*Hello...*

My name is Ashley Hamann. I started at Heart n Hand in August 2020. I chose childcare because I love working with the younger ones. I love watching them grow and meet the milestones and goals we have set for them. I love the smiles every morning and during the day. The bond I make with families that come and go in my classroom is something so special. I have worked in childcare for 10 years. I am a mom of three children who keep me busy.
