Spring in PSSLU came to a close with both Barrio teams missing the playoff run by a mere point.

The GU16 entered PSSLU for the first time in Summer. They are still on the hunt for their first win, but 2 goals are on the board from Belen Benavides.

The GU12 have entered the youth futsal league at Lab 5 and came out with a standout 13-4 win!

The GU14 battled it out in SD in the highest seed bracket, and while they didn't get the results they wanted, they take the lessons with them and continue training for the Toyota of Orange Classic.
