

PMR RAW FOOD RECIPE & GUIDE FOR KITTENS AND CATS

LVHYBRIDS.COM

Bone-in Chicken Thighs	25 lbs	Main meat source, includes ~10–15% bone (Sam's club)
Chicken and/or Beef Hearts	6–7.5 lbs	Muscle meat, high in taurine (La Bonita)
Chicken Gizzards	2.5–3 lbs	Muscle meat, aids digestion (La Bonita, Smith's)
Chicken Liver	1.5 lbs	Secreting organ, source of Vitamin A, D, K (La Bonita, Smith's)
Beef Kidney	1.5 lbs	Secreting organ, rich in B vitamins and selenium (La Bonita)

RAW PREP & FEEDING INSTRUCTIONS

- Chop all chicken thighs with bone, beef heart, and kidney into pieces small enough to fit into the grinder.
- Add the gizzards and liver, then grind everything together. Mix thoroughly in a large bowl.
- Portion the finished blend into freezer-safe bags or containers.
- Separate into 3-day portions and freeze anything you will not use within 3 days.
- Freeze all raw batches for at least 3 days before serving.

After Thawing (I thaw mine in water or refrigerator)

- Once thawed, use within 2 days. Freeze any remaining portions by the third day.

Feeding Add-Ons (Each Feeding, 2x Daily)

- Add Nuvet supplements at each meal. Order code - 890048
- Add 1/4 cup water to the bowl and mix with the raw blend.
- Add 1/2 pump Omega oil to **one of the two** daily feedings.
