22. CLASS INFORMATION AND GUIDELINES

*****CONCOURS D'ELEGANCE CLASS GUIDELINES*****

Concours D'Elegance is a "Competition of Elegance".

This is a ridden costume class (not a fancy dress) where competitors' outfits are inspired by a period in history when one might display their wealth or position with fine clothes and horses. Costumes need not be 'historically accurate' but should create an impression of an era in time (e.g. Edwardian, Victorian, Medieval, Tudor etc.)

In keeping with the tradition of ridden Concours events, the rider's skirt should cover the rider's legs and saddle and flow back over the horse's rump. Helmets are optional, and a rider that chooses to wear one will not be disadvantaged but it should be decorated to suit the outfit but hat/helmet and gloves are mandatory as a part of your attire.

Tack is to be well fitted, clean and appropriate to your theme whether it be plain hunter style or tack designed to fit impression of the era you are portraying. NO over the top or bling tack will be permitted.

This is a ridden event only, no led entries will be accepted.

The event will be judged at a walk, trot and canter. It is up to Judge's discretion and class size as to whether they judge all on the circle or give individual work outs. The Judge will be looking for the total package: horse, rider and outfit that shows style and elegance. The horse should display the manners of education whilst the rider should display confidence in their ability to handle their mount.

Open to all horses/ponies. Side saddles are permitted.

THIS IS A WALK, TROT & CANTER CLASS - PLEASE ONLY ENTER IF YOU ARE WILLING TO PERFORM ALL 3 GAITS.

*****CHILDRENS CONCOURS D'ELEGANCE CLASS GUIDELINES*****

In regard to the children's Concours D' Elegance class, this can be done either led or ridden (independent or leadline is acceptable). This class will be judged at a walk with a small amount of trot. Children will not be disadvantaged for leading their mount in or for competing on leadline but will need to show confidence in the ability to handle their mount.

Helmets are mandatory for all ridden child exhibits.

Attire for this event will be held to the same standards as described above in the adults.

*****LED COSTUME CLASSES*****

We have opened up a led version of our costume classes for those whom either the horse is too young, inexperienced or the handler/rider is not comfortable to do said costume classes under saddle.

These classes will be performed in appropriate attire for said class and will be required to do a small workout of walk and trot. We understand some handlers may not be up to trotting the horse. If this is the case, please notify the Steward so the Judge can be made aware, as we will have a separate small routine suitable so all can be judged fairly.

23. COVID-19 RULES & OBLIGATIONS

23.1. B&DBAInc. is operating in compliance with the following Public Health Direction Restrictions on Businesses, Activities and Undertakings Direction (No 3). A copy of the COVID-10 Safe Industry Plan may be found at <https://www.covid19.qld.gov.au/>

23.5. Spectators must adhere to social distancing rules of 1.5m & must not congregate in areas. Please park with social distancing in mind.

BIOSECURITY AND COVID RECOMMENDATIONS FOR PARTICIPANTS

Primary responsibility for biosecurity at equestrian events lies with all attendees. All participants should be aware that you have a biosecurity obligation to take all reasonable steps to ensure your activities do not spread pest, disease, or contaminant. Participants are asked to ensure good biosecurity practices at home, and adhere to the following:-

- Stay at home if you are sick or have been in contact with anyone that has COVID19
- Ensure the event organisers have the details of any support person who has accompanied you to the event.
- Ensure all practice social distancing (1.5meters) and hand hygiene
- Compulsory completion of Horse Health Declaration for each horse and submit prior to riding
- Prior to attending ensure horses are clean and hooves are picked clean of all solid material and washed
- Prior to attending clean vehicles and equipment accompanying horses to remove all solid materials that could contain disease agents
- DO NOT bring sick horses to the event. Sick animals may get worse during transport and infect other horses. Visually inspect horses to be transported and check temperatures on the morning of the event, if in doubt ask your vet to examine the horse
- Provide truthful and accurate information as required
- Carry out instructions from the horse health official
- Monitor your horse's health throughout the event and notify the horse health official if you see any signs of illness, strange behavior or signs of disease
- Do not share tack and equipment including food and water containers between horses.

16th - 18th, July 2021

- Minimize contact between horses and other people - discourage people from touching your horses as this is a keyway for disease to spread from horse to horse
- Not to allow horses to eat any other horses feed
- Take home any leftover feed or place in designated compost site
- Pick up your horses' manure and place in designated manure site
- Wash hands between horse contacts, wash your hands with clean water or disinfect with hand sanitizer

VET GOLD

Following the success of **HOOF GOLD™** and increasing demand from Veterinarians, Farriers and clients we embarked on producing our next generation of formulas.

We are proud to announce the release of our two new patent formulations, **BONE GOLD™** and **COAT GOLD™** in both the Equine and Canine presentations. Our Formulas have been granted Innovative Patents as they present as totally unique in the market and are clearly differentiated from all other supplements.

Our new products have been produced with the same attention to detail with the highest quality pharmaceutical grade ingredients manufactured in an Australian APVMA CLASS 2 registered and certified laboratory.

Unlike most other supplements made in feed barns or pet food factories, this guarantees the quality and quantity of each ingredient in all our products.

VET GOLD™ products are made in the same laboratories as many Veterinary pharmaceuticals with the highest quality control standards in the Australian Veterinary industry.

Our products are developed with specialist bio-engineers focused on ensuring maximising product effectiveness balancing ingredient ratios and particle sizes to optimise physiological uptake, digestibility and stability.

Extensive research and development in conjunction with clinical testing and observation by Veterinary Surgeons on clinical equine and canine cases is conducted on all our products.

Dr Watts has lectured at Equine Veterinary Association meetings, at the University of Queensland and runs regular remedial equine podiatry workshops in conjunction with Veterinary colleagues and Farriers in addition to running a busy clinical equine practice.

VET GOLD™ is a family owned Australian business that takes pride in all our product range with comprehensive personal support with any questions answered directly by Dr Andrew Watts and his stoic knowledgeable partner Mel Watts.

Please feel welcome to contact us anytime, we look forward to personally providing any technical or medical support or information regarding our products.

MEMORIAL CLASSES

Gelding Of The Show

To honour our unspoken heroes of the breeds the amazing geldings who are out competing year round in rain, hail or shine to promote their breeds.

This year our tribute is to the beautiful Cleveland Bay Partbred Gelding owned by Majella Ney affectionally known as Guinness. May he rest in peace and shine a light on all breed ambassadors.

Bryntawel Aeor (stable name Guinness) was a Cleveland Bay x TB (he also had a twin) & he came to me on a free lease to trial in 2010 at the age of 16yrs, & he stayed with me for 11yrs until he went over the rainbow bridge on the 8th of February, 2021 at the wonderful age of 27yrs.

Guinness had been at RDA for approx. 10mths & was in a paddock for 2yrs recovering from a suspensory ligament injury when he came to me. Prior to all of this, he had been used exclusively as a dressage horse.

I was very privileged to be able to take Guinness to Pony Club to attend musters & then we went on to begin competing together at the following discipline's: -

Dressage Combined Training
Jumping Equitation Show Jumping
Formal & Sporting Gymkhana's
Agriculture Shows
Baroque & Distinctive Breeds Show

The only discipline he did not like was x/country as he found too many monsters under/behind the x/country jumps lol

Guinness came home with a ribbon or multiple ribbons &/or a trophy placing from each of his events he attended over the years. These included numerous Champion & Reserve Champions at the Ag shows.

We had many successes attending all of these events & each year he was getting better & better considering his age. Show Jumping was his favourite discipline.

Not long after turning 25yrs, I retired Guinness, so he could enjoy his retirement in the paddock while teaching my youngster some manners & having some fun together, which they did very happily.

Bryntawel was registered with the Cleveland Bay Horse Society of Australasia, Pony Club Association of Queensland & Northern Districts Hack & Dressage Club Inc.

Free to enter class open to any gelding of any age competing in the led breed classes.

Mare Of The Show

Judged on personality and presence, not presentation.

This year our tribute is to the beautiful Arabian and Friesian mares owned by Colleen Shields affectionally known as Tara & Xena. May they rest in peace and shine a light on how special heart horses are.

Aristara

Tara was rescued by Colleen Shields on the 8th of September 2019 after she'd been horrifically burned in the Canungra fires. Tara's owners allowed Colleen to adopt her where she spent her days being spoilt and loved not only by Colleen, but by her horses Neo and Xena too. Unfortunately, Tara succumbed to her smoke inhalation and sadly passed away on the 6th of January 2020.

Tara was a beacon of hope for the residents of Canungra during a very scary, emotional and exhausting time.

Xena of Siksikawa Friesians

Xena was born on the 2nd of September 2015 at Siksikawa Friesians in Tamborine.

Her owner Colleen Shields spent every day with her creating an unbreakable bond that would last a lifetime. They taught each other so much about life. 2 weeks before Xena's 5th birthday she had an accident which left her with an irreparable injury to her stifle.

Xena will always be remembered in the show ring for her beautiful aerial displays whilst leaping around the arenas putting on a real show.

Free to enter class open to any mare competing in the led mare breed classes (Any mare 4 years or over).

Road Side

The page is decorated with watercolor illustrations of green leaves and small, round berries. These elements are positioned in the corners and along the edges, creating a natural, organic frame around the central text. The colors are soft greens, ranging from pale mint to deeper forest green, with some leaves showing a slight yellowish tint. The berries are small, round, and have a glossy, slightly translucent appearance. The overall style is delicate and artistic, typical of watercolor painting.
