Must pre-register and prepay \$60 per student. Only 24 spots will be open.

This class will be taught by certified USCCA instructors.

In this class the students will learn the basic functions of revolvers and semiauto pistols. We will go over the rules of firearm safety. There will be discussion of the different actions of handguns as well holsters and other accessories. Instructors will show students how to load magazines and speed loaders. The students will learn proper grip techniques, stance, sight alignment and trigger control. The instructors will oversee the students, helping them perform what they learned in the classroom through dryfire and live fire. Students do not have to bring their own firearm or ammunition but are encouraged to bring their own. There will be a limited supply of handguns for students to use, ammunition as well. No more than 50 rounds will be needed for the live fire.

A Great Introductory Course
