Kansas Winger **KANSAS DISTRICT NEWS**

Welcome to the Kansas Winger, a monthly publication comprised of articles from Chapter Editors and our District Team.

Check out what Chapter members have been up to and see what fun events are coming up.

GWRRA members are members of all Chapters and are encouraged to attend any Chapter gathering and participate in any Chapter events.

Gold Wing Road Riders Association is all about
"FUN, SAFETY AND KNOWLEDGE"

**Happy New Years!
from your
District Directors**

Happy New Year to everyone reading this. We sincerely hope that 2021 is a much better year than 2020. However, Covid is still here and rearing its ugly head. After a lot of soul-searching and many conversations, we decided we needed to cancel our Mid-Winter Rendezvous. Your safety and well-being is, and will continue to be our primary concern.

Debbie and I had the virus in late November through the first week of December, and we wouldn't want any of you to go through what we did. As of this writing, I still can't smell or taste anything.

On the plus side, Chapters A and H are planning New Years Day rides, starting the year off the way we want it to go all year long.... RIDING!! Hopefully the temperature was cooperative and everyone had a great and fun-filled ride.

Unfortunately for the first time in more than twenty years, Chapter A's bean feed had to be canceled.

We are eagerly looking forward to the upcoming rallies, seeing old friends again and making new ones. Our neighboring Districts always have fun events and interesting rides planned, take advantage of these and have some fun! Texas is first for us, hope to see a bunch of you there.

Be safe, ride often and we'll see you down the road.

A WORD FROM YOUR DISTRICT RIDER EDUCATORS

Here it is January already. I hope that you all had a great and safe Holiday Season. If you plan to do any rides during the colder weather remember to dress for the ride and be careful on the streets for icy and slick spots. They can be hidden and no fun to find by accident.

Since Mid-Winter was cancelled and also the Medic/First Aid/CPR class and the seminars to go along with it, we will be looking to reschedule these training opportunities when we can safely do so. Please keep that in mind and plan to attend when we can safely get back together again.

We have added some other thoughts to this message.

Watch for the animals and watch for the farmers! Try to remind farmers are still working the fields. Take your time, save a life.

Remember to follow traffic rules. Obey the speed limit; the faster you go the longer it will take you to stop. Experienced riders know local traffic laws - and they don't take risks. Obey traffic lights, signs, speed limits, and lane markings. Leave plenty of room between your bike and other vehicles, and always check behind you and signal before you change lanes.

Remember to ride defensively. The majority of multi-vehicle motorcycle crashes are caused when other drivers simply didn't see the motorcyclist. Proceed cautiously at intersections and yield to pedestrians and other vehicles as appropriate. You can increase your visibility by applying reflective materials to your motorcycle and by keeping your motorcycle's headlights on at all times.

Alcohol and drugs, including some prescribed medications, negatively affect your judgment, coordination, balance, throttle control, and ability to shift gears. These substances also impair your alertness and reduce your reaction time. Even when you're fully alert, it's impossible to predict what other vehicles or pedestrians are going to do. Therefore, make sure you are alcohol and drug free when you get on your motorcycle. Otherwise, you'll be heading for trouble.

As a motorcyclist, you need to pay attention to the road you on which you are riding. Always be more cautious when going into curves. Be on the lookout for potential gravel or other unstable road conditions. Be careful when crossing railroad tracks because the paint can be slippery – the same goes for the white lines at stop lights.

One of the biggest dangers to a rider is getting on your bike in the wrong state of mind. Riding angry, drowsy or distracted can be a recipe for disaster. Remember, when you're on a motorcycle you are ultimately the only one on the road looking out for you. If your mind and emotions are anywhere other than the road ahead, you are susceptible to making rookie mistakes that can end in a crash, injuries or worse.

To view your Rider Education Levels and Training Online at gwrra.org click on programs, click on Rider Education; then click the tab on the left hand side that says My R.E. information.

Your user name is your GWRRA membership number and your password is the number of your street address (example-1498 Sand Beach Road) AND your month and year expiration of your GWRRA member (example-April 1, 2021) =14980421 would be the password.

At the login screen, there is also a place above to click on that will give you the instructions for logging on. If you click below the login and password where it says "I need help logging in", there are instructions to help you with the password. Logging into MY RE – You have to add a month on the expiration date that is on your membership card when logging in. They gave everyone a FREE month on their membership due to Covid... so if it is May like mine you will need to enter June... or 06 instead of 05 for example...

If you have any questions please feel free to contact your Rider Education Staff and we will be happy to give you a hand.

Remember, if your membership has expired, or if you have recently sent in your renewal, you will not be able to access this information until the National Office has updated the database.

See you next month,

Ride Safe

Hello Fellow Riders

As you are reading this the year 2020 has ended (and were we ever ready) and we are starting a new year with 2021.

I'm sorry to say not a whole lot went on during the month of December. Partly because it being the Christmas season and we all were busy and secondly because of the virus. So I don't have anything to say except that I hope you all had a wonderful Christmas and that you got everything you needed and/or wished for.

But now I think it's time to say that it's time for you to go...

And now without further, ado let's all say...

As we all know the first big event of the year was to be our Mid-Winter Rendezvous but because of concerns with the Covid virus, it was decided that it should be canceled for this year ☹️. Remember it's always better to be safe than sorry and let's face it what fun would it be when you have to wear a mask and keep at least 6 feet away (hard to hug people when you have to stay apart). It will just make it all that much better when we can all get together the next time...

Here are a very few things that I know about that are going on in January. (Please watch for messages from our leaders in case events get canceled or rescheduled)

January 1st is the Chapter's annual "ride & bean feed" This is where those who dare, go for a ride. I'm sure you know that the "bean feed" part of this event was canceled but as of the writing of this article the ride will still be held. All of you that attended this ride I hope you had fun and that the temperature was high so the ride was long.

January 14th is the Chapter's monthly meeting. It is planned to be at Spears on West Maple. Meeting is at 7:00 p.m. but come early to eat and visit the others members. Just remember it's "free pie" day so that in itself is a reason to come.

January 16th is Larry & Mary Mazur's wedding anniversary

January 19th is Brian Ferrris birthday

January 29th is Chris Grooms birthday

That's all I have for now,

Remember to ride them not hide them (weather permitting)

Mary Mazur,
Chapter A Newsletter editor

Chapter B – DeSoto

Hello everyone from Chapter F from Kansas!

We did not have a meeting for December because of the Covid that is going around. Lyon County has been one of the counties that had been hard hit with the virus and so we have not been out and about except for the store or Wal-Mart. And of course we wear masks everywhere we go.

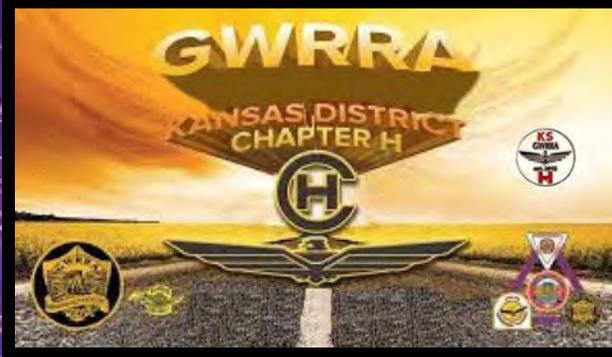

Am hoping that the month of January will bring about some good changes for all of us!

Since we have not had a meeting since November, am hoping that I will have more news next month!

Hope all of you across the state had a great Christmas even with all of us staying apart this year. Also, I hope you all have a Blessed and awesome New Year!!!

HAPPY NEW YEAR

HAPPY NEW YEAR!

I hope each of you had a very Merry Christmas and look forward to a Happy New Year!! Our Christmas was a little unusual. But then, many things were unusual this year. I know I am looking forward to a return to something more normal, even though 'normal' may be difficult to define.

While things have, and are continuing to change, I am so thankful for many things. Just think how the internet, cell phones and the many applications available have allowed all of us to continue to communicate and see each other using computers and the internet. That is such a blessing! Each of us could be anywhere in the world and still communicate as easily as if we were at home. Thirty Years ago that would have been unimaginable.

We also have the benefit of supporting each other. Jan and I are so thankful for the support of our Chapter H members. When we need help with a project, all that we need to do is ask and there are several of you willing, and able, to step up. What a tremendous group we have!

What I'm saying is that we are so fortunate to live in these times, despite the challenges. Every generation has had its challenges, but we certainly have more tools to use in order to overcome those hardships and succeed.

And, thanks again for all of you who are involved and support the events in GWRRA Chapter H. It certainly is a privilege to be associated with all of you! Happy New Year!!

Don & Jan Schroeder
KS-H Chapter Directors

January GWRRA Anniversaries

CHAPTER H MEMBER

YEARS WITH
GWRRA

Steve Clayton

8

Congratulations to this month's Chapter H member celebrating his membership anniversary with GWRRA!!

**Congratulations to our
2021 Couple of the Year**

Don & Carma Gray

Chapter H MEC (Membership Enhancement Coordinator) has been responsible for keeping the membership list up to date and communicating any changes with the Chapter Director and the Phoenix office.

The Membership Appreciation Program that Chapter H started in 2020 is a key function of recognizing our members with the Chapter pin. It is hoped that the MEC would continue this valuable and fun part of Chapter H.

The official GWRRA role is noted below. It is more involved than we have had in the past. Do not be overwhelmed by the official statement. Kit Sand said he would be glad to train the next MEC. Please let us know if you are interested in this vital position on the leadership team for Chapter H. text or call me at 620-727-7789.

Don Schroeder
KS-H Chapter Director

GWRRA's OFFICIAL MEC OFFICER'S ROLE STATEMENT:

As the name implies, this Member will be the Chapter social coordinator. Plan fun events and reach out to the Ride Coordinator from time to time to incorporate a fun ride with some fun social events. Encourage your Chapter to participate in some of the fun programs that GWRRA has to offer. Reach out to those prospective and new Members faithfully every month until you talk with them and invite them to join you. You are the key to Chapter fun, enjoy it!

You are GWRRA's vital communicator to those who are Members of GWRRA

Chapter H Upcoming Activities

As has become all too common, dates and details are somewhat tentative. There are several in our group that have had the virus or vaccination, which will make gathering a little safer, but NOT totally safe. Let's start getting back together as much as each individual feels comfortable. We ask that masks be worn except when eating.

January 1 – The Big Chill Ride – (Outdoor event) Love's Truck Stop McPherson – 2 PM.

Ride length will be the temperature at the start of the ride. Daryl Regier is ride coordinator. A couple ride options depending on temperature, are mapped out. If you want to follow along in a car, that is also ok. Bring a face mask in case we find a warm place to sip some coffee or hot chocolate at the end, or just ride back home.

January 9 Chapter meeting **cancelled**

January 15-16 Mid-Winter **cancelled**

January 22 – 4th Friday Breakfast Ride – Daryl and Nita Regier hosting. Thank you to the Regiers. Details will come after the 1st of the year once COVID restrictions are known for this date.

February 13 – Belated Chapter H birthday/Valentine party at **King Park Shelter House, Hesston. 6 PM.** King Park is just south of the corner of Lincoln (Dutch Ave), and Ridge Road, on the east side. The meal will be provided so we would appreciate your RSVP to kansaschapterH@gmail.com or text 620-728-9812 by [February 11, 2021](#). Please bring non-perishable food items/paper goods, etc. or a check donation for the Reno County Food Bank, instead of a gift exchange.

February 26 – 4th Friday Breakfast Ride –9 AM - Host and location TBD

STAY SAFE
together we will get through this

2021

GWRRRA Kansas Chapter H

“Belated Chapter Birthday & Valentines Day”

Join us for an evening of food and fun.

When: February 13, 2021 at 6:00 PM

Where: King Park shelter house at the corner of Ridge & Lincoln in Hesston.

Food: will be provided so please **RSVP** to kansaschapterH@gmail.com or text **620-728-9812** by **February 11, 2021.**

Please bring non-perishable food items/paper goods, etc. or a check donation for the Reno County Food Bank, instead of a gift exchange.

CELEBRATE!

With January, February, March and even April coming with unpredictable weather, and all of us tired of being stuck indoors, I thought this article on wind chill might be a good reminder to us before we head out for some much needed wind therapy.

Jeff Whithorn/MAC

WIND CHILL FACTORS

Any bike rider knows that when planning a trip, many factors are to be taken in account, and this includes wind chill factor. The wind chill factor is the temperature you will feel when riding your motorcycle, being much lower than the actual outside temperature because of your speed. Wind chill is not easy to determine with accuracy, but still, it can be calculated with approximation, which comes in handy when planning a trip to colder destinations.

WHAT IS A WIND CHILL FACTOR

To understand how the wind chill factor is determined, we must first understand the difference between heat and temperature. Temperature is an exact measure, that can be determined with instruments, as heat is a sensation that is relative to your environment. For instance, if you have been in a room at 70°F for an hour, you will feel these 70°F quite precisely. Whereas if you enter a room at 70°F after spending an hour in a room at 50°F, the temperature you will feel will seem higher than 70°F.

The speed at which you ride your motorcycle will have an effect on the temperature you feel while riding, which will always be lower than the actual outside temperature. This is what's called a wind chill factor. It does not actually make the air colder, but just your perception of it. Other factors such as rain or air moisture can also influence your perception of the cold.

HOW TO CALCULATE WIND CHILL?

The wind chill factor is based on human perception, and that makes it difficult to calculate, with accuracy, the effect of cold on a body affected by the wind. In fact, while many attempts have been made to determine wind chill, there is no exact measurement, nor any worldwide standards. Even though the US and Europe each have their own standards, the reality is that each country's weather bureau uses their own calculations.

When planning your trip, take into account your personal circumstances in order to pack the right equipment.

Wind Speed (MPH)	Temperature																				
	Ever wonder what the temperature is when riding your motorcycle when it's cold?(Degrees Fahrenheit) This chart mainly for the Winter times . . .

FROSTBITE

Many people don't take frostbite serious, but severe frostbite that is not taken care of may lead to infection and, in the worst possible case, amputation. Frostbite is a result of deterioration of the body tissues when exposed to severe cold: the tissue moisture freezes and often leads to the skin cracking.

Although frostbite is usually experienced only in winter, you can see in the above charts that wind chill can bring you down to negative temperature very quickly. For that reason, be aware that frostbite can appear as soon as half an hour after your departure for a wind chill of -20°F, and in less than 5 minutes for a wind chill of -49°F.

HYPOTHERMIA CAN DAMAGE YOUR ORGANS

Hypothermia is defined by the overall body temperature falling below 95°F. Usually this occurs when your body's extremities (hands, feet, head...) are getting too cold, and that is why you should always make sure to protect them the most.

Hypothermia won't kill you, but be aware that it can lead to severe complications due to a deterioration of your organs such as kidneys, pancreas or liver.

December 6, 2020

Don & Jan Schroeder, needing milk, took their bikes for the 6 mile ride to the grocery store and decided the day was just begging for more miles

and sooo....170 miles later :)

You just don't get December days this nice!

December 9, 2020 ??

Ellsworth, Kansas
Sonic Drive-In

A day cannot get any more perfect than this day! We had to ride SOMEWHERE!

Temperatures mostly in the upper 60's and 70's.

NO wind....in KANSAS!!!!!!

Sunny, dry, and time with friends that we have not seen for months because of COVID.

THANK YOU, Chuck Schmidt, for putting this ride together!

Chapter P – Derby

CHAPTER P JANUARY NEWSLETTER

With everything cancelled due to this Covid Pandemic, It's been hard to get out to do activities... However, it seemed like there was more Christmas decorations and houses lit up for the season. I hope that our members were able to get out and enjoy some of the beautiful Christmas lights. I ventured out with family members to check out some Christmas lights. This is a few that we saw.

We got to experience seeing the Christmas Star this year on the days leading up to Christmas.

Jupiter and Saturn are closest together in the sky, occurring once every 20 years or so. Some believe that the "star of Bethlehem" was a conjunction of Jupiter, Saturn and Mars

JANUARY BIRTHDAYS -1/30 Kathy Chesnut

JANUARY ANNIVERSARIES -None

David and I hope everyone is staying safe and had a Merry Christmas and a Happy New Year. Hoping the New Year brings a brighter 2021 and we can all meet again.

David & Theresa McDonald
Directors Chapter P

Chapter Q – Winfield

Removable lining. Padded elbows and back. Inside pockets. Zipper at sleeve and hip. Zipper pockets. Chest vents. Reflective. Nice rain proof jacket with multiple uses. Sold my trike and no longer need it.

OUR SPONSORS

Appreciate your support!

Why should you call Law Tigers?

We get it. Most people don't want to involve a lawyer when they get hit on the road. Maybe the damage wasn't that bad, and you feel fine.

Here's the reality...

Without representation, there are no guarantees that you'll get a fair shake.

Hospitals, medical providers, and insurance companies fight to make a profit from the worst day of your life. Without the right motorcycle lawyer on your side you will be the only loser in that fight.

What Law Tigers Motorcycle Accident Attorneys do for their Clients

At Law Tigers, our main focus is to assist in the prevention of motorcycle accidents, and to promote motorcycle safety. However, when accidents do occur, a Law Tigers motorcycle accident attorney is there to assist you. Available for free consultations (at our office, hospital, or your home), we provide clients with aggressive, experienced representation. As motorcyclists ourselves, we understand the challenges that you are going through and are prepared to assist you every step of the way. Because we are committed to helping our fellow motorcycle riders, we work on a contingency basis. There are no up-front charges, and our motorcycle accident attorney will only receive legal fees upon conclusion of your motorcycle accident case.

Motorcycle Accident Representation: It's the only thing we do

If you have been injured as the result of another motorist's reckless, negligent, or careless driving, you may be entitled to compensation for any damages you suffer. A Law Tigers motorcycle accident attorney can help you get your life back on track and help you obtain the maximum settlement possible.

[Find a motorcycle accident attorney near you](#) or call Law Tigers, toll-free, at 1-888-863-7216. Our lawyers are available — 24 hours a day, 7 days a week.

How much does it cost to have Law tigers represent you?

Every attorney-client relationship with our personal injury lawyers begins with a free consultation. Once we have evaluated your motorcycle injury case and determined it is viable, we charge no fee. That means clients do not pay attorney fees unless we obtain compensation on their claim, either through a settlement or a trial.

RACKUP TRAILERS

Manufactured 100% in Tennessee, we make and sale new and pre-owned trailers for motorcycle, ATV, Razor, Jeep, Mini-Cooper, Smart Car, and other vehicles.

RackUp trailers is your premier source for motorcycle, utility vehicle, and small vehicle trailers. Why choose Rack Up? Rack Up trailers were designed by people who use them. Tracing our roots over a decade ago, we quickly noticed that the trailers on the market had suspension issues causing the trailer to bounce and handle poorly. We also noticed most trailers were set at a price point that were not feasible for a single transaction.

We set out to change that. First we worked with the suspension and developed an adjustable air suspension that does not bounce. Second we worked on the price point. Our approach allowed us to save money but also allows you to build your trailer buying the options you want as you go. Our experience on the road combined with our engineering and machining specialties allowed us to make a trailer far superior to any on the market today. We are confident that our trailer rises far to the top among the competition.

CONTACT US

Customer feedback is the lifeblood of our business. Tell us what's on your mind, good or bad. We respond to all customer feedback and look forward to hearing from you!
