date: TBD). Although some details need to be worked out, you will be able to pre-order tires from Dan's Cycle. Come early to Maintenance Day, get help taking off the wheel/tire, and get it back on the same day.

Remember....it's the members that make the Chapter, and Chapter H members are **THE BEST**. That is why Jan and I are looking forward to a great year for Chapter H!

**FIRST RIDE OF THE NEW DECADE!  
JANUARY 1, 2020:**

Temps in the upper 50's by mid afternoon made for some nice New Year's Day riding for Chapter A's annual Polar Bear "Ride the Temp", which means meet at 1pm. and ride the number of miles equal to the degrees on the thermometer. This year about 55 miles. Don and Jan Schroeder, and our new member, Steve Clayton from Moundridge joined in for a pleasant ride around lake Afton. By helmet time there were 10 bikes and 1 trike. We are told this was is a little bigger group than some years.

## Kansas Chapter “Q” February 2020 Newsletter

**HAPPY NEW YEAR EVERYONE!!** Just thought I should say this since I managed not to get a newsletter in last month, sorry everyone, I'll do better.

We hope that everyone enjoyed the Mid-Winter Rendezvous; our District staff did a good job once again this year. We would like to welcome all of the new staff for this year, not only District but also the new Chapter Directors, best of luck to all of you. A big Thank you to Bill & Sarah Watts and their staff for a job well done these last few years and a Big Welcome to Joe & Deb Gattenby as our new District Directors.

Jack and I presented Judy Eggleston with a beautiful clock (made by Rick Kistler) and gift card for all of her years as our MEC. She has done a wonderful job and we're sure she will continue until she's ready to pass it on to someone else.

**THANK YOU VERY MUCH JUDY!!!**

This years Couple of the Year basket was won by yours truly, Jack Kistler, imagine that! It was filled with variety stuff, still trying to sort through all of it.

We all also enjoyed a Pizza Buffet lunch on Saturday, courtesy of Bill & Sarah Watts. The only problem was some people must not have eaten enough, so we just had to bring some home!

We hope to see you at our next meeting, Thursday February 6<sup>th</sup> at Boss Hogs BBQ in Winfield; we eat at 6 and meeting at 7.

Until the next time,

Teresa Kistler

KSQ Sr. Chapter Director and Newsletter Editor.

## **Why should you call Law Tigers?**

We get it. Most people don't want to involve a lawyer when they get hit on the road. Maybe the damage wasn't that bad, and you feel fine.

Here's the reality...

Without representation, there are no guarantees that you'll get a fair shake.

Hospitals, medical providers, and insurance companies fight to make a profit from the worst day of your life. Without the right motorcycle lawyer on your side you will be the only loser in that fight.

## **What Law Tigers Motorcycle Accident Attorneys do for their Clients**

At Law Tigers, our main focus is to assist in the prevention of motorcycle accidents, and to promote motorcycle safety. However, when accidents do occur, a Law Tigers motorcycle accident attorney is there to assist you. Available for free consultations (at our office, hospital, or your home), we provide clients with aggressive, experienced representation. As motorcyclists ourselves, we understand the challenges that you are going through and are prepared to assist you every step of the way. Because we are committed to helping our fellow motorcycle riders, we work on a contingency basis. There are no up-front charges, and our motorcycle accident attorney will only receive legal fees upon conclusion of your motorcycle accident case.

## **Motorcycle Accident Representation: It's the only thing we do**

If you have been injured as the result of another motorist's reckless, negligent, or careless driving, you may be entitled to compensation for any damages you suffer. A Law Tigers motorcycle accident attorney can help you get your life back on track and help you obtain the maximum settlement possible.

[Find a motorcycle accident attorney near you](#) or call Law Tigers, toll-free, at 1-888-863-7216. Our lawyers are available — 24 hours a day, 7 days a week.

## **How much does it cost to have Law tigers represent you?**

Every attorney-client relationship with our personal injury lawyers begins with a free consultation. Once we have evaluated your motorcycle injury case and determined it is viable, we charge no fee. That means clients do not pay attorney fees unless we obtain compensation on their claim, either through a settlement or a trial.

### RACKUP TRAILERS

Manufactured 100% in Tennessee, we make and sale new and pre-owned trailers for motorcycle, ATV, Razor, Jeep, Mini-Cooper, Smart Car, and other vehicles.

RackUp trailers is your premier source for motorcycle, utility vehicle, and small vehicle trailers. Why choose Rack Up? Rack Up trailers were designed by people who use them. Tracing our roots over a decade ago, we quickly noticed that the trailers on the market had suspension issues causing the trailer to bounce and handle poorly. We also noticed most trailers were set at a price point that were not feasible for a single transaction.

We set out to change that. First we worked with the suspension and developed an adjustable air suspension that does not bounce. Second we worked on the price point. Our approach allowed us to save money but also allows you to build your trailer buying the options you want as you go. Our experience on the road combined with our engineering and machining specialties allowed us to make a trailer far superior to any on the market today. We are confident that our trailer rises far to the top among the competition.
