## From your Kansas District Directors Kathy & Denny Chesnut

The District of Kansas has kicked off our upcoming year with some activities that will hopefully re-invigorate the GWRRA members in the area. Winter is of course a hard time to plan activities, and with Covid and the other winter ailments causing plenty of issues, we do believe the future to be good. It was necessary to cancel our Mid-Winter rendezvous because we just could not get enough people to commit. We had a good time planned, but will have to try it again some other time.

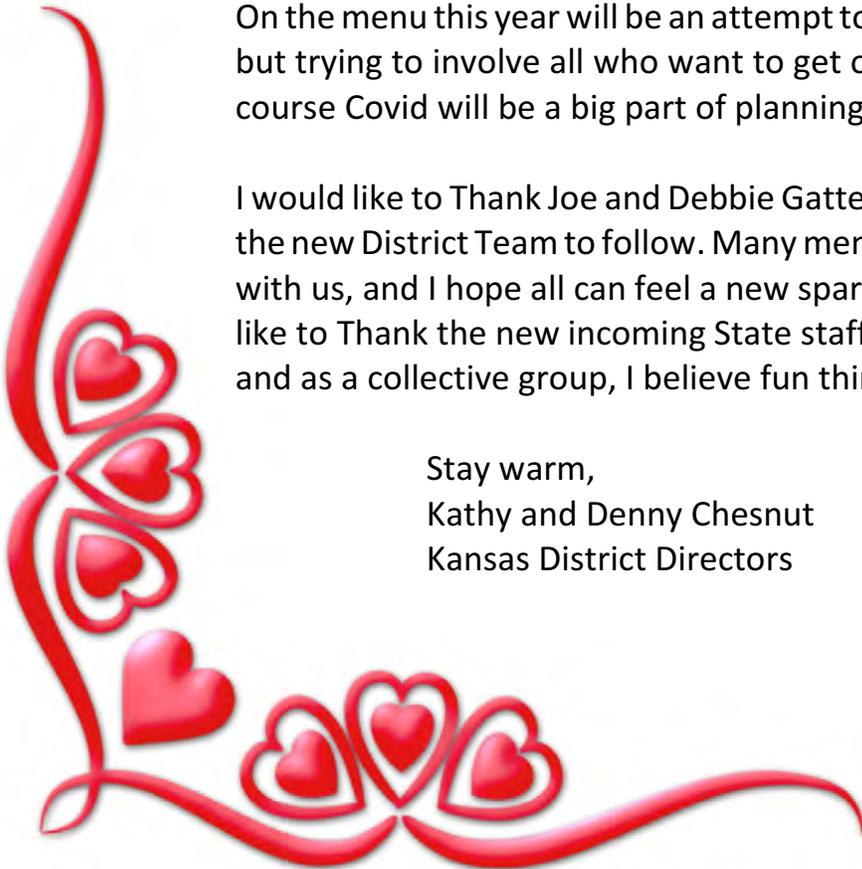

We are formulating plans for the 2022 Kansas District Rally for this coming September 10 and 11, in Independence KS, where it was last year. Turned out to be a great venue, and fun was had by all attendees.

Our new District Ride Coordinators, Don and Jan Schroeder are working on some interesting rides for the group over the next year. They are looking out of the box for some adventurous and interesting trips to get the membership out and riding.

On the menu this year will be an attempt to get more than just a Chapter involved, but trying to involve all who want to get out and do something. Weather and of course Covid will be a big part of planning so stay tuned for details.

I would like to Thank Joe and Debbie Gattenby for setting such good examples for the new District Team to follow. Many members of their team have elected to stay with us, and I hope all can feel a new spark of energy for the future. I would also like to Thank the new incoming State staff members for their enthusiasm, ideas, and as a collective group, I believe fun things will be just around the corner.

Stay warm,  
Kathy and Denny Chesnut  
Kansas District Directors

Here it is February already. I hope everyone is doing well. The weather is very up and down this year. Maybe we will get this done with before riding season is upon us. Remember that if you do find a nice day and want to get your motorcycle out of the garage for some needed wind therapy to keep an eye out for the cars. They are not used to seeing motorcycles out this time of the year. Also keep an eye out for sand on the road from the past snow storms.

We have some dates for riding courses for this spring. We are planning a Trike Rider Course and Trike Trailering Course in Hesston, KS and a Trike Trailering Course in the Kansas City Area. Here are the dates that we have scheduled:

**TRIKE RIDER COURSE:** Cost: \$25 per trike.

Class room: Saturday April 16, 2022 7:30 a.m.

*(Alternate Date: Sunday April 24, 2022 (same times)*  
King Park Shelter, 200 N. Ridge Rd., Hesston, KS

Range: Following classroom and lunch  
Hesston High School, South parking lot.

**TRIKE TRAILERING COURSE:** Cost: \$25 per trike

Saturday May 7, 2022

Olathe, KS (Details to be announced at a later date)

**TRIKE TRAILERING CLASS:** Cost: \$25 per trike

Class room: Friday June 17, 2022 7:00 p.m.  
King Park Shelter, 200 N. Ridge Rd., Hesston, KS

Range: Saturday June 18, 2022 7:30 a.m.  
Hesston High School, South parking lot

To reserve your spot for any of these courses please contact one of the following:  
Rick Stevens: [stevensrf@cox.net](mailto:stevensrf@cox.net) Or Bob Brown: [barbandbob@cox.net](mailto:barbandbob@cox.net)

Here is some information on taking care of your helmet. Something to do before the riding season gets started.

## Motorcycle Helmet Care and Cleaning

Your motorcycle helmet has a big job to do, and high-quality ones can do it all! Not only do helmets protect you in the event of a motorcycle crash, but they also shield your face from bugs and debris, insulate your head from the weather, and can even help protect your hearing. As one of the most vital (and likely most expensive) pieces of motorcycle protective gear you'll own, it's important to take care of your helmet. Knowing how to properly clean and care for your helmet will not only keep things comfortable during your next motorcycle ride but at times can even extend its lifetime. Now is a perfect time to give your DOT approved helmet a little TLC!

## **GETTING STARTED**

Before getting started on your deep clean, it's important to have the right tools for the job. You'll need towels, a soft brush to clean small areas a towel can't reach, a gentle non-petroleum-based cleaning agent, warm water, and if you have access, compressed air. Be sure to remove any electronics and exterior accessories from your motorcycle helmet, as well as the face shield, interior liner, and pads if possible.

## **INTERIOR MOTORCYCLE HELMET CARE**

The interior of your helmet comes into direct contact with your face, causing oil and sweat to build up. It's important to regularly clean your helmet pads and liners to remove dirt and grime with gentle soap, like mild laundry detergent or baby shampoo. Wash the liner and pads on a delicate cycle or if you prefer to hand wash them, soak them in a bucket of soapy warm water and be sure to rinse them well to remove all soap residue. Let the liner and padding completely dry before placing it back into your clean motorcycle helmet. If your helmet doesn't have a removable liner, cleaning can be a little more complicated, but still possible. Apply soap to the interior of your helmet and gently wash and rinse the padding and liner by dunking your helmet in a bucket of warm water.

## **EXTERIOR MOTORCYCLE HELMET CARE**

To keep the shell of your helmet in tip-top shape, start by soaking a towel in warm, soapy water to wrap around the exterior of the helmet for a few minutes. This will gently loosen dirt and debris without the need to scrub which can scratch the shell. Once debris on the shell is soft, gently rub it away with soap and water without applying too much pressure. Use a small, soft-bristled brush or toothbrush to clean vents and other areas that you can't reach with a towel. Once your helmet is clean, wipe away any soap residue and dry the exterior with a clean towel. Apply detailing polish and wax to restore shine and add a protective coating. Wipe down your visor with a microfiber towel and warm water or a gentle plastic cleaner if necessary. Reinstall your visor if it was removed.

### **Do's and Don'ts**

While your motorcycle helmet is designed to take a heavy beating, it's important to be gentle when it comes to cleaning and caring for it. Always use mild soaps and soft microfiber towels, and let warm water do most of the work loosening dirt and debris. Don't scrub the shell or visor, and stay away from harsh chemicals or any ammonia-based cleaners that tend to break down the helmet over time. Avoid putting liners in the dryer, and always allow your helmet to completely air dry, without any heat source, before storing or using it.

**Remember that Practice Makes Permanent**

## **KANSAS DISTRICT RIDE**

**APRIL 23, 2022**  
**OLPRE CHICKEN HOUSE**  
**OLPRE, KANSAS**

Let's all MEET IN THE MIDDLE at Olpre, Kansas  
at the OLPRE CHICKEN HOUSE at 11:30 a.m.

We can shake off these cold winter days doing what we love to do.....

Ride our motorcycles and share some camaraderie!

*(of course, cars are always welcome too!)*

Helmet time is 9:00 a.m. at Newell's Truck Stop in Newton;  
9:45 a.m. we will pick up riders at Casey's 2627 W Central in El Dorado  
(37 miles - 45 minutes)

We will ride US Highway 54 East and then take State Highway 99 North  
to the Olpe Chicken House for lunch at 11:30 a.m. (69 miles - 1 hour 15 minutes)

Kansas City folks will meet us there. Talk to Gary Ohler for ride details from your area.

After lunch we can enjoy a ride through the roads of the Flint Hills  
before we head home

## Chapter A – Wichita

Meet 2nd Thursday in Wichita at Spears Restaurant 7:00pm– Eat 6:00pm

### Just a few thoughts from Steve's desk

The past few days I have been looking back at the last 2 years. They were very difficult for me. I had 3 surgeries on my colon. One of which was an emergency surgery. Through all of these, I spent approximately 60 days in the hospital and long days at home just trying to get stronger. I am doing well now. I still have a few problems, but I remind myself of the other alternatives and the problems are not so bad. I am looking forward to 2022 being a year of riding the Wing and camping in our motor home.

So while thinking of this, I looked at what the last 2 years have been for everyone. Covid has sure messed it up! We all are looking forward to more riding, camping and just having a good time with others.

Chapter A has many plans for this year and I hope many of you can come and participate in them. February 12th is a Valentines dinner (good food and company). March brings a trip (most likely by car) to Kansas City Union Station for an Aushwitz display, followed by a WW1 monument. This is being put on by Don and Jan Schroeder, the District Ride Coordinators.

March 19th brings the annual Bockhaus Chili Feed. Terri & I furnish the chili and tea and water to drink. You bring whatever you would like to have with the chili. It has been suggested that we have baked potatoes, ( hint – hint). This is because of it being close to St Patrick's day. Hope to see you there.

There are several riding courses planned by the District Educator. Contact him for more information.

August brings the KSA ride to Tahlequah. We will be taking a scenic ride south of Grove Oklahoma and arrive at the Fin and Feather Resort. We plan on reserving an 8 bedroom, 8 bath facility. More will be rented if needed. There will be an area float trip. A scenic ride around TenKiller Lake will occur. Much fun to be had by all. There is a flyer for this ride in this newsletter and one is on the Kansas GWRRA website. Or you can contact either Terri or myself.

Chapter A has a new Couple of the Year. They are Mary and Larry Mazur. Please give them your support through out the year.

Let's make this a year of more riding and more fun. Put the thoughts of Covid behind us!

Steve & Terri Bockhaus  
KSA Chapter Directors

---

January has been a slow month for Chapter B. With weather issues and COVID cancellations, there have been very limited opportunities for members to be together. The monthly meeting did occur on January 27<sup>th</sup>, which provided a chance to visit and see each other.

January is National Oatmeal Month. Thus, trivia at the monthly meeting pertained to oatmeal. Now, this editor must admit, oatmeal was not a favorite growing up. As soon as the weather even thought about turning cold, oatmeal made an appearance at our house. And, there was no choice as to what you were eating for breakfast. It was oatmeal every weekday morning until the weather began to warm in late March or April. Even though it was not the most appealing of breakfasts, my momma knew what she was doing. The soluble fiber in a bowl of oatmeal helps keep you full and provides that stick-with-you breakfast, along with helping to reduce cholesterol and blood sugar. Plus, when you are feeding seven people breakfast, it's a bargain compared to traditional boxed cereals.

It doesn't matter what variety of oats you choose to eat. Quick, old-fashioned, or steel cut all provide roughly the same nutrition. They are all 100% whole grain containing all parts of the oat. They also have a higher protein content than most other cereal grains and are high in antioxidants.

The most popular oatmeal toppings are milk, sugar, fruit, and butter or margarine. Milk and brown sugar were the toppings of choice at our house, with grape jelly coming in a close second when we ran out of brown sugar. Oatmeal cookies are the number one non-cereal usage for oatmeal, followed by meatloaf.

Oats are used primarily as livestock food but can be found in the cupboards of 75-80% of all households in the United States. They are naturally gluten-free and can be rolled into oatmeal, used as flour, and are now being used as a dairy alternative in milk, yogurt, and ice cream.

In 2020, 65.4 million bushels of oats were produced in the United States, primarily in the Midwest and other northern regions.

**Chapter B events for February:**

February 17 - Chapter Meeting

February 26 - Breakfast Get-Together

Stay warm!

Paula Aiken

# Chapter F – El Dorado

Meet 4th Tuesdays at Circle Oil Hill Elementary School, 2700 W 6<sup>th</sup>, El Dorado, KS  
Brown Bag at 6:00 pm - Meet at 7:00 pm

Chapter Directors	MEC	Treasurer	Newsletter Editor
Rick & Brenda Kistler 316-200-0726	Sharon Webster 316-259-3352	James Mabrey 316-371-8454	Brenda Kistler

I can't believe that it's almost February! We had our gathering on January 25 and had several members present. It was sure good to see everyone that was able to come.

Rick called the meeting to ask each Chapter about their upcoming events and to ask our Chapter to start getting donations for our Spring Fling. It will be here faster than we think. *(Why is it the older you get ,the time gets faster - LOL!)*

The Chapter presented Deloris Shannon with a plaque thanking her for all the years of being Chapter F's treasurer. She handed her position over to James Mabrey.

The member who won the 50/50 were Mary Mazur and Deloris Shannon. Congratulations to them both.

We then had dessert of cake and whipped cream. You can imagine the comments. If not you don't know the Kistlers !!!

**JANUARY BIRTHDAYS:**

- 3<sup>rd</sup> Karen Graves
- 3<sup>rd</sup> Doris Schoeck
- 8<sup>th</sup> Brenda Kistler

**FEBRUARY BIRTHDAYS:**

- 3<sup>rd</sup> Carol Chastain
- 10<sup>th</sup> John Graves

**FEBRUARY ANNIVERSARIES**

- 2<sup>nd</sup> Carol & Everett Chastain

Our next meeting will be on February 22, 2022. Hope to see you there!

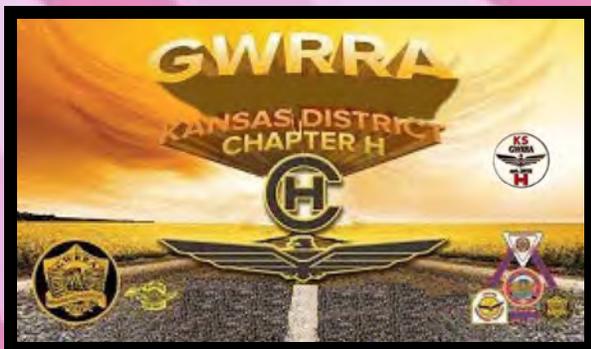

Everyone have a great day!  
Brenda Kistler

# Happy Valentine's Day

The past year, 2021, included many opportunities to sharpen cycling skills and have fun in the process. As the new year begins, we are looking forward to a great year of fun and learning more about safe riding.

There already are several classes and rides in the works for 2022. Some of the rides will be on 4 wheels because of the time of year, but many will be on 2 or 3 wheels as well. Be sure to check the 'events' page to see what is coming up. A 3-wheel trailering course is planned for June, but we need enough to sign up (minimum of 6) to make it worth the time for the instructors.

We are looking forward to meeting at the Hutchinson Community College Blue Dragon room on the 3<sup>rd</sup> Monday (February 21). The buffet is nice and is also inexpensive. Great facilities for a meeting. Jack and Teresa Kistler from Chapter Q will share the joys and challenges of their motorcycle camping trip to the Pacific NW.

The officers in Chapter H are the same as last year. Daryl and Nita Regier have been officially honored as COY for 2022. The members of Chapter H are what makes this a fun, involved Chapter. We appreciate every one of you!

Don & Jan Schroeder  
KS-H Chapter Directors

# New Year Crawl...brrrrrrr!

January 8, 2022

Starting in Salina, KS at Perkins  
we crawled our way down  
to the Cosmosphere  
in Hutchinson

and of course,  
ended our crawl  
at Braums!

# BOWLING PARTY!

Starlight Lanes, McPherson, KS

January 15, 2022

... and dinner at  
5 Loaves Country Kitchen afterwards

# Happy Birthday KS-H!

## January 23, 2022

Celebrating with a western theme, members came in cowboy attire to have some fun. However, some of the more nefarious types were unable to escape the long arm of the law as they spotted their Wanted Posters around the room.

Our motorcycle knowledge was tested as we teamed up for a fun trivia game and then we all headed for the chuck wagon and some really good grub!

Not sure what this cowboy was up to but Jan and Sharry frisked him to make sure he wouldn't cause any trouble at the party!

Good job ladies!

## Appreciate your support!

### Why should you call Law Tigers?

We get it. Most people don't want to involve a lawyer when they get hit on the road. Maybe the damage wasn't that bad, and you feel fine.

Here's the reality...

Without representation, there are no guarantees that you'll get a fair shake.

Hospitals, medical providers, and insurance companies fight to make a profit from the worst day of your life. Without the right motorcycle lawyer on your side you will be the only loser in that fight.

### What Law Tigers Motorcycle Accident Attorneys do for their Clients

At Law Tigers, our main focus is to assist in the prevention of motorcycle accidents, and to promote motorcycle safety. However, when accidents do occur, a Law Tigers motorcycle accident attorney is there to assist you. Available for free consultations (at our office, hospital, or your home), we provide clients with aggressive, experienced representation. As motorcyclists ourselves, we understand the challenges that you are going through and are prepared to assist you every step of the way. Because we are committed to helping our fellow motorcycle riders, we work on a contingency basis. There are no up-front charges, and our motorcycle accident attorney will only receive legal fees upon conclusion of your motorcycle accident case.

### Motorcycle Accident Representation: It's the only thing we do

If you have been injured as the result of another motorist's reckless, negligent, or careless driving, you may be entitled to compensation for any damages you suffer. A Law Tigers motorcycle accident attorney can help you get your life back on track and help you obtain the maximum settlement possible.

[Find a motorcycle accident attorney near you](#) or call Law Tigers, toll-free, at 1-888-863-7216. Our lawyers are available — 24 hours a day, 7 days a week.

### How much does it cost to have Law tigers represent you?

Every attorney-client relationship with our personal injury lawyers begins with a free consultation. Once we have evaluated your motorcycle injury case and determined it is viable, we charge no fee. That means clients do not pay attorney fees unless we obtain compensation on their claim, either through a settlement or a trial.

**RACKUP TRAILERS**

Manufactured 100% in Tennessee, we make and sale new and pre-owned trailers for motorcycle, ATV, Razor, Jeep, Mini-Cooper, Smart Car, and other vehicles.

RackUp trailers is your premier source for motorcycle, utility vehicle, and small vehicle trailers. Why choose Rack Up? Rack Up trailers were designed by people who use them. Tracing our roots over a decade ago, we quickly noticed that the trailers on the market had suspension issues causing the trailer to bounce and handle poorly. We also noticed most trailers were set at a price point that were not feasible for a single transaction.

We set out to change that. First we worked with the suspension and developed an adjustable air suspension that does not bounce. Second we worked on the price point. Our approach allowed us to save money but also allows you to build your trailer buying the options you want as you go. Our experience on the road combined with our engineering and machining specialties allowed us to make a trailer far superior to any on the market today. We are confident that our trailer rises far to the top among the competition.

**CONTACT US**

Customer feedback is the lifeblood of our business. Tell us what's on your mind, good or bad. We respond to all customer feedback and look forward to hearing from you!
