## A Message from your 2019 District Directors

**Bill & Sarah Watts**

Greetings G.W.R.R.A. Family,

We do hope all of you and your families had wonderful holidays and were all able to enjoy time spent with loved ones and making new memories. Sarah and I had a wonderful time with all of our children and grandchildren and, of course, Grandpa always gets told I spoil the grandchildren way to much, but I bet I keep doing it.

This is our final newsletter article as District Directors. It's hard to believe how fast three years have gone by. Sarah and I are stepping aside. It's been FUN, it's been educational and it has been a lot of work. Now, more so than ever, I believe in the old phrase *"Never criticize someone for the job they are doing until you have walked in the same shoes"*. We found ourselves having to wear many different hats and have seen many changes within the organizational structure as well as have most of you. The intention of change is to improve the overall health of any organization and, trust me folks, it is much easier to embrace and give change a chance instead of resisting it.

As we speak of change, the Kansas District Team will be undergoing just that at the 2020 Mid-Winter Rendezvous as Joe and Debbie Gattenby will be sworn in as your new District Directors. As far as the people rounding out the new District Team, we will let Joe and Debbie make those introductions. We would simply ask that each of you give them as much support as you have given to Sarah and I. We look forward to seeing all of you at the Mid-Winter Rendezvous in Arkansas City, Kansas to welcome your new team as well as the new District Couple of the Year and the new Chapter Couples for 2020.

Sarah and I are not going anywhere but we do have a very busy year ahead of us with the wedding of our youngest son, spending more time at our lake retreat, and chasing grandkids to recreational activities. I might even learn how to sit still long enough to enjoy doing some fishing... but the jury is still out on that one.

Wishing all of you a great New Year!  
Bill and Sarah Watts,  
Kansas District Directors

## FROM YOUR RIDER EDUCATOR JANUARY 2020

I hope everyone had a great Holiday Season and enjoyed a good time with friends and family. 2020 will be bringing some changes to the Kansas District Staff. Please work with everyone to make the changes work smoothly.

This month we will be having the Mid-Winter Rendezvous in Arkansas City, KS on January 17 – 18. Rider Ed will be conducting a Co-Rider Seminar this year. This seminar will allow the co-riders to keep their Levels training current. This Co-Rider Seminar is a new version that has not been presented in Kansas yet. Join me in attending this seminar and let's see what is new. Just because it is called the "Co-Rider" seminar does not mean that it will not be helpful for riders. Please join your co-rider in attending and see what we are teaching them.

On the Education side of things here is some interesting information that I was able to come up with.

## **TOPIC: Why Should I Take a Rider Course?**

This question is one that many of us find easy to answer. What we may not understand is why anyone would need to ask it. There are some riders in each of our Chapters that choose not to participate in an instructed Rider Course. Let's examine this and try to understand why, and look at what a Rider Course can do for you.

Some may say, "I've been riding for years. I don't need to take a class." Others will boast about the miles they have accumulated on two or three wheels and ask "what can they teach me?" Have you ever tried to persuade someone with that attitude that a Rider Course might help them be an even better rider? Their position can be so negative and so strongly put that you don't want to talk to them about the benefits of rider training. Sometimes, people hide their self-doubt behind a curtain of confidence and bluster. Is it possible to have all the knowledge and skill necessary to avoid any accident? Well, if one chooses not to ride very far or very often, then perhaps it is possible. But I wouldn't want to bet my life on it!

Do you remember a single season in your riding career without at least one close call or near miss due to another motorist's driving behavior? How about a single month? If you ride around the state or across the country, you expose yourself to many different situations that require anticipation of all the possible actions of other drivers. You have to be prepared to counter with the proper response – whatever their action – and do it in a split second! A motorcycle Rider Course helps to prepare you mentally and physically to execute the kinds of maneuvers called for by a driver's unexpected actions. We look upon these classes as an opportunity to learn and improve our riding skills in a safe environment.

The instructors are trained to spot the little techniques during range exercises that riders tend to forget to employ on the road. They provide reminders to all students in a positive manner. Their trained eyes and constructive comments are geared to put each of us on the path to being the safest riders we can be. This can help with your attitude and performance on the road. Being reminded of the best techniques to execute different skills does not hurt at all. It is painless. The practice and coaching helps to improve our skills, whether we never knew the technique to use, or just need the occasional reminder. Hey, who doesn't appreciate a reminder from time to time? Especially when it is about something you want to do correctly and safely, but may have just forgotten the best method.

In athletic training we are taught that practice makes perfect. We know from past training that Practice Makes Permanent. And when you practice something you enjoy doing, it's just a lot of fun! Practicing motorcycle riding maneuvers in a closed parking lot with someone else (the instructors) monitoring the range to protect the riders from outside hazards helps you focus your attention on the task at hand – becoming a better rider!

On another level, taking a Rider Course will help you qualify for advancement in the Rider Education Levels Program, to Level II or above, or keep you current in your present level. And there is one more thing to remember about all GWRRA Rider Course offerings. Nobody fails! Everyone who completes the course receives a course completion card. There are no minimum performance requirements. You are asked to push yourself to improve your abilities. You won't get better at it if you don't try. Sign up for a Rider Course today. You will thank yourself later!

We will be publishing the dates of our upcoming Rider Courses in the very near future. We are planning on taking some courses on the road to different locations. Keep your eyes on emails and the District Web Site for those announcements.

Here is to a great New Year!

Hello Fellow Riders!

The old year is over and a new one is beginning. So before we start 2020 off, let's talk about some of what went on in December of 2019.

The 1<sup>st</sup> event that happened was on the 5<sup>th</sup> when the City of Newton has their annual Christmas parade. Steve & Terri Bockhaus hosted a little dinner where they provide the chili and a place to decorate your bike for the parade. I've looked and I don't have any information on this so you will have to talk to Terri or Steve to see how many bikes were in the parade, how they looked and how dinner went.

A few days after this was the Christmas party put on by Chapters F and P on the 7<sup>th</sup> up in Cassoday and it was a very fun time. I know that a few of us from Chapter A attended but sadly I must report that although I carry a camera in my pocket at all times I never think to pull it out to take pictures. Just know the food was great, the games were great and watching some of the guys trying to hang on to a set of tools was the best part of the day. Remember this and come enjoy the party next December.

We had our monthly Chapter A meeting on the 12<sup>th</sup> at the County Café on S. Seneca and although the crowd wasn't as big as it is normally, it was still fun and all the families walked away with a gift Michelle Grooms & Debbie Gattenby made for us...and it will be good to snack on if/when we get stuck in the house because we get all that snow that they tell us we should get each year.

On the 12<sup>th</sup> a few GWers went to Cowtown to the Victorian Christmas.

Here's what Debbie Gattenby had to say about it. "Dec 13 GWRRA visited Victorian Cowtown. Surprising, the weather was great! The store that sold cookies was popular and some tested them. Opinion was good. Hot chocolate was sampled and it was also good. The Victorian Attire was Beautiful. The young ladies caroling were darling. It's amazing the small size of homes so unlike what we know. How blessed we are they lead the way for us. We had a great time".

Then I receive this picture on the 23<sup>rd</sup> from Sharon Williams where a few GWers got together at Prairie Pines.

Well that looks like that's all we got for December now let's see what's going on during the month of January and it starts out with a ride and "bean feed" on the 1<sup>st</sup>. I hope that I will have a whole lot of information about who did what to whom...and when, where & why. Please remember even if you see me if you take pictures send them to me so I will have something to put in the newsletter.

January 9<sup>th</sup> is our Chapter meeting @ the County Café, 2804 South Seneca. The meeting starts @ 7:00 but please come early for a meal and to have plenty of time to visit with the other members

January 16<sup>th</sup> is Larry and Mary Mazur's wedding anniversary

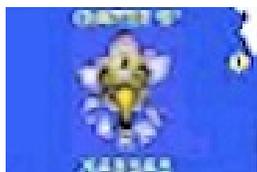

January 17<sup>th</sup> & 18<sup>th</sup> is Mid-Winter Rendezvous.  
This year it is in Arkansas City @ the Quality Inn

January 29<sup>th</sup> is Chris Grooms Birthday

That's all I know for now so until the next time,  
remember to ride them, not hide them (weather permitting)!

Thank you,

Chapter B is ready for a year of riding and adventure as we settle into 2020 and another new year.

Gary and Reba Ohler once again arranged for Chapter B's Christmas dinner at the Community National Bank meeting room in Basehor, Kansas. December 6th found thirty plus Chapter B members and friends gathered together enjoying lots of yummy food. It was a wonderful time of fellowship and even a few gifts among friends. Those lucky enough to have their ticket drawn received ornaments, towels, poinsettias, mugs of chocolate candy, and more. Diane Patton even received a new gnome buddy. Members continued the tradition of giving and donated a carload of non-perishable food items to the food pantry at the Central Nazarene Church in Lenexa. Kansas District Directors, Bill and Sarah Watts, attended the dinner and provided us with an update about the Mid-Winter Rendezvous.

It was a group of about twenty at the monthly meeting on December 19. Joe Magnant announced that he was stepping down as Chapter director and Gary and Reba Ohler would be taking his place as of January 1.

The polar bear lunch run will be led by Mick Schurer and come to Lawrence for a meal at Wayne and Larry's.

The trivia was about candy canes with two people getting nine of the ten questions correct. Candy canes were given out following the trivia to go along with the treats that Leslie Thompson brought to share. Thanks Leslie!!! Did you know that what we now call candy canes began as just straight, white sticks of sugar candy? In Germany in 1670 a choir director curved the sugar sticks into the shape of a shepherds' crook and gave them to the children to keep them quiet during the long church services. A German immigrant brought the candy cane to America in the mid 1800's. And, in the early 1900's, the red stripes were added. It was common to have one big red stripe and three little red stripes on each candy cane. The red and white stripes didn't have any deeper meaning, but religious symbolism was later added to the candy cane. More than a billion candy canes are made each year with 90% of them being sold between Thanksgiving and Christmas.

This is a busy time of year for everyone. Even though we may not be on our motorcycles, we still need to use some of the motorcycle safety rules and be aware of what is going on around us. The traffic can be crazy with all of the travelers. Even though the snow is pretty, it can make driving a little rough sometimes. So please, everyone be safe out there. Also, if you are walking, be aware of where you are walking. There may be slick spots that you can't see (especially at night).

Our Chapter Christmas party was on December 1<sup>st</sup> with 22 people in attendance. The food was great as always. We all had a great time. We didn't have quite the crowd that we normally do. Some (for some reason) didn't know about it and the weather may have also played a part in the low attendance. Thank you to all of the fabulous cooks for providing all of the swell food. A few of us attended the Christmas party in Cassoday which was also a lot of fun. No one should have left either party hungry.

John and I are happy to announce that we have a new great grandson, Caleb Richard born on November 13.

## Upcoming Events

- January 1      New Years Day Ride - Red Robin - Meet there at noon.

### HAPPY NEW YEAR FROM KANSAS CHAPTER F!

Hope everyone had a joyous and Merry Christmas. Chapter F had our Christmas Party on Saturday, December 7, 2019 and from what I observed, everyone appeared to have a good time! We had people from most of the Chapters from Kansas. The gift exchange was really fun and presents seemed to change hands frequently!! If you did not come, you missed a great time.

We would like to thank everyone who attended as your presence made our party fun and eventful. We were glad to see everyone who attended.

We did not have a “meeting” for December, but every Chapter appeared to have a party for the season. We did not get to attend many parties this year as we seemed to be busy with other things going on.

There are a lot of things going on come the first of the New Year and we are excited to share some of that with all of you. We are excited about the upcoming Mid-Winter Rendezvous January 17-18 at Arkansas City, Kansas. We hope to see all of you there and we also hope to attend other Chapter meetings. See the Kansas website for dates and times.

We hope that the New Year brings good things to all of you! We will be having our regular monthly meeting on Tuesday, January 28, 2020.

## *A Message from your KS-H Chapter Directors*

How time flies!! We are already past Christmas and 2020 is upon us. Just think, the good riding season is only a couple months away. Can't wait!

The Christmas Party December 15<sup>th</sup> was at the Royal Bar & Grill in Hutchinson. Icy roads kept several from attending, but that meant more food for the rest of us. Buggy announced his retirement and introduced us to our new mascot, Thumper. He is excited about going on rides with Chapter H members.

We are looking forward to our new location. Still the 2nd Saturday of each month, 6pm meal and 7pm meeting. Our new location is Applewood's (1515 S. Main St, S. Hutchinson, for your GPS), just south of Highway 50 and Main at South Hutchinson. They have a large meeting room available and a full menu.

January is birthday month for KS-H and we are having a party! The Chapter was officially formed in 2012, so it has already been 8 years since the beginning of the Chapter. There will be a cake and some games with prizes, so come out and join us January 11th.

Mid-Winter is always fun. This year it is January 17-18 in Arkansas City at Quality Inn. It will be a good time of fellowship with Wingers from other Chapters. Be sure to get registered if you have not already done so. If you need hotel accommodations, contact any of the hotels and mention you are with the Goldwing motorcycle group.

The Chapter H team met in October to make plans for the upcoming year. Trying to find a balance between too many and too few activities is challenging, but we are moving ahead with plans as the team had many good suggestions. See the schedule Ann included in this letter for upcoming events!

Dan from Dan's Cycle in Hesston will be joining us twice this spring. In February he has agreed to talk to us about motorcycle maintenance. Dan is something of a Goldwing specialist even though Dan's is not a Honda dealer. He has a great deal of knowledge about Goldwing bikes and will answer questions you may have.

I certainly hope you had a Merry Christmas and Happy New Year. Jan and I are looking forward to an exciting year in 2020! And we hope you plan to join us January 11<sup>th</sup>.

**Appreciate your support!**

## **Why should you call Law Tigers?**

We get it. Most people don't want to involve a lawyer when they get hit on the road. Maybe the damage wasn't that bad, and you feel fine.

Here's the reality...

Without representation, there are no guarantees that you'll get a fair shake.

Hospitals, medical providers, and insurance companies fight to make a profit from the worst day of your life. Without the right motorcycle lawyer on your side you will be the only loser in that fight.

## **What Law Tigers Motorcycle Accident Attorneys do for their Clients**

At Law Tigers, our main focus is to assist in the prevention of motorcycle accidents, and to promote motorcycle safety. However, when accidents do occur, a Law Tigers motorcycle accident attorney is there to assist you. Available for free consultations (at our office, hospital, or your home), we provide clients with aggressive, experienced representation. As motorcyclists ourselves, we understand the challenges that you are going through and are prepared to assist you every step of the way. Because we are committed to helping our fellow motorcycle riders, we work on a contingency basis. There are no up-front charges, and our motorcycle accident attorney will only receive legal fees upon conclusion of your motorcycle accident case.

## **Motorcycle Accident Representation: It's the only thing we do**

If you have been injured as the result of another motorist's reckless, negligent, or careless driving, you may be entitled to compensation for any damages you suffer. A Law Tigers motorcycle accident attorney can help you get your life back on track and help you obtain the maximum settlement possible.

[Find a motorcycle accident attorney near you](#) or call Law Tigers, toll-free, at 1-888-863-7216. Our lawyers are available — 24 hours a day, 7 days a week.

## **How much does it cost to have Law tigers represent you?**

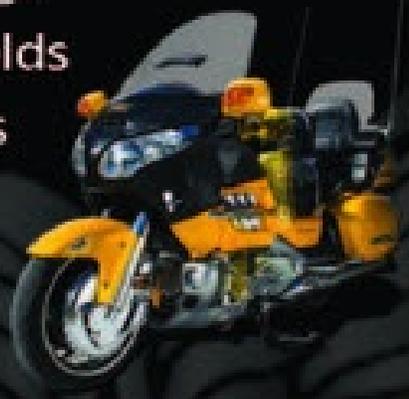

Every attorney-client relationship with our personal injury lawyers begins with a free consultation. Once we have evaluated your motorcycle injury case and determined it is viable, we charge no fee. That means clients do not pay attorney fees unless we obtain compensation on their claim, either through a settlement or a trial.

**RACKUP TRAILERS**

Manufactured 100% in Tennessee, we make and sale new and pre-owned trailers for motorcycle, ATV, Razor, Jeep, Mini-Cooper, Smart Car, and other vehicles.

RackUp trailers is your premier source for motorcycle, utility vehicle, and small vehicle trailers. Why choose Rack Up? Rack Up trailers were designed by people who use them. Tracing our roots over a decade ago, we quickly noticed that the trailers on the market had suspension issues causing the trailer to bounce and handle poorly. We also noticed most trailers were set at a price point that were not feasible for a single transaction.

We set out to change that. First we worked with the suspension and developed an adjustable air suspension that does not bounce. Second we worked on the price point. Our approach allowed us to save money but also allows you to build your trailer buying the options you want as you go. Our experience on the road combined with our engineering and machining specialties allowed us to make a trailer far superior to any on the market today. We are confident that our trailer rises far to the top among the competition.
