Why DuoScape[™]?

In a world where urban living defines the landscape of our lives, Coast Spas is thrilled to unveil a groundbreaking addition to our distinguished product lineup – the DuoScape Series. Ingeniously crafted to cater to the burgeoning demand for two-person hot tubs, DuoScape emerges as the quintessential solution for urban spaces. With "two-person hot tubs" ranking as the third most searched term by customers, DuoScape is poised to redefine comfort, luxury, health & wellness and convenience in condos, patios, townhouses, and more.

Ergonomically Designed for Urban Living

DuoScape is not just another hot tub; it's a sanctuary designed for two. Its ergonomic design ensures that occupants can relax in complete comfort without encroaching on each other's space. Perfect for intimate evenings or serene solo retreats, DuoScape offers an unparalleled spa experience tailored for two in urban dwellings. Discover the perfect harmony of intimacy and luxury with our meticulously designed two-person hot tub, boasting an optimal size of 46"/117 cm by 77"/ 195 cm. Crafted to fit seamlessly into your urban oasis, this compact yet spacious hot tub delivers an unmatched hydrotherapy experience without sacrificing precious space.

Seamlessly Fits Urban Spaces

Understanding the challenges of urban living, the DuoScape range is meticulously designed to fit through standard doors and condo lifts, ensuring a hassle-free installation process. Its compact dimensions and weight are specifically engineered to comply with Strata and Condo regulations, allowing placement on balconies without concerns. DuoScape is the epitome of convenience, designed to integrate seamlessly into the urban fabric.

A Spectrum of Choices

Recognizing the diverse tastes and budgets of our customers, DuoScape is available in various price points. From the accessibility of our entry-level models to the lavish indulgence of our high-end Opulence series featuring salt water systems, there's a DuoScape for everyone. Each model is crafted with the same commitment to quality and innovation that has become synonymous with the Coast Spas brand.

Seamlessly Fits Urban Spaces

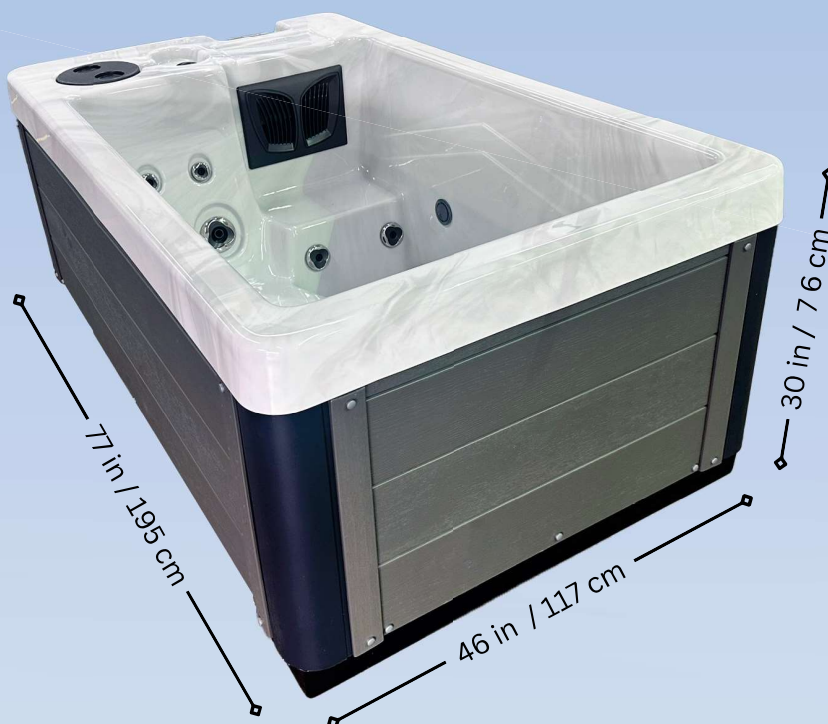

Understanding the challenges of urban living, the DuoScape range is meticulously designed to fit through standard doors and condo lifts, ensuring a hassle-free installation process. Its compact dimensions and weight are specifically engineered to comply with Strata and Condo regulations, allowing placement on balconies without concerns.

Enhanced Portability for Dynamic Lifestyles

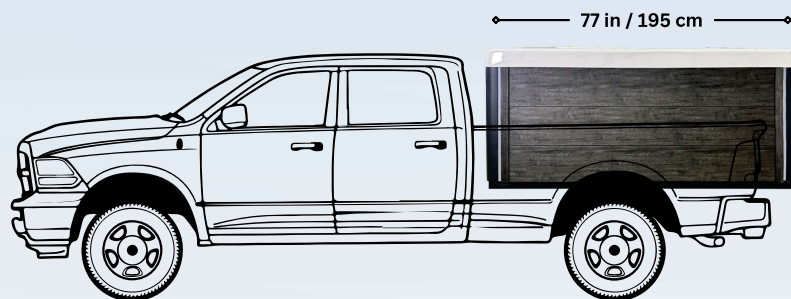

Adding to its urban adaptability, the DuoScape is uniquely designed for portability, allowing it to be easily moved around as your space and lifestyle needs evolve. Whether rearranging for seasonal use or adjusting layouts for special occasions, the DuoScape provides unmatched flexibility, making it the epitome of convenience for those who value mobility and functionality in their living spaces.

CASH & CARRY

Discover the Coast Spas DuoScape hot tubs, offering unparalleled portability for a hassle-free experience. Designed for easy transportation, these tubs are lightweight and conveniently portable, allowing for effortless "cash and carry" convenience. With no need for additional machinery, they can seamlessly navigate through standard doors and elevators, ensuring a convenient option at an unbeatable price point.

Hot Tub for Every Space

Designed for Condo and Apartment Balconies:

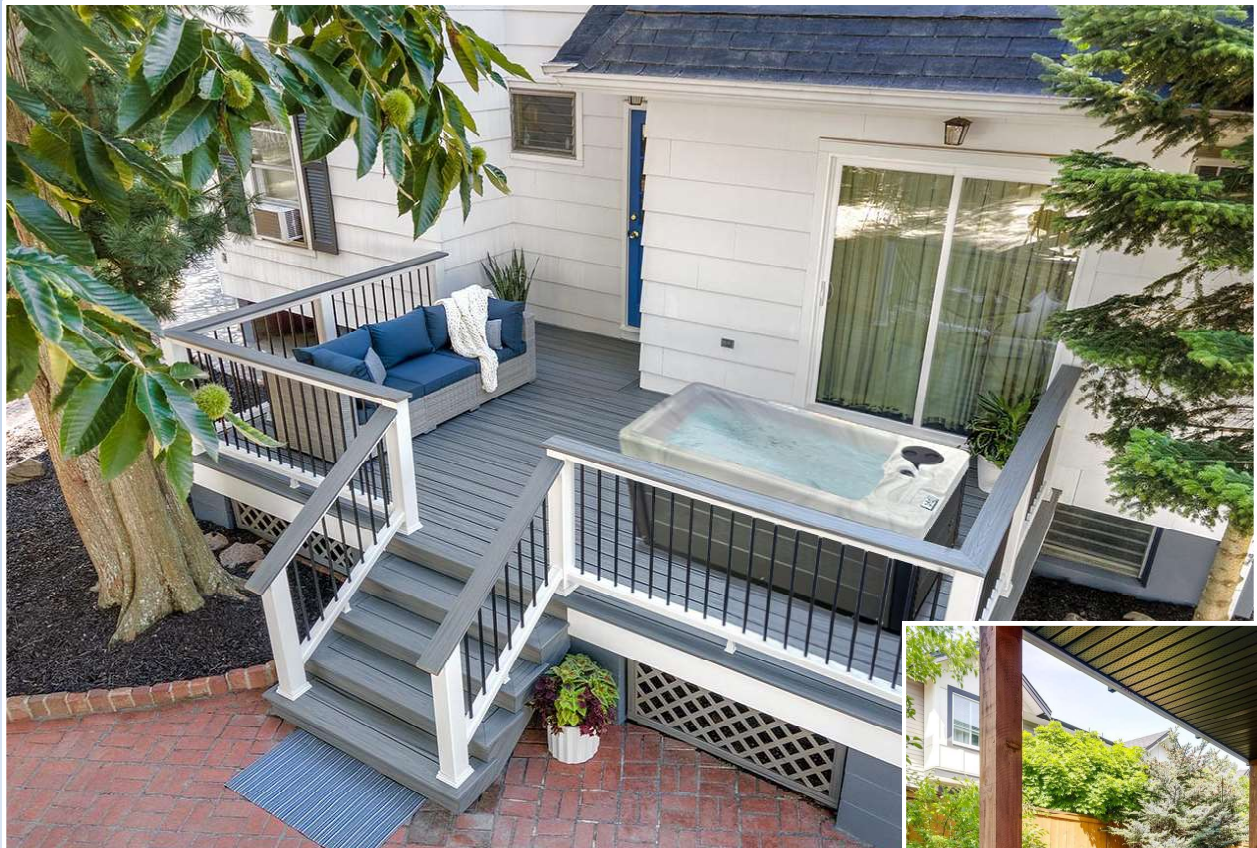

Illustrating the seamless integration of DuoScape into high-rise living, experience a private oasis without stepping out of your home.

Designed for Compact Spaces:

In homes with limited outdoor space, experience how DuoScape elevates the value and luxury of even modest courtyards, balconies, backyards, decks, and patios.

Hot Tub for Every Space

Designed for Townhouse Gardens:

Highlighting DuoScape's versatility in compact, ground-level outdoor areas, it becomes a luxurious centerpiece for both entertaining and relaxation.

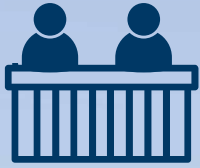

Designed for Terraces and Backyards:

Elevating luxury to new heights, a DuoScape hot tub on your terrace delivers unparalleled views and privacy, while nestled in your own private backyard.

Why DuoScapeTM?

Ergonomically Designed for Urban Living: DuoScape is not just another hot tub; it's a sanctuary designed for two. Its ergonomic design ensures that occupants can relax in complete comfort without encroaching on each other's space.

Seamlessly Fits Urban Spaces: Understanding the challenges of urban living, the DuoScape range is meticulously designed to fit through standard doors and condo lifts, ensuring a hassle-free installation process.

A Spectrum of Choices: Recognizing the diverse tastes and budgets of our customers, DuoScape is available in various price points. From the accessibility of our entry-level models to the lavish indulgence of our high-end Opulence series featuring salt water systems, there's a DuoScape for everyone.

Versatile Hot Tub Application: Whether it's a cozy balcony or a modest backyard, DuoScape Series offers hot tubs designed to fit any space, addressing the preferences of customers who are specifically interested in compact options.

Compliance and Convenience: Our sleek two-person hot tub is meticulously crafted for convenience and compliance. With a weight under 1815 lbs / 823 kg when filled, it fits perfectly in compact spaces like balconies, while still offering luxurious comfort and meeting strict condo and strata regulations.

Luxury for Everyone: The DuoScape Series offers the most comprehensive range of benefit-laden 2 person hot tubs in the market, catering to every budget from affordable to premium. Experience exceptional health, wellness, relaxation, and comfort benefits with our range of models.

Premium Aesthetics, For Every Budget: With sleek Vlux corners, our hot tubs boast a modern premium look at every price point, ensuring no compromise on style.

Note : It's important to understand that the features mentioned are listed together for descriptive purposes, but it doesn't imply that every feature is guaranteed to be present in each model. The availability of features may vary depending on the specific model of the hot tub.

Easy Setup, Minimal Preparation: Coast Spas DuoScope requires minimal site preparation, featuring a simple plug-and-play 110V design with no need for professional electricians, guaranteeing a hassle-free installation.

Dynamic Energy Options: Discover ultimate versatility with our two-person hot tub, featuring both 220 and 110-volt integrations for energy efficiency and portability. Whether you crave health & wellness or a tranquil soak, our hot tub seamlessly adapts to your lifestyle.

Portable Convenience: Coast Spas DuoScope provides the convenience of truck and take-home, "cash and carry" portability. They are lightweight, easy to carry, require no additional machinery, and can easily pass through standard doors and elevators, making them an exceptionally convenient option .

Built to Last: Incorporating advanced technologies like Coast Shield and a superior built frame, our hot tubs are exceptionally durable, providing peace of mind for years to come.

Year-Round Comfort: Equipped with energy-efficient heater technology and multi-level seating, DuoScope hot tubs ensure comfort in any season, whether heating up in winter or cooling down in summer.

Enhanced Servicing: Featuring frame lock technology, servicing our hot tubs is a breeze for technicians, ensuring better maintenance and longevity.

Coast Spas Care Salt Water System: Available in the high-end Opulence model, offering the luxurious benefits of salt water for a soothing, therapeutic experience.

Features

Ergonomic Seats

Coast Spas' ergonomic seats are meticulously designed for optimal comfort and support, providing a luxurious spa experience tailored to your body's contours. Indulge in relaxation as you sink into these thoughtfully crafted seats, offering a perfect blend of comfort and rejuvenation.

175 / 50 sq. ft. Hydro-Cyclonic Filtration System

Coast Spas is proud to offer the world's leading and exclusive Hydro-cyclonic filtration system, a revolutionary technology that is an integrated system that sets the standard for hot tub filtration.

3" Vlux Corners

Elevate your outdoor oasis with Coast Spas' innovative 3-inch VLUX corners, now available for the DuoScape Series. These sleek additions infuse your spa with a contemporary edge, refreshing its aesthetic and lending a modern touch to your relaxation haven.

Monster size Skimmer

Introducing Coast Spas' revolutionary Monster Size Skimmer, a powerhouse filtration system designed to effortlessly clear your hot tub water of debris. This innovative technology effectively sucks in all floating debris, channeling it into a specialized net for easy removal, ensuring crystal-clear water every time you indulge.

Spacious Footwell

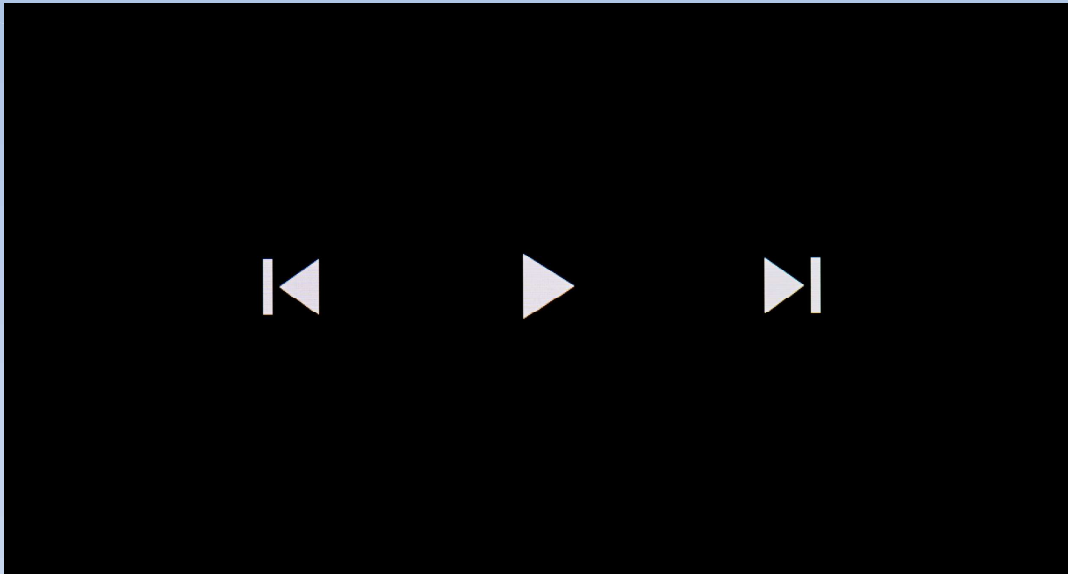

Spacious footwell can contribute to a more enjoyable and comfortable spa experience for all users, even when multiple people are using the hot tub at the same time, it won't feel cramped at all.

6 Button Digital Control

This advanced 6 button digital control system is the perfect addition to your hot tub, allowing you to adjust the temperature, lighting, jets, and more with ease.

Note : It's important to understand that the features mentioned are listed together for descriptive purposes, but it doesn't imply that every feature is guaranteed to be present in each model. The availability of features may vary depending on the specific model of the hot tub.

50 Sq. ft. Pressurized Filtration System

The unique design of Coast Spas' Pressurized Filtration System ensures cleaner water by efficiently removing larger debris, saves energy by consuming less energy than traditional filtration systems.

Anti-Float Lounger

Lose yourself in pure bliss with Coast Spas' anti-float lounger - the luxurious feature that delivers unparalleled comfort and support, while eliminating the need to constantly readjust your position.

Largest Touch Screen Display

This advanced Largest Touch Screen Display digital control system is the perfect addition to your hot tub, allowing you to adjust the temperature, lighting, jets, and more with ease.

Exclusive Self-Cleaning Sweeper Jet™

Get a deeper, more thorough clean with sweeper jets - the powerful, precision-engineered technology that effortlessly sweeps away dirt and debris from your pool or spa.
