From your Kansas District Directors Joe & Deb Gattenby

Congratulations to Gary and Reba Ohler ! They are the recipients of the Frank Patton Award presented at the KS Rally. It is a hard earned and well deserved award. We are very proud of them.

September was certainly a busy month for us. We had a great time at the Kansas District Rally in Independence. The City really came through in a spectacular way and provided all that they had promised. There were just a couple of hiccups at the motel, but they were handled quickly and to everyone's satisfaction.

The 9/11 Memorial Ceremony and concert were fantastic, and from what I heard, the Optimist Club pancake breakfast was really good.

Friday evening was the light parade led by the Chief of Police. It looked really sharp leaving and on it's pass by the convention center. A big thank you to all that participated!

The rally itself was a hoot! There was enough to do to keep us occupied and also enough free time to allow us to socialize and catch up with folks we haven't seen in a long time.

To all the contributors to the silent auctions, thank you so very much, they were a big hit! Bob Brown is now the proud owner of a yellow 1000; Sarah Hoogendoor from OK-K made a haul with an afghan, wooden flag and crocheted bags; the two stained glass hearts went to Terri Bockhaus and Barbara Wiggins; Michelle Grooms won the red and white afghan. I got a really cool cross stitched Gold Wing for my man cave and if I forgot anyone else, I'm sorry I'm doing this in my camper at Council Grove.

Thanks to Steve Bockhaus and his crew for a really cool bike show. They handed out some very unique trophies. I'm sure they'll be talked about for quite some time.

To the State Team that put this rally together

It couldn't have been done without your help and support.

Rider Ed had some really good seminars, Kit Sand got us some really great vendors and UTI put on a great COY seminar. Thank you again, what a GREAT team!

We almost got to catch our breath before leaving the next week for Oklahoma and their rally in Muskogee. There was a pretty good turn-out of KS folks there. The Three Wing Circus theme was a ton of fun. My youngest brother turned up in his clown regalia. He's a professional clown and walks parades raising money for Shrine hospitals.

We saw some of the Arkansas and Texas folks that attended our rally, and got to spend a little more time visiting with them. Oklahoma puts on a great rally and next year it will be in Ponca City just before Halloween. Let's all go next year, in costumes, and scare the heck out of them!

Debbie and I are camping in Council Grove now, waiting for folks to show up for our annual District Campout. I'm positive it'll be another fun time for those attending. We have the food, the movies, popcorn and plans for a great weekend! But for now we're going to relax, fish a bit, nap a bit, but mostly relax.

Hope to see you all real soon!

A WORD FROM YOUR DISTRICT RIDER EDUCATORS

Hello everyone, here it is October already! It is almost time to do some fall rides to see the leaves changing colors and enjoy the cooler weather. Even though the days are getting shorter there is still lots of great riding days still left.

As I write this newsletter we have just returned from a great weekend in Independence, KS for the long-awaited Kansas District Rally. The members that attended the rally had a great time.

It was nice to be able to gather together and catch up with friends we have not seen in a while.

We had 2 seminars presented by the Rider Ed. staff. Bob Brown presented "*Mountains, Hills and Curves*", Rick Stevens presented "*Crash Scene Response*" and Don & Jan Schroeder put on a presentation "*How to Pack Your Bike*". 70 members attended these presentations and we thank you for attending the offered training.

On Friday evening the City of Independence Chamber of Commerce and Police Department put together a very nice twilight ride through the city. We had 30 motorcycles and 1 car participated. We toured the city park and saw the carousel, train, and the baseball stadium where the first baseball game was played under lights. We saw some of the historic homes in town and then something very strange happen on the ride... 30 Goldwings + one car passed a Dairy Queen and not one bike stopped!! That has to be the first time that has happened! It was a great rally and we look forward to doing it all over again next year.

I have included an article with some tips on purchasing and properly fitting a helmet. I hope this article is helpful when the time comes to replace your helmet. Remember the best helmet for you is the one that you will wear.

So long until next month.

HELMET SIZING

There is more to fitting a helmet than buying one that matches your hat size or guessing "small, medium or large."

- Using the chart to the right:

- ★ Measure your head around and above your eyebrows.
- ★ Try several times.
- ★ If your head size falls between the numbers listed, use the larger size.
- ★ Helmet sizes vary among manufactures and model types.

Getting the Right Fit

	inches	cm	Hat Size
	21 1/4	54	6 3/4
	21 5/8	54.9	6 7/8
	22	55.9	7
	22 3/8	56.8	7 1/8
	22 3/4a	57.8	7 1/4
	23 1/8	58.7	7 3/8
	23 7/8	60.6	7 5/8
	24 1/4	61.6	7 3/4

Size

There's more to fitting a helmet than just buying the one that matches your hat size or guessing at "small, medium or large."

However, hat size is a good starting point. If you don't know your size, you can use the chart above. Measure your head at its largest circumference - usually just above your eyebrows in front, over your eyes and around in back. Try it several times so you know you've gotten the largest number. If your head size falls between the numbers listed, use the larger size.

Most helmets are marked and sold as S, M, L or XL, so you may need to contact the manufacturer for size equivalents. Helmet sizes vary among manufacturers and model types.

The Best Way to Try on Your Helmet

- Hold it by the chin straps. The bottom of the helmet should face you with the front pointing down.
- Put your thumbs on the inside of the straps, balancing the helmet with your fingertips.
- Spread the sides of the helmet apart slightly and slip it down over your head using the chin straps.

The helmet should fit snugly and may even feel a bit too tight until it is in place correctly. Be sure it sits squarely on your head. It shouldn't be tilted back on your head like a hat. Remember, if your helmet is too large, several things could happen: it will move around and up and down on your head when you least want it to; it can be noisy and let in wind, worst of all, it may come off in a crash!

Once the helmet is on your head, make a few other fit checks before fastening the straps.

- The cheek pads should touch your cheeks without pressing uncomfortably.
- There should be no gaps between your temples and the brow pads.
- If the helmet has a neck roll, it shouldn't push the helmet away from the back of your neck.
- On full-face helmets, press on the chin piece. The helmet or face shield should not touch your nose or chin. If it does, it will surely do so at speed from wind pressure.

With the helmet still on and the straps securely fastened, move it from side to side and up and down with your hands. If it fits right, your skin should move as the helmet is moved. You should feel as if a slight, even pressure being exerted all over your head. Remember, too, that a helmet loosens up a bit as the comfort liner compresses through use. A new helmet should be as tight as you can comfortably wear it.

Now, with the chin strap still securely fastened and your head straight, try rolling the helmet forward off your head. You shouldn't be able to pull it off. If you can, the helmet is too big.

Take *off* the helmet. Does your head feel sore anywhere? Are there any red spots on your forehead? Pressure points can be uncomfortable and can cause a headache after a long ride, so be sure your helmet isn't causing any. If it is, choose the next largest size or try a different brand of helmet. Human heads are not all the same shape, neither are helmets.

If you are still unsure about the helmet's fit, wear it around the store for a while to see if it remains comfortable. A helmet is an important investment, no matter what its price. Be sure the one you choose is right for you.

Howdy everyone! I hope y'all are doing great since we last talked.

It is so hard to believe that October is quickly upon us! The temperatures outside definitely make it wonderful to get out and ride. Even though our Chapter did not have any scheduled rides this month, quite a few still got on their bikes "just to get out and enjoy" this beautiful fall weather.

The Kansas State Rally was a great time! Independence, Kansas is a wonderful little town. The towns people definitely welcomed all of us with open arms. Congratulations go to Gary & Reba Ohler for receiving the Frank Patton Award. They have definitely earned it! Everyone stayed busy from the baseball games, shopping, town scavenger hunt, seminars, puzzles, fill in the blank game sheets and seeing old friends along with making a couple new ones. The Jenga game even made an appearance. The people from Chapter A, that attended, told Chris and I that they had a wonderful time. I know that we didn't go to bed early at all the whole weekend. We thank Joe, Debbie and all who helped put together, set up and tear down this fun event. Cannot wait until next year's fun!!

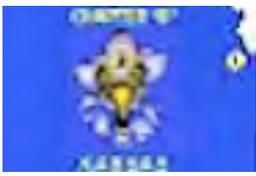

October brings Chapter A with one birthday and one anniversary. Please help us wish a HAPPY BIRTHDAY to Bob Davis on October 13th. Congratulations and HAPPY ANNIVERSARY to Chuck and Linda McClung on October 2nd.

We are currently working on possibly putting together a couple trips/dinner rides together for October. We are definitely having a Halloween party at the Grooms home on October 31st. I will send out the information as soon as we have it.

Our next Chapter A "eat & meet" is October 14th at Spears Restaurant, 4323 W. Maple Street in Wichita. Hope to see everyone there!!

Chapter B was excited to have the most members from a Chapter at the Kansas Rally this year. What a great time it was! There were many things to do. The scavenger hunt was enjoyed by several of our members and the town of Independence was very welcoming to all. The parade was a highlight with many spectators coming out to look at the bikes.

Bob Garrett won the best trike at the bike show and Bob Garrett and Gary Ohler won candles. Nancy Chirafisi was lucky in the 50/50 on Saturday, winning both second and third prizes. She was gracious and returned the third-place prize money so that it could be shared with someone else.

Gary and Reba Ohler were surprised to win the Frank Patton Award. It was well deserved for the many things that they have done at both the local and state levels. It was a wonderful time with friends.

Bob Savner led ten bikes and eleven members on a ride to Tonganoxie for breakfast on August 28th. Eighteen more members were at Flashbacks to greet the riders and enjoy a meal together. It was great food and friendship on a Saturday morning.

Gary Ohler took seven bikes and eight members on a ride to Leavenworth on September 2nd. Five additional members were waiting for the group at the Metropolitan Steak House, also known as "the little house across from the big house". The steak house is across the street from the penitentiary. Once again it was great food and fellowship on a fun dinner ride.

Gary and Reba Ohler headed off to Muskogee to have fun at the Oklahoma Rally on September 16th, while the rest of us had our monthly meeting. We discussed prior rides and planned new ones. Twenty-five members including visitors, Phil Curtis and Tony and Raye Hall, participated in the monthly trivia on cats. September is Happy Cat Month, so it seemed like an appropriate topic. Phil Curtis won with the most correct answers. Even though he claims to have never owned a cat, he certainly knew a lot about them!

Mick Schurer led the breakfast ride on September 25th. It was a perfect fall morning for a ride. Nine bikes and thirteen people traveled to Osawatomie to partake of food at Chris' Cafe. The food and visiting kept everyone entertained, another wonderful time with Chapter B.

Good day from F Troop!

We had our gathering on September 28th at Oil Hill School. There were 19 people present to eat, share stories, play games and to just have fun.

The State Campout is this weekend at Council Grove. Hope they have good weather and a great time.

I can't believe Halloween is just around the corner, Chris and Michelle are hosting a Halloween party at their house on October 30. Hope to see some awesome costumes! I think I will go as a pirate (peg leg) as I will be on crutches from having surgery on my knee.

But before you get all decked out in your costumes, look into taking the Bike Course at Hesston. Rick Steven say he still has a couple of openings.

Bob Warne of the CMA group announced that he can bless you bikes anywhere or anytime.

Deloris Shannon announced this is her last Cassoday Sunday. She has sold the club house to a nice couple that will take over next year. The Shannons will be very missed. Also she is stepping down as our treasurer and James Mabre will be taking on that position. Thanks James!! Deloris assured us she will still drop in and be a part of F Troop. Thank you Deloris for being a great treasurer and taking care of our money. You are a terrific, wonderful and loved lady!

Anniversaries this month were John and Karen Glaves celebrating 38 years. Wow! That's wonderful!

We played a game of “guess the phrase” and I couldn’t believe that everyone was getting them correct! Especially Mary from Chapter A! She was guessing before I could write them on the board LOL!. But, of course, Rick was giving out candy also to who guessed first, maybe that was the reason. I’ll give an example and see if you can get it: **Travel or Tunnel Light** Put on your thinking caps!

Joan Warne and John Glaves won our 50/50 both getting back \$14 dollars.

It was good to see everyone that came and we miss the ones that weren't there. Our next gathering is the 26th of October. Same place, same time, and different FUN!!

Have a wonderful Month and Please Stay Safe,

HAPPY HALLOWEEN!

September was a full month. Thanks to Joe and Debbie Gattenby for putting together a good Kansas Rally. There were several events and rides, and best of all, the weather is cooling off!! Be sure to check out the pics Ann has for us from September events.

The threat of COVID is still dampening some events and the Kansas Rally probably saw somewhat lower participation for that reason. I am aware that a couple members have had the virus recently, so please continue to be careful and considerate of others.

Later in October the 'team' will get together and make plans for next year. If anyone has rides or other events you want on the calendar, please let us know. We really would like to do things that are of interest to Chapter H members.

We are currently looking at meeting location and day of the week options. If any of you have thoughts and opinions regarding day of week or location, please feel free to share your thoughts with us. Remember there are many factors that go into deciding location and day of the week.

Be sure to watch the schedule of events. Chapter H members are great at joining rides and events. Our next meeting is at Gambino's, 210 S. Main in South Hutchinson. See the events page for something different at the meeting.

Thanks and keep up the good work!

ADVANCE RIDER COURSE (ACR)

We are able to offer a 2-wheel rider course. Learn new skills, refresh old ones. A safe rider is a happy rider! This is a NEW course, released for the first time at Wing Ding 2021.

When: October 10, 2021

Where: Start at Don & Jan's house, 708 Charles, Hesston.

Time: 7:30 a.m. registration, 8:00 a.m. class starts.

Coffee break.

11:30-12:00 lunch will be served.

12:00 - 4:30 (or a little shorter) range practice at the

Hesston High School parking lot. (water and snacks provided)

Bring: \$25 for rider (co-rider is free), license with motorcycle endorsement, proof of insurance, over the ankle boots or shoes, riding jacket or long sleeves, full finger gloves, helmet, eye protection (glasses or helmet visor counts as eye protection).

Why: Make riding safer and more fun by building, refreshing, or learning new rider skills. Maintain or upgrade your Levels program.

We do not expect a 2-wheel course to be offered in the spring of 2022. Only if this course cancels (eg: weather) will we offer a spring course. The Level's program has extended a grace period until June 30, 2022, but don't count on another extension if a spring course is not offered.

RSVP ASAP to kansaschapterh@gmail.com or rfstevens@gmail.com

CHAPTER P OCTOBER NEWSLETTER

Independence Rally had good attendance and plenty of activities to keep everyone busy. David and I had a good time and we took a ride to Coffeyville to tour the Dalton Gang Museum and Cemetery.

We also enjoyed the light parade through town and the cemetery, such a beautiful evening and lots of spectators came out to watch.

Happy Fall Everyone!

Just wanted to share with you some of the other fun rides Chapter P has held.

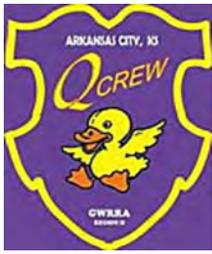

We had a breakfast ride on August 21st to Leon Kansas. Meeting at 8:00 a.m. in the east Target parking lot, 3 bikes and a car enjoyed a beautiful morning ride to the Prairie Café where the 8 of us enjoyed a leisurely breakfast and fun conversation.

On Sunday, August 29th we hosted a ride to Kingman, Kansas for breakfast at Jeri's Kitchen. The Stevens left the Kwik Shop at Kellogg and Maize Road and enjoyed the ride to Kingman, where we met up with Chris and Margo from Chapter A.

We are looking forward to the fall weather and some more riding. Hope to see you down the road for more great times together!

Appreciate your support!

Why should you call Law Tigers?

We get it. Most people don't want to involve a lawyer when they get hit on the road. Maybe the damage wasn't that bad, and you feel fine.

Here's the reality...

Without representation, there are no guarantees that you'll get a fair shake.

Hospitals, medical providers, and insurance companies fight to make a profit from the worst day of your life. Without the right motorcycle lawyer on your side you will be the only loser in that fight.

What Law Tigers Motorcycle Accident Attorneys do for their Clients

At Law Tigers, our main focus is to assist in the prevention of motorcycle accidents, and to promote motorcycle safety. However, when accidents do occur, a Law Tigers motorcycle accident attorney is there to assist you. Available for free consultations (at our office, hospital, or your home), we provide clients with aggressive, experienced representation. As motorcyclists ourselves, we understand the challenges that you are going through and are prepared to assist you every step of the way. Because we are committed to helping our fellow motorcycle riders, we work on a contingency basis. There are no up-front charges, and our motorcycle accident attorney will only receive legal fees upon conclusion of your motorcycle accident case.

Motorcycle Accident Representation: It's the only thing we do

If you have been injured as the result of another motorist's reckless, negligent, or careless driving, you may be entitled to compensation for any damages you suffer. A Law Tigers motorcycle accident attorney can help you get your life back on track and help you obtain the maximum settlement possible.

[Find a motorcycle accident attorney near you](#) or call Law Tigers, toll-free, at 1-888-863-7216. Our lawyers are available — 24 hours a day, 7 days a week.

How much does it cost to have Law tigers represent you?

Every attorney-client relationship with our personal injury lawyers begins with a free consultation. Once we have evaluated your motorcycle injury case and determined it is viable, we charge no fee. That means clients do not pay attorney fees unless we obtain compensation on their claim, either through a settlement or a trial.

RACKUP TRAILERS

Manufactured 100% in Tennessee, we make and sale new and pre-owned trailers for motorcycle, ATV, Razor, Jeep, Mini-Cooper, Smart Car, and other vehicles.

RackUp trailers is your premier source for motorcycle, utility vehicle, and small vehicle trailers. Why choose Rack Up? Rack Up trailers were designed by people who use them. Tracing our roots over a decade ago, we quickly noticed that the trailers on the market had suspension issues causing the trailer to bounce and handle poorly. We also noticed most trailers were set at a price point that were not feasible for a single transaction.

We set out to change that. First we worked with the suspension and developed an adjustable air suspension that does not bounce. Second we worked on the price point. Our approach allowed us to save money but also allows you to build your trailer buying the options you want as you go. Our experience on the road combined with our engineering and machining specialties allowed us to make a trailer far superior to any on the market today. We are confident that our trailer rises far to the top among the competition.
