A Message from your District Directors

Kansas Monthly Newsletter
Region 'H'

Bill & Sarah Watts
Grand Master Riders
Bill #10040 Sarah #10039

Greetings to all of our G.W.R.R.A. Family

Sarah and I hope all is well with each of you and yours, and most of all we hope each of you are staying safe and cool with this heat Mother Nature has sent us. Let's all be patient because more seasonable temps and riding days are ahead!

As the temps will be changing so will our G.W.R.R.A. Organization. We are sure by now most or all of our members have heard about some or most of the changes taking place. Let us assure each of you that these changes are being thought out and done so very carefully at our National office. It is the intention and goals of our own National Team (Team G.W.R.R.A.) to take our Organization, to the next level and make it better for each of us the members.

Two of the most important things are FUN and FRIENDSHIP, and everything else will take place after these two. There are many details that still remain to be worked out and the date for the entire roll out is set for January 1st 2018. Each of you will see some things and functions go away and will see new programs be added. All of this is being done with what is best for all of our members approach and let us add we are in great hands in this Organization under the Leadership of our President Anita Alkire.

So we ask each of you to please be patient and we will share more information in regards to the upcoming changes as they become available to us. In the meantime if any of you have any questions or concerns please get in touch with either Sarah or myself or your Chapter Directors. We will do everything we can to try and answer your questions or concerns.

Ride Safe and Ride Often!

Hello all,

As everyone else is saying in their news articles, WOW! It is hot out there. Rides were cancelled by some chapters, but others had theirs.

I might as well throw in my two cents worth of advice when you plan to ride in the heat of the day.

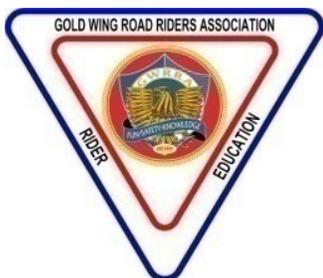

Remember to protect yourself not only by wearing garments that cover your skin but remember, your inside needs help as well.

Let's look at the outside of your bodies first. It is simple. Cover your skin. Exposed skin (usually our arms if we ATGATT) gets dried out from the sun and wind. When this occurs your body sends you a message that you need to attention to. For instance, if you become very thirsty -the first sign- you are already heading toward the dehydration path. You might feel nauseated or light-headed, maybe both. STOP! Drink a lot of water or sport drink and replace those electrolytes. Rest in the shade would be a good idea as well. Avoid ice tea (my favorite drink) as it is diuretic and will cause you to have to make pits stops more frequently. The more you go the better your chances are to become dehydrated. Alcohol drinks are out of the question.

What about the gear? Obviously, short sleeves are not what to wear. I recall when I was in the military and was assigned overseas, in the lovely desert; our orders were to NEVER roll up our sleeves. When I saw the natives there, everyone, no matter what they were doing work or play wise, were covered head to toe. That should tell us something. RIGHT???

It goes without saying (but I will anyway) that long sleeves are the thing to wear. Not long ago I read an article that said that mesh gear isn't good either, offering little protection from the wind, which as I said above, dries your skin.

If we choose to wear the correct gear it will help you retain the moister from your sweat. Obviously when we get hot we sweat and this is a step to staying cool. Wear a jacket that has vents that way you can effectively use your sweat to help cool you.

Of course there are many garments and devices to aid you in maintaining a cool body. Forget the fingerless gloves.

I'll end this discussion with a reminder: "If you aren't urinating on a regular basis, you need to drink more water or sports drink".

Your rider Ed Team will be meeting very soon to schedule our 2018 riding courses (Trike TRC-Two wheels BRC2-Two Wheeled Trailering TC and Trike Trailering TTRC).

We are offering the Trike Course R next year. That means if you have taken the Trike Course that has the class-room portion, you are eligible to enroll in the TRC-R which has no class room time.

We are still looking at having an Educational weekend before the end of the year. We are joining forces with Leadership Training to put on a fun one or one and half day for you. Some districts have their Safety weekend; we are having an Educational Retreat.

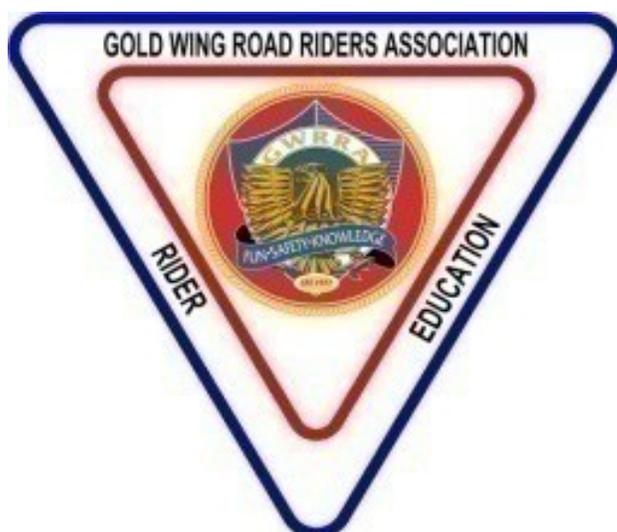

KSQ and KSP sponsored the life saving program Medic First Aid (MFA) this past month. If you would like to sponsor a class for your chapter, please contact me, not any of the instructors. I'll get it scheduled for you. Please remember that this program, MFA, is not just for people in the level program. IT IS FOR ANYONE THAT CARES ENOUGH ABOUT THEIR FAMILY AND FRIENDS TO LEARN OR REFRESH THEIR SKILL TO SAVE LIVES OR REDUCE INJURY.

I'll close now with my same old saying!

"PRACTICE MAKES PERMENANT! YOU ARE WHAT YOU PRACTICE!"

Bill & Sheila Tucker
Sr. District Educators

P.S. I didn't address the MAJOR changes that are going to occur January 1, 2018 because I'm not sure how the changes will affect Rider Education. From what little I've been privy to, the Chapter Educator position will be changing names to Chapter Ride Coordinator.

Kansas Chapters, Chapter Directors and Meeting Time & Place

You are welcome to attend any Chapter meeting and introduce yourself.
You will be welcome

Call the Chapter Director if you need more information about a Chapter activity. If you are interested in organizing a Chapter in your area, please contact BILL & SARAH WATTS, District Directors at 620-728-8347

Hello everyone...

Is it just me or do some of you agree that parts of July were just way to hot...let's hope that August is a cooler month.

At our monthly chapter meeting on the 13th and we had a pretty good turn out

Do you notice the table decorations? Each month Michelle & Debbie work hard on those and they are different each time and they give them away at the end of the meeting. It's always fun to see what they come up with. (And sometimes they are filled with chocolate J)

Our chapter educator Bob wasn't able to be there for the meeting on the 13th so our fearless leader Joe handled the teaching moment. He talked about how much weight you can/should pack onto your bike. How many of you know what the capacities are of each storage pocket on your bike without looking in your owner's manual?

Here's the information for an 1800 Gold Wing...maximum weight = 417 lbs. This will include rider, passenger (if any), all cargo & accessories. Do you know the cargo capacity of your trunk, saddlebags...etc.? Here's that information. Total of all cargo: 71 lbs

- Travel Trunk: 20 lbs
- Each saddlebag: 20 lbs
- Each fairing pocket: 4.5 lbs
- Each tank side pocket: 1.0 lbs

For those of you that ride a trike here's a little information I've found. Besides the cargo limits shown above since trikes don't have saddle bags and a large trunk has been added the cargo capacity is a little different and will depend on the make/model of trike conversion that you have.

- Max driver weight: 375 lbs
- Max combined with passenger: 500.00 lb
- Upper cargo bin: 20 lbs
- Lower cargo bin: 40 lbs
- Luggage rack: 10 lbs

I couldn't find a whole lot about pulling a trailer because the Goldwing owner's manual says that a Goldwing is not designed for pulling a trailer and their use can seriously impair your motorcycles' handling but I did find the following information

- Do not exceed 30 lbs. tongue weight (TW).
- Do not exceed 200 lbs. trailer weight (GTW).
- Load the trailer with 60 percent of the weight in front of the axle and evenly from side to side.

So on the 22nd those of you that were lucky enough to have gotten tickets to the NBC Tournament I understand it was very hot...like 107! Want to thank Ms Debbie for sending me a little bit of information and pictures

A little about the baseball night. Heard someone say the temperature was 107!! All we knew was that it was HOT!! There was an occasional breeze which helped. Even with the heat, we persevered. Some people were creative enough to bring cooling ideas with them. Lucky!

Had a great turnout and many comments that the food was great. The food options were hot dogs with grilled onions, brats and sauerkraut, BBQ, chips, and baked beans. It was an awesome evening! A baseball was hit into the unused half of the party deck and snatched up by a young man. Sorry Dave. Thank you to Dave for handling the details for the event. An super evening was enjoyed by all.

Thanks again Debbie

Here is a little bit of information on upcoming events

8-10 is our monthly chapter meeting @ the Country Café on South Seneca. Meeting starts @ 7:00 (or close to it) but come early for a meal and visits with the other members.

8-12 & 13 is Chapter A's campout at Argonia Campground

8-25 is Sharon Williams Birthday

8-29 thru 9-2 is Wingding down in Grapevine Texas...the Kansas Twisters will be performing on the 2nd so be sure to go watch and support them.

8-31 is Chris & Michelle Grooms Anniversary

9-10 is the ride to the Kansas State Fair. If you've never done this it is our chance to ride to the fair as a group and park on the fairgrounds where we get to show off our bikes to all the people passing by and maybe find someone to join GWRRA...I understand that's how we got Steve and Terri

Chris Grooms is working on plans for a fall ride to stay tuned to your local station for more information

That's all for now so until then...ride safe

The summer is going quickly and the temperatures seem to rise just as fast. July was a very hot month in Eastern Kansas, but Chapter B still found reasons to get together and ride. The Mid-Monthly Ride traveled to Whiteman Air Force Base in Missouri. This ride was coordinated and led by Mary Rose Enderle and Bogie Bogenrife. The mission of the day was to meet and greet a very upstanding and informative Air Force public service coordinator and tour guide, TSgt Robert Jennings.

Whiteman Air Force Base initially had 150 Minuteman I Missiles. The first stop on the tour was a O-1 Missile Launch Silo that was no longer in service. The group traveled underground to the missile control center, a small room for two servicemen. The next stop was at the 442nd Mission Support Fighter Wing. A tour of the hanger found the group confronting an A-10 fighter jet. The "Warhog" is a single seated aircraft with 1200 pounds of titanium armor called the bathtub. The "Hog" was mainly used for low flying combat and to support ground troops. This fighter had the ability for short take-offs and landings on any type of landing strip. It was interesting to learn about all of its abilities.

Lunch was at the Base Café allowing for a few minutes of rest, relaxation, and some air conditioning. Members of Chapter B who attended were representatives of several armed services groups, including the Army, Air Force, Marines, and Navy. It was a hot, humid ride home, but nothing compared to what our servicemen and women deal with protecting our freedoms.

The July dinner ride was led by Bill Groh on July 6. Fourteen Chapter B members enjoyed dinner at Johnny's Barbecue in Olathe. It was a fun time with lots of good food.

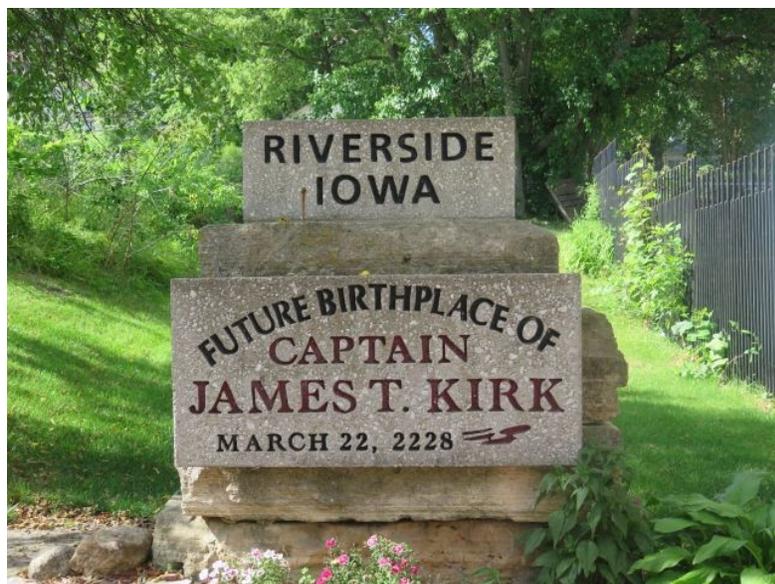

Steve Milam sent out word that the Vietnam Traveling Memorial Wall was in Paola during the middle of July. Several Chapter B members went to view it, look for names, and remember. It, like the one in Washington, D.C., lists the names of those lost in the war. It is a very moving experience to view it.

Allen and Lee Ann Robertson led an impromptu ride to Wayne and Larry's in Lawrence on July 19. Burgers and conversations were enjoyed and then the group headed off to the park for the final summer band concert. Unfortunately, due to the extreme heat, the concert was moved inside and the group headed off instead to Dairy Queen to cool off.

This year it was "Ride Around Iowa" for the sixth ride around journey. Iowa is the only state in the union that has rivers for its entire east and west borders, thus the group was "exploring the state between rivers". With twenty bikes and twenty six people it was a great trip around the state. The first day's mission was to ride to the southwest corner of Iowa near Hamburg and then east along the Honey War border to the Honey Creek Resort on Rathbun Lake, one of the largest lakes in Iowa. Sharing the road with some Amish buggies proved to be interesting and there was a beautiful sunset over the lake.

Day two found the group continuing along the border of the Des Moines River and heading southeast to the confluence of the Des Moines and the Mississippi Rivers. There was a stop along the way at the Dutchman's Store, a large Amish store in Cantril, Iowa. This store has just about anything you could possibly want including a place to sit, relax, and eat ice cream. It was then a turn to the north along the Great River Road toward Muscatine. It was a great scenic road on which to travel. A short side trip to Riverside, Iowa to locate the future birthplace of Cpt. James T. Kirk and then back on the road to Muscatine, the Pearl Button Capital of the World.

Continuing north along the Great River Road the group began day three. A stop at Antique Archaeology for a look around in Le Claire, Iowa and then more riding on the scenic Great River Road. In the afternoon, the group rode inland from Sabula to Anamosa to the National Motorcycle Museum. Many interesting barns with quilt block paintings were seen along the route. The museum had a great display of the history of motorcycling.

It was day four and the group was still traveling north on the Great River Road toward the northeast corner of the state. The first stop after lunch was at the Effigy Mounds National Monument. There were many hiking trails which some members of the group enjoyed. Then it was on to the northeast corner where two markers were found. A turn to the west took the group along the Minnesota border and more farmland.

The group continued west along the Minnesota border on the fifth day, heading toward the northwest corner of the state. There were miles and miles of cornfields, beautiful wildflowers, many red winged blackbirds, and even a sign warning of "Suicidal Deer". Fortunately, the deer were all feeling good that day and none crossed in front of the group. The tri-state marker was located in the northwest corner. It marks the boundaries of Iowa, Minnesota, and South Dakota. Then it was a turn to head south along the Big Sioux River. A trip inland to Le Mars to enjoy Blue Bunny Ice Cream for dessert rounded out the day.

Day six found the group headed toward home. The group traveled west to the Big Sioux River and then south to Sioux City where they left the border for a ride south along the Loess Hills Scenic Byway. The journey was completed when the group arrived back in Hamburg. I-29 brought the group back into Kansas and home. It was a wonderful journey of new and old friends, learning, and exploring. Rumor has it next year might be Wisconsin.

If you are interested, let someone from Chapter B know and we'll make sure you get added to the list.

Chapter B events for August:

August 3 - Dinner Ride

August 16 - MMR, Truman Home & Library

August 17 - Chapter Meeting

August 23 - T-Bones Game

August 26 - Breakfast Ride

Paula Aiken

Chapter C - Topeka

Chapter Director Don & Brenda Williams 785-341-4211	Asst Chapter Director John & Teresa Gull 785-266-6735	Treasurer Sandy Davis 785-691-7000	Chapter Editor Don Williams 785-341-4211	Chapter Couple Al & Sandy Davis
Web Master John Gull 785-266-6735	Chapter Educator Bill Hanson 620-342-4388	Chapter MEC Open		

With June starting off on such a bad note we managed to end the month on the upswing with the District Rally. Even though only two couples managed to make it to Hutchinson John & Teresa Gull managed to clean up. Teresa won \$100 in the grand prize drawing with John getting \$50 by selling the ticket. Teresa wasn't finished as she also won the Oz themed afghan. There was a good crowd and the rally was well run with plenty to keep the attendees occupied.

We took time out on Saturday morning to take the Salt Mine tour and managed to stumble onto a great place for breakfast. I'm not going to give the name out as the place is small and parking is very limited. I will give a small hint. There is a shiny pole involved with the restaurant so let your imagination be your guide.

We held our extended ride on the 8th to Weston, MO led by Rick Thompson. Thanks to me not looking at our own website or paying attention to the notice Margaret Hanson e-mailed us Brenda and I arrived at Dillion's in Topeka promptly at 8:45 and waited for the others. When they didn't show by almost 9:00 I looked at the website and found out we were an hour late. No big deal we hopped on the trike and told the GPS to take us to Weston. We arrived an hour ahead of the others. It seems like Rick was either lost or was having fun because everybody said they had been on roads they didn't know existed and that every

time there was a sign that said the direction to Weston Rick turned the other way. Brenda and I found a padded bench on Main Street in Weston and just relaxed and people watched until everybody got there. We ended up with a total of 11 people for lunch which should have just been called chicken salad day since that was what just about everybody else ate.

After our lunch we said goodbye to some of the folks that were riding in cars, because of among other things, Rita Thompson hasn't been released by her surgeon to ride yet. We headed out and Rick wanted to know if we were in a hurry to get home and since nobody was, we rode for about 20 minutes and came to a stop sign that said Weston 4 miles. Yes we turned the opposite direction. Then came to a sign that said wet oil and gravel requiring another detour like it matters when the riding is good. We stopped at the DQ in Holton to get cooled off with some ice cream and to fill the tanks. With that we loaded up and headed home.

Our "supper ride" wasn't a ride at all. We had changed the date because of our normal ride would have been on the 4th so we decided to just meet at Cooks American Grill for supper. When Brenda and I left the house it was 102° and not getting cooler. We had 11 people arrive in their cars.

Having not been there in a long time we rediscovered both the service and food to be good and no complaints from anybody about the racket we made. We just sat around and shot the breeze for a couple of hours solving most of the world's problems that nobody will listen to anyway and then headed our separate ways.

John & Teresa and Brenda & I attended the Chapter "F" BBQ in Cassoday on the 15th. Even though the day was hot it was very comfortable with a small breeze and the shade provided by the big tree between the clubhouse and fire department. There wasn't a large crowd but it was a very enjoyable time. We were also joined by a couple of people on vacation that rode in from the Denver area just for the BBQ. Since I can't remember my name half the time I have no clue what their names were but you will probably find that out in Chapter "F's" newsletter. When they were leaving John & Teresa were given the left over hotdog and hamburger buns, which we will put to good use on the 19th of August for our chapter birthday party at John & Teresa's home at 4020 SE 34th Terrace in Topeka at 2:PM. Come one come all just remember to bring a covered dish so we won't starve.

We held our monthly meeting at Perkins on the 18th with 18 in attendance. We had our normal noisy bunch there but were lucky enough to have Clifford & Tiffany Criss along with their son William and Dave & Marcie Cottrell join us. Both couples have been GWRRA members for some time. Their schedules finally allowed them to attend a meeting and here is hoping they all become active within the chapter. After introductions all around, we got down to the meeting. We discussed the reorganization of GWRRA and it's doing away with region directors. We were wondering how things will shake out, but with our chapter members being the laid back bunch we are, we will take a wait and see attitude. At the chapter level we won't be making any changes until the "bugs" are worked out or the first of the year which I think will make Bill Tucker very happy since it appears from the initial information it will cause him more changes than anybody else in the District.

After getting that out of the way Bill Hanson mentioned the importance of reading the clues along the road especially when riding on the small two lane roads that we tend to enjoy. Items like trash cans at the mail boxes, pets in yards or the possibility of stopped vehicles just over a

rise in the road i.e. trash trucks or mail carriers just for a few examples.

We also discussed the District Rally with John complementing the District staff on managing well organized event. Wing Ding was briefly mentioned since there isn't much to say at this late date about it.

Our supper ride will be the first to the Trails Café in Holton with Rick and Rita leading the ride. Here's hoping that Rita will finally be able to be on the back of their trike again after way too many months without riding due to surgery. We won't be having either an extended ride or meeting in August because of the Chapter birthday party already mentioned. With the heat we've been having the last month I don't think a long ride in August will be missed that much.

With that we had our 50/50 drawing with Teresa winning the large drawing and you guessed it Ken Felch winning the smaller drawing. That makes 5 months in a row that he has won a 50/50 drawing. Does anybody have the number for the IRS to report his winnings? After the drawing we broke up for short individual visits and headed home.

Greetings from Chapter F!

We are sure all of you have been out riding your motorcycles and trikes. Hope that all of you are staying cool in this very hot weather. Remember to stay hydrated and drink plenty of liquids.

We opened our meeting on July 25th with the Pledge of Allegiance. We had 12 members present and 7 visitors from Chapters A, H, Q and State Staff.. Thanks go out to all those who came and enjoyed our gathering!

Bill Watts made the state announcements and gave a report on all the changes coming down from National Headquarters. There will be many changes in the coming months and most will take effect beginning January 1, 2018. Please remember to keep up with the e-mails being sent out by Bill and remember if you have questions or concerns about what is going on, to contact him.

In July, the Supper Ride was held on Friday, July 7, 2017 at the Copper Kettle in Eureka, Kansas. The meal was delicious and a good time visiting was had by all! Thanks to all who came and had a good time!

A good time was had by all at the BBQ held by KS F on Saturday, July 15, 2017. It was held at the Motorcycle Club House in Cassoday, Kansas. We had visitors from other chapters.

There was also a surprise in that a couple from the State of Washington called Rick Kistler and advised they saw where we were having a BBQ and asked if it was okay to come. Rick told them definitely to come on! They traveled from Colorado to join our fun and then went on to Emporia for the night and on to Kansas City the next day. What a wonderful thing to have GWRRA members visit us from other locations. It is always fun to get to know others.

EDITORS NOTE; The following pictures were sent to me by Carol Chastain, CD.

Jack Schoeck, Chapter Rider Educator, gave a talk on updating your First Aid Kit and advised everyone to be careful of the extreme heat that we are having.

The Supper Ride for August will be on Friday, August 11, 2017 and will be hosted by Rick and Brenda Kistler. We will be going to Florence, Kansas to eat. More information will be forthcoming as the date gets nears. Watch your e-mails more directions.

Everett announced that Jack Schoeck's birthday is tomorrow .

August, Birthdays are:

August 7 – Roslin Snyder

August 11 – Roy Cushman

August 19: Deloris Shannon

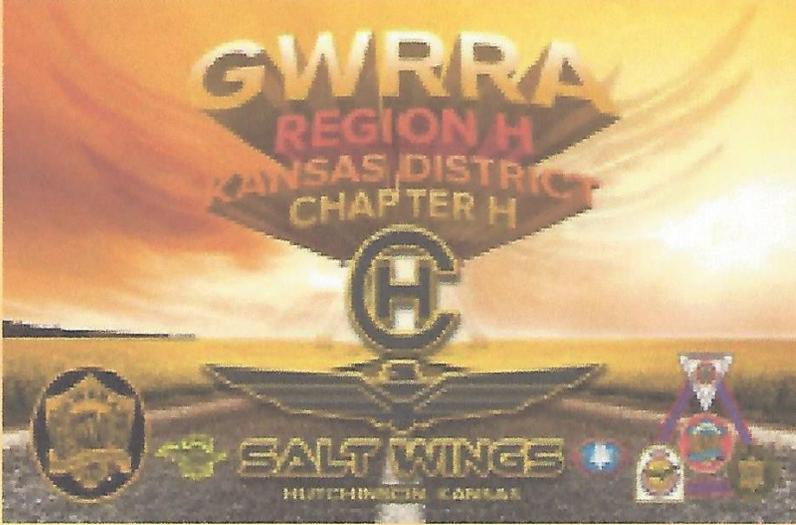

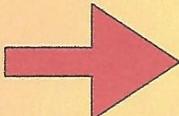

Anniversaries:

August 9 - Rick and Brenda Kistler

The 50/50 was won by: Everett Chastain and Bill Watts. Congratulations to them both!!

Until next time, Ride Safe and Ride Often!

FRIENDS FOR FUN, SAFETY AND KNOWLEDGE

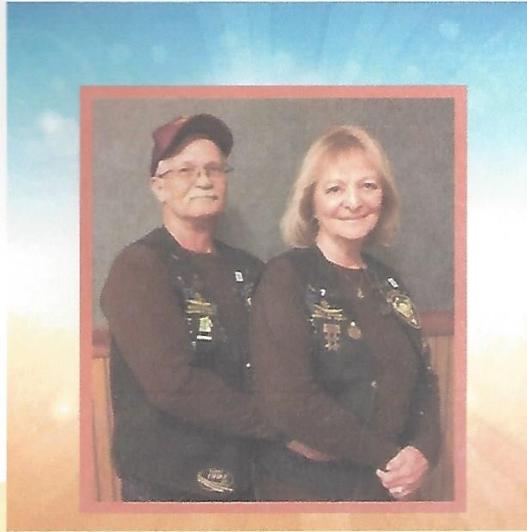

Folks, it is an inferno out there and we have had to postpone or cancel some of our upcoming rides because of the heat. Sadly our ride to Spring Hill Ranch near Cottonwood Falls on Saturday, July 22 and the 3rd Thursday event on July 20th are a couple we cancelled. We just want to make sure everyone is safe and ready when the time comes for a good, comfortable, FUN ride. Emails will be sent if there are any changes.

Remember our July gathering is Saturday, July 29 in Salina, KS at Gutierrez Mexican Restaurant 640 Westport Blvd, just north of Crawford Street across from Russell's Truck Stop. If weather permits, we will ride to Salina. (SEE RIDE ROUTE AT END OF NEWSLETTER!) However, if the temp is too hot (90+) we will probably suggest driving in the comfort of air conditioning. That will allow for a fuel/restroom stop if needed at the Kanopolis dam convenience store.

One last thing I would like to suggest is reading your August Wing World pages 80 – 81 about group riding. This explains how and why we ride the way we do. I am hopeful that we will have a group riding course coming up soon. This definitely keeps everyone safe and having fun while on a ride.

Keep cool and be safe,
Dale & Georgeanna Tritsch
KS-H Chapter Directors

Hello Chapter H Family!

District Rally was sure a lot of FUN this year. Wizard of Oz characters were roaming all around. And how about this! I won TWO awards! One for "Best Lights" and one for "Most Chrome"! WOWZER did not expect to win one category much less two! (Hat size went up!)

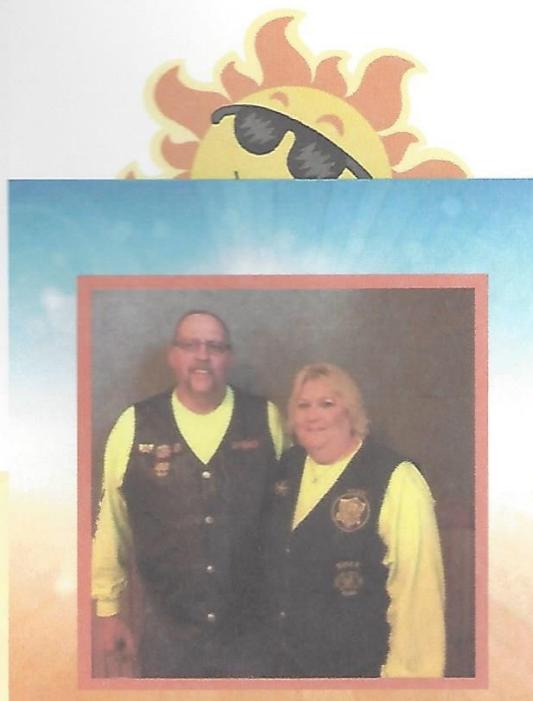

Another Rally feature this year was the "NO ZONE" semi which was very educational if you've never sat in a big rig. It certainly gave you a good perspective of what a trucker sees or rather does not see.

If you weren't able to attend the recent rally you sure missed a good time and those that did attend know just how much you missed.

Try to stay cool out there and remember to have "FUN" whenever you can.

Your KS-H Assistant Chapter Directors
Don and Carma Gray

Hello all!

Hope everyone is doing well coping with these temperatures reaching the century mark. We want you to stay safe so make sure you are well hydrated.

We have a new member to our Chapter H family from Abilene, Mr. Ron Free! I know you will all welcome him in the distinctively fun and friendly manner Chapter H is known for. So make sure to introduce yourselves when you get the opportunity.

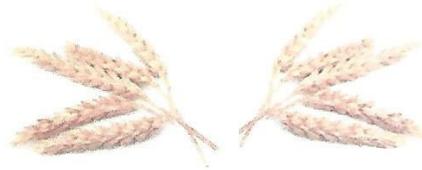

We have a new event in Hutchinson called "Third Thursday" which we inquired about and have graciously been allowed to join in on the activities. It's a great chance to show off your bike and do a little recruiting. Unfortunately it had to be cancelled this month but cooler weather will be here soon and we'll try again.

Looking forward to seeing possibly some different members as our next Chapter H meeting will be in Salina on a Saturday, which should allow some of you to come that can't make our usual Thursday gathering.

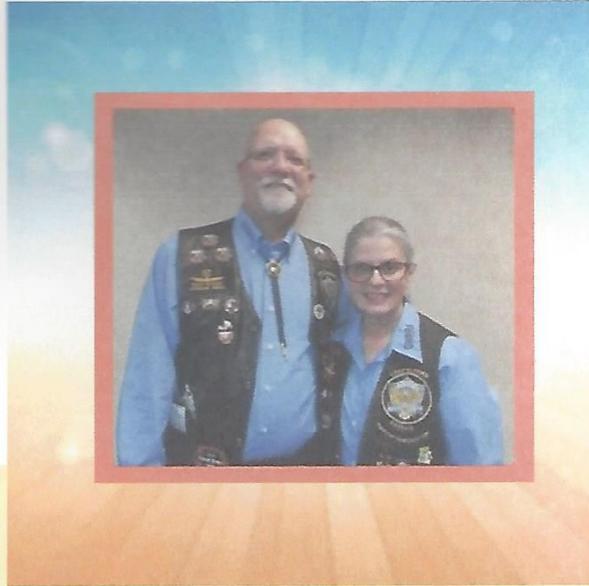

Stay Safe and Hope to see you soon!

Kit and Donna Sands

KS - H Membership Enhancement Coordinators (MEC)

**HOT
HOT
HOT!**

Happy Hot July Chapter H!

Linda and I heard some pretty terrific things about our District Rally and we are so bummed out that we had to miss it! We did however have a really good time in Oklahoma at Wewoka, OK. Many of you who rode to Wewoka for the roller coaster road know the location. It is a beautiful area and we enjoy going back when we can.

We visited our good friends at Chapter A's gathering this month and will be at dropping in on Chapter F's at the end of the month. We are really having a blast traveling around Kansas and being our Chapter's ambassadors.

We are anxious to see you all at our Chapter gathering this month in Salina on July 29th.

Stay cool! Keep your bikes upright! Be safe!

Mark and Linda Classen
KS-H Couple of the Year (COY)

No matter how tough you think you are, no matter how experienced a rider, no matter how good your physical condition is, if you don't respect this summer heat, it will take you out before you know what hit you. Here are some tips for surviving a ride in extreme heat:

➤ **Pay attention to signs of Heat Exhaustion and Heat Stroke.**

Your body will start sending signals when it's having trouble with the heat, such as cramps, nausea, headaches, extreme fatigue, flushed or pale skin, dizziness, and heavy sweating. Ignore these signs and you can develop heat exhaustion, which is a form of mild shock. If you feel any of these symptoms, **PULL OVER, REHYDRATE, REST AND RECOVER FOR AS LONG AS IT TAKES!** Don't be in a rush to get back on the bike – I know you don't want to inconvenience their friends by holding things up, but how long do you think a trip to the hospital will hold up the ride?

If Heat Exhaustion symptoms are ignored, my friend you are headed into a Heat Stroke. Your cooling system will shut down and body temperature can rise to as high as 105°. Brain damage is possible and, at the very least, you will experience an erratic pulse and trouble breathing. Also, people having a Heat Stroke can often pass out – not something you want to happen when you're riding.

➤ **Bring more water than you think you'll need**

➤ **Dress properly and keep your skin covered.** Any areas of skin that are exposed will be much harder to cool as the sweat will evaporate from the air rushing over it at speed. This means you dehydrate faster. The people affected most by the heat are those who don't cover themselves properly.

➤ **Wear a cooling vest.** When temperatures rise over 90 degrees, a cooling vest is well worth the price. This is a much better solution than soaking a t-shirt, as cotton doesn't retain the water and it evaporates quickly. A cooling vest is soaked in water and worn under your riding jacket. The moisture forms a cooling layer next to your skin, and you feel much more comfortable.

Jeff Whithorn (Chapter H MAC)
"Motorist Awareness Coordinator"

Kansas "Q" August 2017 Newsletter

Hope all of you stayed hydrated this past month, those 100 degree days were tough ones. We didn't do much riding ourselves, but I'm sure some of you did.

About our only activity in July was Bubba's BDay Bash and as always it was a good time. Sheila did a great job at the grill and everyone's contributions of side dishes were wonderful. Bill had fun once again with reading his birthday cards and from the sounds of things many of us consider him an old fart!! Thanks everyone for making Bill's birthday special once again.

Jack and I attended the NBC baseball game with KSA and enjoyed the ballgame and visiting with everyone.

As some of you may already know 2018 is going to be a year of changes for GWRRA. Right now we are not exactly sure how some of these will affect all of us, but we are hoping that all of you will try to stay positive and at least give National the chance to work at the kinks that are bound to surface. Change is never easy, however, there are times when things must be done.

August Birthdays:

Rosemary Gardner on the 2nd and Wendy Daniels on the 23rd.

Until the next time,
Jack & Teresa Kistler

Note from Bubba! I want to give a shout out of thanks to those of you that helped me celebrate my 82nd birthday. I always look forward to those nice complimentary cards I receive and really enjoy sharing them with all of you. The good lord willing and the creek don't rise we will do it again next year.

YES! My friend, companion and wife, Sheila, deserves a pat on the back and the thank you from all for standing over the cooker for a long time. She did a super job. Also to Rick & Carolyn for coming early and helping and there were a couple others that helped us. THANKS!!!! The help putting everything away was a blessing for Sheila & me. What a great family we are apart of, GWRRA

As your Kansas District Couple, we hope to see you at a GWRRA event soon! Ride smart, ride alert, ride trained and you will arrive at your destination safe and sound.

Bill & Sheila Your Kansas District Couple 2017
KSQ Charter members & GWRRA Life Members

Notes from Your District Trainer Mark Classen

Training for your future!

Changes are coming to GWRRA – that will happen, but continued training for your safety and betterment of yourself really never changes. The new training modules from GWRRA in the ITCP form is really making a big splash! When you go to a training session and you get involved with the training, it helps you keep what was being shared with you during the session.

During the last year GWRRA has added over 300 to the numbers of the ITCP trainers. We are so proud of our new instructors in Kansas – but remember that we even have more instructors that have UDTP certification.

Please contact me or any instructor and we would be glad to come to your chapter or gathering for a great time and I promise you that you will go away knowing that the time was well worth it.

Keep learning a mind is a terrible thing to waste.

Have a great time on your bikes and be safe.

Mark Classen

GWRRA of Kansas has a new author. Terri Bockhaus is pleased to announce the publication of her book titled, "It's all about the Journey". The journey referred to in the book describes her personal journey with GWRRA. She describes her mishaps as she progresses from being a co-rider to a rider, then joining the Kansas Twisters Motorcycle Drill team. The book tells of many of the funny (and sometimes scary) things that have happened on some of their trips, and embraces the GWRRA motto of "Friends for Fun, Safety, and Knowledge". You may have read the article about her in the November 2016 issue of Wing World Magazine.

Terri and her husband Steve joined GWRRA in 2004, and have held several positions in the association, including: Senior Chapter Directors, MFA instructor/trainers, National Director of the Year recipient 2011, District COY 2014, Kansas Twisters Motorcycle Drill Team Captain, and MAC.

The book is available for purchase at Dan's Cycle in Hesston, Ks., Faith and Life Bookstore, in Newton, Ks., Beaumont Hotel and Café in Beaumont, Ks., and by contacting the author directly at tmbockhaus@cox.net.

IT'S ALL ABOUT THE JOURNEY

From back seat driver to drill team Rider

As featured in Wing World Magazine

by Terri Bockhaus

tmbockhaus@cox.net

"It's not only a book about motorcycles and places, but rather a spiritual journey." Rev. Nicholas Voelker

Her stories embody the Gold Wing Road Riders Association (GWRRA) principles of having fun while riding safe—and this is one lady who knows how to have fun and laugh at herself. Terri has successfully broken into a motorcycle rider world dominated by men and proved herself worthy. Even if you don't ride, you will enjoy this wonderful collection of entertaining stories. If you do ride, it's even better." Jack Wogner, Deputy Director, GWRRA

Our staff has the experience with the knowledge to provide you with the right part and accessory you're looking for. Also, our dedicated shipping department can ship most items right to your doorstep overnight if you're in a hurry. Feel free to call, fax, or e-mail us with your request.

Kits in stock and ready to install...

New Roadsmith HTS Kits In Stock!

EDITORS NOTE:

The above flow chart is what has been emailed to many people. It depicts what the GWRRA Officer Chain will be January 1, 2018.

As you can see there will NOT be any regions in GWRRA structure after the implementation date of 1/1/18.

Our District Director has been attending chapter meetings and visiting with the membership at each chapter about the changes.

This may not be the final product. Only time will tell.

Bill Tucker, Editor
Kansas Winger
