Grand Master Riders

Bill #10040 Sarah #10039

Greetings G.W.R.R.A. Family,

Sarah and I do hope all is well with all of you and yours, and we also hope that most of you have been able to get out and do some riding. Sarah and I were recently able to do so and believe me it felt really good to be back in the saddle for both of us it's been a while. I knew the bike was ready but the most important thing we all must remember about getting out and riding after a long absence of riding is that our mind and thought process is also ready.

So please if any of you have not been on your bikes for a while don't take it for granted that you are ready to just get on and ride take some time and think about many of the things you have been taught and you have seen and ride safe.

Remember that the Kansas District Rally in Salina, Kansas is just around the corner and it will be here before we all know it. And if you have yet to make your plans to attend and register please we encourage you to stop putting it off and do it now and come join the FUN.

Another thing to remember about the new riding season also means that all of us will be encountering other riders out there doing the same thing. But these are not just other rider enjoying the same thing we are doing, they are all potential and prospective new Members to our Organization. So use the opportunity to your advantage and introduce yourself to them and make sure you have Membership applications to give them on your bikes.

Have FUN and ride safe,

Bill and Sarah Watts, Kansas District Directors,

Hello Gold Wingers,

We had our first riding course for 2019, the Trike Course. The Classroom was held at Rick & Carolyn Stevens home again. We thank them for opening their home to us. As is Rider Ed policy, we feed them after the classroom then rode as a group to the range. Super good weather.

We had three new trike riders in the class and you could observe their confidence build and skills improved as they progressed through the range exercises. And it was fun to watch the veteran riders resharpening their skills after the winter layoff.

We have announced that the BRC2 scheduled for May 5th has been moved to June 8th. The reason is MSF (Motorcycle Safety Foundation) is requiring us to recertify our range because the new/updated BRC2 will be taught. We hope to have that certification completed by June 8th. If not we will postpone it until we get the go ahead from MSF. Rick Stevens ADE is working on it for all of us.

The TTRC (Trike Trailering Riding Course) is schedule for May 11th and will be held unless the weather doesn't permit it. To enroll, email Rick Stevens [stevensrf@cox.net](mailto:stevensrf@cox.net).

Yes, we provide lunch for this class as well. If you ride with a Co-Rider, bring them. The fee (\$25.00 Members) for the course is for 1 Trike/Trailer, one or two up, 1 meal./person No additional costs.

The TC (Trailering course for two wheelers) has for this weekend (5-4-19) has been cancelled because not enough people signed up. Our apologies to those 3 that did sign up.

The Fall "Kansas Summit" date has been selected. It will be November 9th, 2019. We hope to have the location nailed down very soon. I will send an email to the CD's as soon as we can.

Is there any particular Seminar/Module you would like to have presented. If so, email it to me. I've had one request for the seminar Riding the Hills, Mountain and Curves. I advised that member that it will be offered at this years rally so probably will not be repeated at the "Summit".

Here is a 'Be prepared' that I thought about the other night will driving home (in my car) on a county road. We often mentioned to be on the lookout for kids chasing a bouncing ball around the schools during the day, but fail to remind everyone that will be driving on those dark county roads and you are approaching a farm house, slow and look for that farmer's dog running out of the yard toward your patch of travel. We do it for deer, dogs like to chance vehicles, so. just a something else to concern ourselves with a safe trip. Remember, "Predict the Worse thing to get the best results of your avoidance of something missing with your evening ride.

I have a couple of thoughts for you. Practice Makes Permanent! You are what you practice. So if you practice on your own, I hope you have taken one of GWRRA's Riding courses. Practice what you learned there, not what someone has told you to do, unless it was a Trained Motorcycle Instructor/Rider Coach.

My second thought for you: If you keep on doing what your are doing, you will keep on getting what you have been getting. Again, Take a course under the professional GWRRA Instructors in your area.

The rest of this article is I'm on my soap box again. Be sure to read the DETAILS part of the article. Maybe me using this communication vehicle may save a life. I'm not apologizing, just hoping to get your attention to some important training that saves lives GWRRA has for you.

### **Please read this article!**

I read in the Wichita Eagle Neighbors this week about two teenagers (a young man & woman) saved the life of their Dad BECAUSE they took a CPR class at Johnson Co high school; two weeks later they performed CPR on their Dad and saved his life. He has made a full recovery.

**DETAILS:** The son (Seth) couldn't fully participate in the training because he of a broken collarbone. But he was paying close attention. Seth,14 said he learned. "Don't be too scared to do CPR if it's happening.". On Feb 15th They were home because of a snow day. Their 52 year old father, was in the kitchen making lunch when he told Seth he suddenly wasn't feeling well. He sat down on the couch, but then things go worse. "He was kind of grunting and I didn't know what was going on, so I just yelled his name and he wouldn't respond" said Seth. The 18 year old daughter (Claire) heard the yells and the two of them pulled their dad off the couch and laid him flat. He wasn't breathing. Claire told Seth to call 911 and then she started CPR. She had the training before for her summer job as a life guard so she knew what she was doing. BUT after about four minutes of heavy chest compressions she was spent, and she had the Seth take over. "Claire said "It was really exhausting" "I couldn't imagine doing it any more. If Seth hadn't been there I would have (tried), but it helped a lot that he was". About two minutes later the paramedics arrived and took over, doing chest Compressions and shocking Dad three times with an AED (automatic External Defibrillator).

The kids say they don't take life for granted anymore that they will always have one another. The father commented: "**THANKFULLY MY KIDS HAD LEARNED CPR.** Everything was a miracle with Seth taking the CPR class just two weeks ago" The kids said their dad's brush with death has brought their family closer. They spend more time together now and they don't take for granted that they will always have one another. A happy ending to a Almost tragic story. Claire & Seth said they encourage others to get CPR training and not be afraid to put it to use. "Always jump into action," Claire said, "Even if it doesn't end up working, at least you tried."

**I share this with you to make MY Point**—being. Please know that the Medic First Aid training we provide is for EVERYONE. **Myth: The MFA is not just for the members in the level program.** Yes it is a levels requirement, BUT you can have peace of mind when riding in a group that someone is in the levels program and is prepared to help you medically if the need arises. **SO, do yourself and your family and friends a favor. Find a MFA (Medic First Aid) class, enroll, participate. Like the DAD in this true story, You may be glad you did.** You pack your bike with many layers of clothing when going on a trip, don't you? Its just better to have it and not need it than need it and didn't pack it. The same philosophy with CPR/First Aid.

One more reminder. Carry a list of your medications and be sure it is accessible. I carry a Epie Pen and Nitro Pills in my left pant pocket. And I make sure the group I'm riding with know about it.

My Rider Education team is ready to come to your chapter location and put on seminars. That includes CPR/1st Aid.. Our rally is almost upon us. June 21-22, Salina Ks at the Quality Inn Motel. Hope to see you in one of our classrooms.

Hello fellow riders...

This month's newsletter is going to be short and sweet as this month has been kind of slow.

The 7<sup>th</sup> was the 1<sup>st</sup> Sunday of the month which means its Biker Sunday in Cassoday. I believe Larry and I were the only ones I saw up there from Chapter A; although we did meet up with Rick Kistler from Chapter F in El Dorado. The weather started out being not so nice with fog so thick you couldn't see more than 100 feet ahead of you but when you leave @ 7:30 in the morning the streets are not very busy as everyone is either in church or still in bed sleeping. As the morning went on the fog lifted and the bikes began to arrive. Remember Chapter F has a little club house where we all park our bikes while we do a walk-a-bout to see the sights (And Dee Shannon makes a great breakfast burrito). So if you ever decide to go to Cassoday for biker Sunday you should plan to stop by.

We had our monthly meeting on April 11<sup>th</sup> and as usual there were a lot of people in attendance. The food is good but the company is better. And now that the weather is getting nicer going to the monthly meeting helps members learn about the events that have passed and how much fun was had by those who attended...as well as helps us learn about the great things that are coming up and you might not want to miss.

On the 20<sup>th</sup> was the district's Trike class which our Asst Chapter Director Bob Brown helps to teach and this was another event that Larry and I attended. We started out spending the morning doing classroom stuff which included watching slide show and having conversation about what we should and shouldn't do when riding the bike. We had pizza for lunch then road to the range. There were a total of 7 bikes in this class and the weather was perfect. I will tell you that when the class was over I was beat. Even though this was my 4<sup>th</sup> time for taking this class I learn something new every time. (this time I learned that I can still turn my bike quickly if I have to...even after having rotator cuff surgery not quite 3 months before)

On the 27<sup>th</sup> & 28<sup>th</sup> our District Ride Coordinators Bob & Barb Brown planned a great District ride down to Oklahoma that I wish I had been able to go on. I'm sure that they will post a story all about this ride and the fun that everyone had.

Here's what I know about what's going on in May

2<sup>nd</sup> is the BRC class  
2<sup>nd</sup> Chris Roberts birthday

4<sup>th</sup> Janet Morgan's birthday  
4<sup>th</sup> Marilyn Powell's birthday

9<sup>th</sup> is our monthly chapter meeting @ the Country Café @ 2804 South Seneca. The meeting starts @ 7:00 but please come early for a meal and/or to visit with the other members...

12<sup>th</sup> is Mother's Day so please do not forget your Mother or the Mother of your children on this special day.

18<sup>th</sup> is our Mother's Day Ride. The plan is to ride to Henry's Candy Company in Dexter Kansas. We will meet at the Quik Trip in Derby located @ 71<sup>st</sup> and K-15 with helmet time being 9:00am. This trip will take about an hour to make which should put us in Dexter @ 10:00am. After everyone is done looking at the candy we will then ride for about 30 minutes to Winfield where we will be going to Boss Hog's BBQ for lunch. Please let Larry Mazur our Chapter Ride coordinator know if you are planning on attending this event as he would like to get a head count to give to the people at Boss Hog BBQ.

21<sup>st</sup> – Lloyd Deans Birthday

30<sup>th</sup> – Brenda Gouvian's birthday

Don't forget our District Rally is coming up on June 21<sup>st</sup> & 22<sup>nd</sup> in Salina Kansas

Remember to ride them not hide them

April 4 was the first dinner ride of the season for Chapter B. The weather forecast was for rain, so many of the members ventured to Lawrence on four wheels. Dinner was enjoyed at Biemer's Barbecue by twenty people. The conversations were lively and the food yummy.

Back roads and riding provide an adventure and get away for many. Allen Robertson's "Parked Motorcycle Syndrome" prompted him to lead several rides to surrounding towns as well as ROMEO rides. These have been enjoyed by many of the guys in the group during this past month.

Visiting small town restaurants with seventy or more of your favorite friends can be an interesting time. Plus, it moves the "honey-do" lists to the back burner and allows more enjoyable things to come first.

Chapter B events for May:

May 2 - Dinner Ride

May 9-10 - Flint Hills Ride

May 16 - Chapter Meeting

May 25 - Breakfast Ride

May 30-June 1 - Missouri District Rally

We have had some beautiful weather and not so beautiful weather. Riding season is upon us. As far as John and I, we have not ridden much but hopefully will get more riding in soon.

Our April monthly supper ride took us to Boomer's in Holton. We had eight in attendance. The food was good as it always is. Same with the company. We always have good conversations and a lot of fun.

Because of the up and down weather forecast, we cancelled our extended ride which we had planned to eat at the restaurant in Dover and go for a short ride in addition to that. Don and Brenda decided to attend the Chapter F birthday party in Cassoday. They reported that it was a great turnout and enjoyed it.

We had 15 in attendance at our monthly meeting. We discussed a enjoyable ride route that includes Topeka, Manhattan and Emporia. Randy mentioned that a person should get to know the bike or trike that they plan to ride before actually taking off on a very long ride. He talked about someone riding a Harley and having an accident in Arkansas. Don and Brenda won the larger 50/50 pot and Ken and Arlene won the second pot.

We talked about our upcoming events in May. On May 11, our extended ride is going to Marysville to the Wagon Wheel. It is a great place to eat. However, John and I won't make that one. We are headed to Rogers, Arkansas for our great-grandson's 2 year old birthday party. That was not a tough decision at all. We haven't seen little David since Christmas so we are really looking forward to it. However, we are disappointed that we will miss the ride. But, we will have a lot more chances to ride.

KSC Continued

We were glad that Rick and Rita were able to make it to the meeting. We are all hoping that Rita will get some relief for her back soon.

The Kansas District Rally is June 21 – 22. Whoa! That's just a few weekends away! If you haven't sent your rally registration to Judy Eggleston and your hotel reservations made yet, DO IT! If you need a registration form, you can print it from our District website or contact me and I'll get it to you via email. Come on people! Let's "Get 'er done!" We would love to see a good showing from Chapter H members. The schedule looks like it will be a ton of fun and full of informative seminars. The weather forecast is clear skies and temperatures in the 80's and 90's.

I can't stress enough how good the Road Captain course is for everyone. It will be held at the Rally on June 22 from 8 a.m. until noon. Whether you want to lead a group, be a tail gunner, or just ride in the middle of a group. This course explains how we ride and why we ride in a group. It definitely makes our rides more enjoyable and safe if everyone understands what's happening.

You may have noticed (or if not, here is your heads up) Our meeting for May has been moved to May 4th. Georgeanna and I are hosting an after graduation party on May 11. (SEE THE PRE-MEETING RIDE INFORMATION (Page 4) REMINDER: if you have a game we can play at our meeting, bring it on! We are all about FUN and having a good time!

Speaking of good times and having FUN...the weather is beautiful and riding season is here! Check your gear, your machine, and yourself and get out there! Have FUN!

Did you know there is a relationship between volunteering and improved physical health and cognitive function? Research also shows that volunteers report elevated mood and less depression, and that volunteers report increased social interactions and social support, better relationship quality, and decreased loneliness. So if most of us want to volunteer, and we believe it is good for us, why aren't all of us volunteering?"

We are sure this does not pertain to everyone, although we have seen it many times. The "job" is perceived as hard because of how hard the volunteer(s) are working. Most times this is caused by a person or couple trying to do everything by themselves. Over the years there have been many volunteers that, over a period of time, have done great things within the organization. But they did it alone. They did not share the responsibilities with anyone else.

This has created a problem within our organization. We now have many Members that think the "job" is too hard. On the other hand we have a whole lot of Members that do not know anything about the "job" because no one shared the responsibilities with them.

Once someone becomes a volunteer they need to surround themselves with a "team" that will help them succeed. If one position takes two or more volunteers to make it work for the organization, then so be it. The more the merrier. This also spreads the knowledge of this particular position, thereby giving you more people to look at as a replacement once you find it's time to move on. Remember the old saying, "if everyone does a little bit, then no one has to do a lot."

As I'm sitting here typing this newsletter I'm listening to the wind and rain outside. The sound can be soothing, but just not the makings for a good riding day. I guess we'll see if April showers bring the May flowers!

We hope that all of you had the opportunity to spend some good family time on Easter. We were blessed with our children and grandchildren for the evening. Family time for most of us can be a limited item, so take advantage of every moment you can grab hold of.

Jack and I were able to attend KSF supper ride on the 5<sup>th</sup> to King Buffet in Augusta. We had a very nice time visiting with everyone and the attendance was very good.

On April 13<sup>th</sup> we had a breakfast gathering at the Tee Time Café in Clearwater. Our group was small but the quality of conversation was great. We want to thank all of you that took the time to join us that morning. As for my girl Bacardi, she got her scrambled eggs and bacon, since she had to wait in the car that was the least I could do for her!

Unfortunately there were several events that we couldn't attend thanks to our busy softball life. We hope that those who were able to attend the District Ride had a wonderful time.

Our birthdays and anniversary for this month just happen to all be in the same household. Duane Kalous birthday on the 17<sup>th</sup> and Vickie's birthday is on the 25<sup>th</sup>. However, before their birthdays, they will celebrate their anniversary on the 12<sup>th</sup>.

As of this writing we have a dinner ride scheduled for May 25<sup>th</sup> to La Fogata Mexican Café in Harper, Ks., at 5:30pm. As the time gets closer we'll get a head count and decide if it's still ago.

Until the next time,

Be safe,

Jack & Teresa Kistler, KSQ Sr. Chapter Directors

“Law Tigers Vision: To be the resource the motorcycle community turns to when in need.”

“Law Tigers Mission Statement: To be an integral part of the riding community, including rider education, charitable support, and safety and awareness initiatives. We are committed to advocating on behalf of injured motorcycle riders and fighting for them every step of the way.”

### **WHY SHOULD YOU CALL LAW TIGERS?**

We get it. Most people don’t want to involve a lawyer when they get hit on the road. Maybe the damage wasn’t that bad, and you feel fine.

Here’s the reality...

Without representation, there are no guarantees that you’ll get a fair shake.

Hospitals, medical providers, and insurance companies fight to make a profit from the worst day of your life. Without the right motorcycle lawyer on your side you will be the only loser in that fight.

### **WHAT LAW TIGERS MOTORCYCLE ACCIDENT ATTORNEYS DO FOR THEIR CLIENTS**

At Law Tigers, our main focus is to assist in the prevention of motorcycle accidents, and to promote motorcycle safety. However, when accidents do occur, a Law Tigers motorcycle accident attorney is there to assist you. Available for free consultations (at our office, hospital, or your home), we provide clients with aggressive, experienced representation. As motorcyclists ourselves, we understand the challenges that you’re going through and are prepared to assist you every step of the way. Because we are committed to helping our fellow motorcycle riders, we work on a contingency basis. There are no up-front charges, and our motorcycle accident attorney will only receive legal fees upon conclusion of your motorcycle accident case.

### **MOTORCYCLE ACCIDENT REPRESENTATION: IT’S THE ONLY THING WE DO**

If you have been injured as the result of another motorist’s reckless, negligent, or careless driving, you may be entitled to compensation for any damages you suffer. A Law Tigers motorcycle accident attorney can help you get your life back on track and help you obtain the maximum settlement possible.

[Find a motorcycle accident attorney near you](#) or call Law Tigers, toll-free, at 1-888-863-7216. Our lawyers are available—24 hours a day, 7 days a week.

### **HOW MUCH DOES IT COST TO HAVE LAW TIGERS REPRESENT YOU?**

Every attorney-client relationship with our personal injury lawyers begins with a free consultation. Once we have evaluated your motorcycle injury case and determined it is viable, we charge no fee. That means client do not pay attorney fees unless we obtain compensation on their claim, either through a settlement or a trial.

### **MOTORCYCLE ACCIDENT REPRESENTATION: It’s the only thing we do**
