Happy 4th Of July

Welcome to summer in Kansas. The recent storms have been impressive with 12.5 inches of rain over a 10-day period at our house. Hard to believe that it's almost July and the yard is still green, even the Flint Hills look like their alive. Normally by this time in summer everything is burnt to a crisp. Guess there is still time though. Katherine and I just returned today from a exploratory trip to Independence, to make sure arrangements for the upcoming Rally (starting on September 9th) are going as planned. Looks to be like a good time will be had by the throngs of Kansas Gold Wingers when the grass skirts begin to rustle. And if you want to put a puzzle together better bring your own! Reserve your spot in line early so you're not left out.

Heading for Wing Ding next week down in Shreveport LA. Hopefully gas prices won't hinder the attendance too much. We are looking forward to having a good time.

We are still in need of University Trainers to share their extensive knowledge of all things to the membership. Without replenishing the stock of Trainers, the District will have to rely on outside Districts to carry on our Seminars.

Welcome summer with a smile, a deep breath, and the plan to enjoy yourself. It's a big world out there, but sometimes your best adventures can be in your own small part of that world.

July already and by the time you read this, if you are not at WingDing, those of us that did go will be on our way home. I will be teaching an Advanced Rider Course for 2-wheelers at WingDing this year.

It has been a busy spring for the Rider Education team teaching you how to be safer riders. We hosted two Rider Coaches from other Districts to get them either certified or re-certified so they are able to conduct rider courses in their home Districts and help make their members safer riders also.

I would like to personally thank all of the members that took time out of their busy schedules to attend one of the courses to help them be better and safer riders.

I am going to keep this short and sweet this month. I found the following article which I thought would be appropriate for the hotter months of the year that discusses the dangers of dehydration.

I read about a gentleman was making a visit back to Thomasville GA from his new home in Ocala FL. It was a beautiful day and he felt good riding on his motorcycle, but after eating a few bites for supper, he passed out at a friend's home. The friends he was seeing took him to a local clinic. He was DEHYDRATED!

I have a news flash for you - summer is here! There have been several articles written about riding in cold or inclement weather, but not much on hot weather. What a perfect time for some really cool tips!

One thing that you can do to stay cool in hot weather is to stay covered. Along with providing protection from the sun and during a crash, it will help keep you cool when you are riding. When the air temperature is above 93 degrees, it will actually warm the skin if it is exposed. This is known as convection.

The heat being absorbed by your body must be cooled by sweating. Wearing protective clothing will reduce the amount of heat your body receives through convection and will reduce the amount of heat your body has to lose through sweating. It will be a challenge, though, in stop and go traffic going through large cities.

Some sportswear similar to what athlete's wear can help tremendously. A long-sleeved shirt made out of material that wicks away your sweat works wonders in the dog days of summer.

The key to these types of materials is air flow. As long as air is flowing over the material, it will evaporate your sweat and cool you down. You may want to wet down your clothing. If you have ever been caught in a shower while riding, you know all too well the cooling effect when the shower is over and you are riding with wet clothes. As the water evaporates, it takes the heat with it and cools you down. You can wet down a bandana and wear it around your neck where your blood gets close to the surface of your skin to help keep you cool.

Don't forget to hydrate. Drink plenty of water. Avoid sugary drinks, caffeine and alcohol. For long rides, you may want to consider a camel pack or other type of insulated container. When the camel pack is filled with ice water, it will be cool to your back and you can sip on water throughout the ride.

Pay attention to your urine on the pit stops. It should be nice and clear, indicating that you are well hydrated. The darker the color the more dehydrated you are and you need to get water on board.

Most of all, pay attention to your body. It will tell you what you need to know. What you want to avoid is riding until you are so hot that your body begins to weaken, and you lose focus on your riding. Plan your trip to allow plenty of rest stops, take water in and let it out. Wet yourself with fresh water, and enjoy your ride!

Head and eyes up!

Please stay safe and
We hope to see you on the road or at a meeting soon.

Remember:
Practice makes Permanent

Well here it is another month gone by. Other than HOT weather, nothing much has happened. We did get in a few rides. One was June 11th, we rode to Wellington for breakfast. Afterwards, since it had not gotten hot yet, we then rode through, Oxford, Winfield and Augusta, then home.

By the time you read this, Wing Ding will have happened. Even though I had not originally planned on going, I am going there for Friday July 1st. The weather outlook is for temps in the 90's and chances for scattered showers, and, of course, high humidity. I find Because I have difficulty riding long distances and I'll be going alone, I took the car instead of riding. You know, the idea of AC sure sounds good for the ride!

Looking at the calendar for July, not much is scheduled, so lets try to ride to other Chapters' meetings. There will be a Chapter cookout Saturday July 9th at Steve & Terri's. Please bring side dishes as the hamburgers, hotdogs and buns will be provided. It might be a good idea to bring chairs as well. Parking is available in the gravel lot south of the house. (Show up when I tell you) We will plan on starting about 5:00 p.m. Please RSVP so we know about how much food to provide. Other Chapters are certainly welcome.

Here is some information I think will be good to know during this hot weather:

Ticks are blood-feeding parasites that attach firmly to the skin's surface. They're usually found in shrubs and tall grassy areas and are most active in the United States during warmer months from April to September. However, tick exposure can occur year-round.

The biggest concern with tick bites is the exposure and transmission of infectious disease, including risk of Lyme disease. If you find an embedded tick, here's how to safely remove a tick and dispose of it.

SAFE TICK REMOVAL PROCESS

The longer a tick is attached, the more likely diseases or other problems will occur. Therefore, the whole tick should be removed as soon as possible. To best way to remove an attached tick:

1. Grasp the tick close to the skin with fine-point tweezers (various tick removal tools are also available).
2. Pull straight up with a steady, slow motion. Note that twisting or jerking can cause the tick's mouth to break off.
3. Clean the bite site with soap and water or an antiseptic wipe.
4. Wash your hands thoroughly when finished removing the tick.

If parts of the tick remain in the skin, or if the person develops a fever, rash, or aches within a few weeks of a tick bite, seek medical attention with a healthcare provider.

THE DON'TS OF TICK REMOVAL

There are many common tick removal misconceptions and folklore remedies to, in theory, make the tick's body detach from the skin. However, the following actions have no proven value and may cause additional harm:

- "Painting" the tick with fingernail polish
- Coating it with petroleum jelly
- Using a glowing hot match or alcohol

You should also avoid crushing the removed tick with your fingers. Instead, the [Centers for Disease Control and Prevention](#) (CDC) recommends disposing of a live tick by putting it in alcohol, placing it in a sealed container (e.g. plastic bag), wrapping it tightly in tape, or flushing it down the toilet.

Our next meeting will be July 14 at Spears. Remember it is free pie night and my birthday!
(I'm not divulging my age other than to say it was a long, long time ago!)

JULY BIRTHDAYS

Terry Jones – 7th

Steve Bockhaus – 14th

Debbie Gattenby – 31st

JULY ANNIVERSARIES

Chris and Margo Roberts – 13th

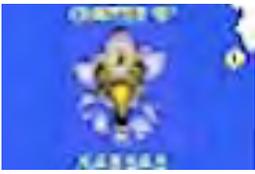

These are all that my calendar shows, so if I missed someone or got one wrong, please let me know so we can get it corrected and accept my apologies.

I have not heard much about how Larry Mazur's recovery from surgery is going. The last I knew, he was driving Mary crazy. A phone call to her might be good.

Until next time, ride safe, try to keep cool!

!!! SURPRISE !!!

That's what Mick Schurer heard on June 26th when he walked into the Tonganoxie Senior Center and Chapter B members, family, and friends were there to help him celebrate his 80th birthday. It was a wonderful time visiting and eating the great snacks. We wish Mick many more happy birthdays!

On his actual birthday, June 25th, Mick Schurer led a breakfast ride to Bradley's Corner Café in Topeka. Fifteen people enjoyed the great food and fellowship that morning. And, Mick made sure to let everyone know it was his birthday!

Winding down the month of May, Bob Savner led the breakfast ride to Green Acres in Vassar on May 28th. Twelve members had a good time that late spring morning and breakfast was delicious.

June 2nd found seventeen Chapter B members enjoying Chinese food at the Red Fortune Restaurant in Bonner Springs. Gary and Reba Ohler led the group there. The original plan was to go to Jasmine's in Eudora, but even though they are open for business, it is carry out only. Between the rain and hot temperatures, the park didn't seem like a viable option, so off to Bonner Springs the group went. It doesn't really matter what or where the restaurant is, the fellowship and comradery is what brings people together.

Bogie Bogenrife and Mary Rose Enderle led a ride to Jamesport on June 4th for Purple Martin Day. The weather was fantastic and one of the larger Amish families in Jamesport provided an open house to display hundreds of mating pairs of purple martins. Homemade donuts and ice cream were served making the day even better! The family promotes raising purple martins for natural insect control. Their athletic flight and chipper song add to the enjoyment of raising these birds. The family sells the houses and provides the information to attract these beautiful birds. It was a day of information and fun.

The June meeting was held on the 16th. Nineteen members were there to eat, visit, discuss old and new rides, and learn about the American flag during trivia. Flag Day is on June 14th each year and the week in which that date falls is National Flag Week. The Continental Congress first recognized the Stars and Stripes as the official flag of the United States of America on June 14, 1777. The original Stars and Stripes that inspired Francis Scott Key to write "The Star Spangled Banner" can be found at the Smithsonian in Washington, D.C. There have been twenty-seven versions of the U.S. flag including the current one. The first flag had thirteen stars and thirteen stripes.

When two new states joined the United States of America, not only were two new stars added to the flag, but two new stripes were also added. It didn't take long for the Founding Fathers to realize that the flag would soon become too big if new stripes and stars were both added when new states joined the U.S., so the number of stripes returned to only thirteen and just new stars were added for each new state.

Hi from Chapter F! Not much to report this month. We had to cancel our Spring Fling due to many of our locations not being available with our school being under construction and also not enough participation considering the amount of work that needs to be done. Maybe next year we can try again. I'll be retired then, hopefully, and will have more time to work on it.

It's been a busy month for us, our granddaughter came to stay for the summer, which we always love. Then my youngest brother passed away. Our AC went out both at home and in my car. But thanks to my wonderful nephew, Jack Kistler, I now have AC in my car and our house AC got fixed also.

Don't expect too many at our on June 28th as many members are on their way to Louisiana for Wing Ding. Hope they all have fun and stay safe during their travels.

Our July Birthdays are Jack Schoeck on the 26th, same day as our next meeting! So come join us at Oil Hill School in El Dorado, we eat at 6 p.m. (brown bag) and the meeting begins at 7 p.m. (we'll be having surprise desserts!)

Everyone have a great month, enjoy the 4th but be careful and safe.

Love ya,
Rick and Brenda Kistler

Happy 4th of July

Summer has arrived suddenly. Going from cooler than normal temps to above normal temps in a matter of days is quite a shock. I am hoping the summer temps are a little more moderate like last year, but the weather will do whatever it wants.

We welcomed 2 new members at our June meeting, Randy and Marge Bryant from S. Hutchinson. They ride a 2008 trike. They have ridden in years past and just recently picked the hobby back up.

There are a couple of events coming up that I hope you consider attending. By the time you read this, WingDing will be occurring. The Kansas Rally in Independence the second weekend of September is coming up, and the Oklahoma Rally in Ponca City in October.

The Trike and Bike trailering classes are complete. Thanks to all who participated. It is so important to keep skills sharp and that is why the classes are offered. If you have not taken a riding skills class in the last two years, please do so when the next class becomes available.

Only a few rides are scheduled until the weather cools off. Be sure to watch for email updates and short notice rides. Thank you to all Chapter H members for making Chapter H fun!

Don & Jan Schroeder
KS-H Chapter Directors

THE PIERSON'S REPORT

Let me start out by welcoming our newest KS-H members, Randy and Marge Bryant. They just celebrated 43 years of marriage on June 2nd and own a red 2008 trike. So if you see them out and about at some of our rides or events, introduce yourself!

Our monthly gathering was held June 20th. Rick Stevens discussed the upcoming Kansas Rally in September. Get registered folks! We always have a fun time and it's a great time to connect with fellow members from Kansas and other states.

Jan Schroeder mentioned a ride to 3 of the mini Statues of Liberty during the September Rally that would travel to Coffeyville, Parsons and Independence.

Don Schroeder then provided a video of a Goldwing crash wherein the rider was using a bike-cam. We talked about what contributed to the wreck and it was noted that the rider was unharmed because he was wearing full gear.

Our 50/50 drawing awarded \$10 to Brad Thompson and \$25 to our new member, Marge Bryant! Congrats!

See you next month, Stay safe out there!
Dennis Pierson, Asst Chapter Director

Hello everyone, hope June was a good month for you and that you were able to get some riding in.

Well Wing Ding has come and gone once again. For those of you that were able to attend we hope you had a great time.

We will have a July meeting on the 7th at Boss Hog's in Winfield. We'll be looking forward to hear all the stories from Wing Ding.

Our July birthdays are:

Bill Tucker on the 2nd
Judy Eggleston on the 15th
Tom Sweet on the 30th

July Anniversaries:

Jack & Teresa Kistler on the 22nd
Jim & Rosemary Gardner on the 30th

Have a great month, see ya'll soon!!

Until the next time,
Teresa Kistler

Join Chapter A on August 12, 13, 14, 2022

In Tahlequah Oklahoma

for some good rides, float trips & good company!

We will be staying at the Fin and Feather Resort

Housing will be an 8 bedroom, 8 bath house.

(There are smaller cabins available if you wish)

Cost per couple will be \$90.00 per night

if we fill the house, higher if not

There are also a few full hookup campsites

Campsites are \$35.00 per night (only 5 are available)

There is a restaurant on site plus others in the area.

There are several hotels in the area (if you wish)

Costs range from \$70.00 - \$125.00 per night

There are several float trips in the area.

Cost ranges from \$25.00 - \$35.00 per person.

We will be near Tenkiller for good riding.

We will be leaving Friday morning and return on Sunday afternoon.

Contact Steve Bockhaus to get on the list at

bockhaus@cox.net or 316-772-6603

OUR SPONSORS

Appreciate your support!

Why should you call Law Tigers?

We get it. Most people don't want to involve a lawyer when they get hit on the road. Maybe the damage wasn't that bad, and you feel fine.

Here's the reality...

Without representation, there are no guarantees that you'll get a fair shake.

Hospitals, medical providers, and insurance companies fight to make a profit from the worst day of your life. Without the right motorcycle lawyer on your side you will be the only loser in that fight.

What Law Tigers Motorcycle Accident Attorneys do for their Clients

At Law Tigers, our main focus is to assist in the prevention of motorcycle accidents, and to promote motorcycle safety. However, when accidents do occur, a Law Tigers motorcycle accident attorney is there to assist you. Available for free consultations (at our office, hospital, or your home), we provide clients with aggressive, experienced representation. As motorcyclists ourselves, we understand the challenges that you are going through and are prepared to assist you every step of the way. Because we are committed to helping our fellow motorcycle riders, we work on a contingency basis. There are no up-front charges, and our motorcycle accident attorney will only receive legal fees upon conclusion of your motorcycle accident case.

Motorcycle Accident Representation: It's the only thing we do

If you have been injured as the result of another motorist's reckless, negligent, or careless driving, you may be entitled to compensation for any damages you suffer. A Law Tigers motorcycle accident attorney can help you get your life back on track and help you obtain the maximum settlement possible.

[Find a motorcycle accident attorney near you](#) or call Law Tigers, toll-free, at 1-888-863-7216. Our lawyers are available — 24 hours a day, 7 days a week.

How much does it cost to have Law tigers represent you?

Every attorney-client relationship with our personal injury lawyers begins with a free consultation. Once we have evaluated your motorcycle injury case and determined it is viable, we charge no fee. That means clients do not pay attorney fees unless we obtain compensation on their claim, either through a settlement or a trial.

RACKUP TRAILERS

Manufactured 100% in Tennessee, we make and sale new and pre-owned trailers for motorcycle, ATV, Razor, Jeep, Mini-Cooper, Smart Car, and other vehicles.

RackUp trailers is your premier source for motorcycle, utility vehicle, and small vehicle trailers. Why choose Rack Up? Rack Up trailers were designed by people who use them. Tracing our roots over a decade ago, we quickly noticed that the trailers on the market had suspension issues causing the trailer to bounce and handle poorly. We also noticed most trailers were set at a price point that were not feasible for a single transaction.

We set out to change that. First we worked with the suspension and developed an adjustable air suspension that does not bounce. Second we worked on the price point. Our approach allowed us to save money but also allows you to build your trailer buying the options you want as you go. Our experience on the road combined with our engineering and machining specialties allowed us to make a trailer far superior to any on the market today. We are confident that our trailer rises far to the top among the competition.
