

Blow Hard Diesel- 68RFE Warranty

Contract

1. This Warranty **DOES NOT**, under any circumstance, cover broken transmission shafts whether they are stock or billet. If Blow Hard Diesel (BHD) determines, through reasonable evidence and inspection, you have broken a transmission shaft, hub, sprag or gear set, BHD then reserves the right to refuse coverage under these expressed terms.

This warranty does not apply to vehicles used for racing or any type of vehicular competition.

2. BHD warrants to the original purchaser and Vehicle only, that any items purchased shall be covered for defects in material and/or workmanship.

3. BHD reserves the exclusive right to determine the course of action regarding repair and/or replacement of any and all warrantable products. This warranty is limited to the first retail purchaser of the remanufactured transmission ("The Purchaser").

This warranty covers remanufactured transmissions installed in **NON COMMERCIAL** Truck/Car applications. No Racing. Vehicles that are heavily modified such as over sized tires of 37" tall or larger, Engines **at or higher** than **600HP** or improperly tuned engines that cause the transmission to be in the wrong gear are **not** eligible for any type of Labor or shipping coverage under any circumstance.

4. All decisions made by BHD are final. In the event of a Warranty claim, all warrantable products **must** be returned, prepaid, with a complete service history and proof of purchase (date/invoice).

5. BHD must have Warranty Registration information from the consumer for the product in question. This includes; mileage (at time of install), Vin number, customer name, name of install shop, date of install and a copy of the invoice that the transmission was purchased.

This information **MUST** be received by BHD within **30 days** of the transmission install or your transmission warranty will be limited to 6 months, parts repair only.

6. In the event of a warranty repair or replacement, product warranty period continues from the original date of installation, vehicle mileage of the original purchase of the

product, except in the event that the product has been transferred ownership. The warranty will ***no longer be valid***. Warranty transfers are **not** permitted under any circumstance. The warranty period extends from the original date of sale to the Purchaser vehicles and is not extended by supply of a replacement part, component or assembly.

7. This Warranty shall ***not*** apply to any automatic transmission that has been improperly stored or installed. This Warranty shall ***not*** apply to misapplication, improper operating conditions, accidents, or neglect. This Warranty shall ***not*** apply to an automatic transmission that has been improperly repaired, maintained and/or altered by ***the owner or his agent/tech***. This includes but is not limited to; Items listed below:

1. Broken, fractured, or sheared shafts/gears and damaged cases are not covered under this Warranty.

2. Damage to the front pump due to mis-installation or misalignment of the torque converter.

3. No Racing, Vehicles that are heavily modified such as over sized tires of 37" tall or larger, Engines at or higher than 600HP or Improperly tuned engines that cause the transmission to be in the wrong gear are not eligible for any type of Labor or shipping coverage under any circumstance

4. Damaged gear train due to insufficient lubrication as a result of: A. Low fluid level B. Improperly serviced transmission C. filter, restricted cooler lines) Synthetic fluids are not covered under any circumstance. The consumer is responsible for the cost of Synthetic ATF.

If BHD discovers the cooler flow is insufficient to support the proper transmission operation, the company reserves the expressed right herein to void this Warranty. Most importantly, all transmission shafts are not covered by this Warranty on any transmission due to the capability of certain situations to cause stress-loads beyond the structural ability of the shaft.

BHD Automatic Transmission Warranty is **NOT** transferable. Line pressures must be tested at time of install. (This is mandatory for implementation of this Warranty.)

Measure the following:

1. Idle line pressure test: Idle vehicle in Drive. Note pressure and record on paper with date mileage and time of install along with the VIN

2. Stall line pressure test: Place vehicle in drive with emergency brake on and pump stop brake 3 times. Hold stop brake with left foot while pressing accelerator to wide-open throttle for 3 seconds. paper with date mileage and time of install along with the VIN.

BHD requires a minimum of a 500 miles break in period, this break in period consists of the following:

- NO** Towing
- NO** Throttle Input more than 50%
- NO** Tow Haul mode
- NO** Exhaust Brake use

If BHD pulls freeze frame data from the ECM and determines you were using the transmission improperly; your warranty **WILL** be voided.

24 MONTH/24,000 MILE WARRANTY
or

THE FIRST 12MONTH/12,000 MILES ARE PARTS AND LABOR WARRANTY, AFTER THAT IT IS A LABOR ONLY WARRANTY

DOES NOT COVER ANY BROKEN SHAFTS OR O/D HOUSINGS

This warranty is valid for 2 years, starting Wednesday October 30th, 2024.
