VETERANS DAY

The following list contains the names of the veterans we have found who served in Charlie Company in Vietnam. It has been a while since we have prepared a list of Found names and this has been updated but there is no guarantee of complete accuracy nor that we have current contact information anymore. The names in **bold** are ones we have found but have passed away. The * after a name indicates Reunion Attendance of at least one reunion. A few were technically in HHQ but served as medics with Charlie Company.

As you may recall, Dan Malin was the keeper of this data for many years and compiled most of this list. He would send me an updated copy every so often but I am not sure of the latest date before he passed away in August 2015. This list is compiled from the different lists in the worksheets of his spreadsheet, the list of current email address and the mailing list of our newsletters and the newsletters themselves so it is about as updated as it can get. We were proud to print our Found list of 99 vets back in 2008 and this updated list contains 457 names that include the KIA's. However, KIAs are not listed here but can be found on our website. There are probably 400-500 more names that have been found who served with us but we have never found a current address. Please let me know of any names you have found or errors that you see.

Several phone calls and even a few visits have been arranged over the years so let me know if you would like an address or a phone number of another vet. Most who have been to a reunion have already given permission to share contact information but I will get in touch with someone to let them know you would like to connect if they have not already given permission to give out their personal information.

If I were a good writer this last paragraph would be something very uplifting, inspiring, and enhancing your thoughts of a Veteran. Unfortunately, that qualification is not within me so please be content with Thank You for Your Service and Thank You For Your Friendship! We did have ONE good Veterans Day newsletter if you read reruns: [charlie1-20.org / Newsletters/ Vol 5, Issue 2-Nov 2011](http://charlie1-20.org/Newsletters/Vol%205,%20Issue%202-Nov%202011).
