

Meet
Your

TEACHER

Hello...

My name is Avery, and I am 17. I started working at Heart n Hand in September of 2021. I have always loved working with children and have been babysitting since I was 12. I love being able to see the kids grow in their personalities and learn new things. When it was time for me to get a job, I knew the only option for me would be at a daycare! Right now, I am a senior at Glenvar High School (in Salem). After school I will be on track to go to college. The end goal for me is to hopefully be a children's therapist.

Birthday

July 10th
