# STEELHEAD
technologies

IT'S LIKE USING RADAR IN A RAINSTORM OF WORK ORDERS

DATA.
No more flying blind.

EASY TO USE.
Like a toaster.

PLANT VISIBILITY.
Before you brush your teeth.

COMMUNICATION.
Without the phone calls.

PAPERWORK.
Without the paper cuts.

QUALITY.
Fix it once, fix it forever.

Save what you cannot get back,
YOUR TIME.

Run your plant more profitably,
WITH BETTER DATA.

Make faster decisions, with
REAL TIME VISIBILITY.

Focus on the big picture,
AUTOMATE THE MUNDANE.

STEELHEAD TECHNOLOGIES

PROVIDES A MODERN PLANT EXECUTION SYSTEM SPECIFICALLY ENGINEERED FOR PROCESS BASED MANUFACTURING

DATA AND REPORTING

- Track cost, personnel, profitability, rework, quality data, on time performance, and much more
- Live data, charts, and statistics from home, the golf course, or the beach
- Custom reports, nothing canned

PLANT DASHBOARDS

- Create unlimited custom dashboards
- Live plant wide view from any where
- No more "Where are these parts?"

SUPER SIMPLE OPERATOR INTERFACE

- If your operators can order a shirt on eBay, they can use Steelhead
- Rich task instruction, including pictures, video, and processing specifications
- Drive quality and improve training with part number specific instructions and photos
- Instruct operators and collect production data with a simple and easy interface

PROCESS MANAGEMENT MADE FOR PROCESSING

- Intuitive platform to manage and execute thousands of work flow variations
- Automated task instruction provides operators 100% guidance no matter the recipe

PAPERWORK – MADE PAPERLESS

- Digitize quotes, received orders, work orders, certifications, shipping and invoices
- Sign and send right on a mobile device
- Customize to your plant

CUSTOMER COMMUNICATION

- Eliminate customer phone calls with a customer portal and email notifications
- Send digital quotes, shippers, certifications and invoices in one click
