

IBRAHIM SMITH

Ibrahim Smith is the CEO of Green Hawk Solutions LLC, a top-notch construction company that provides high-quality service in a timely fashion.

The Brooklyn Native has successfully managed to obtain over 16 years of experience in general contracting, engineering, quality assurance, and construction project management.

Since 2007, Ibrahim has been operating GHS and currently oversees a team of 13 employees. His leadership style focuses on engaging team members to communicate, dynamically solve problems, and deliver the highest quality solutions.

Smith possesses a track record of success analyzing operations, then designing and instituting Program Management Methodologies that work to improve efficiency and reduce costs. He is also able to exceptionally present complex ideas with a high degree of clarity and recognizes and properly leads change in all types of organizations.

In the past decade or so, Ibrahim has contributed collaboration, teamwork, and scaffolding, toward team efforts and business improvements.

He is progressive-minded and in tune with new developments in his field. He has proven to be effective and collaborative with strong time-management talents. The constructive savvy entrepreneur also enjoys collective brainstorming sessions, which allows him to coordinate activities to achieve a common goal.

The bottom line, Ibrahim Smith is a capable and consistent problem solver, skilled at prioritizing, and managing projects with proficiency.
