Invest Global Inc. Launches Global Rollout of Kingdom Building Initiative to Transform Humanitarian and Development Efforts Worldwide

- Invest Global Inc. (IGI) announces the global rollout of its Kingdom Building Global Initiative, a transformative program designed to address urgent humanitarian needs, accelerate disaster response, and promote sustainable development worldwide. In collaboration with the Christian Foundation for Philanthropic Funding (CFPF), the initiative is expanding its reach to multiple continents, ensuring coordinated disaster relief, emergency response, community recovery, and long-term rehabilitation for communities affected by crises.
- This global rollout underscores IGI's commitment to delivering immediate lifesaving assistance while establishing programs for sustainable development, including clean water access, healthcare, education, housing, and economic empowerment.
- “The global rollout of the Kingdom Building Initiative represents a bold step in our mission to serve humanity with urgency, compassion, and strategic impact,” leveraging our international network and expertise, we are positioned to provide both immediate relief and long-term solutions that empower communities worldwide.”

Kingdom Building Global Initiatives

Under the Kingdom Building Global Initiatives, CFPF leads coordinated emergency response efforts worldwide. This program provides immediate assistance to communities affected by natural or man-made crises, including lifesaving aid, medical support, food and water distribution, shelter, and emergency logistics. The initiative focuses on protecting lives, stabilizing affected areas, and laying the groundwork for long-term recovery and sustainable rehabilitation, reflecting the Kingdom's commitment to humanitarian service and global stewardship.

IGIKB DISASTER RELIEF

helping communities, properties, and infrastructure recover after a disaster. This includes debris removal, structural cleanup, environmental safety, repair of damaged buildings, restoring utilities, mold and water remediation, and returning homes, businesses, and public spaces to safe, livable conditions.

INFRASTRUCTURE

Develop and modernize critical public and commercial infrastructure, with priority given to essential public systems, including energy, water, and sanitation. Implement sustainable waste management solutions, expand commercial and mixed-use construction, and integrate advanced smart-city technologies to enhance efficiency, resilience, and long-term economic growth

I. HOUSING DEVELOPMENT

Phase 1 – Pilot community; Phase 2
– Scale to multiple regions; Phase 3
– Long-term maintenance

Build affordable, sustainable housing.

Mixed-use community developments.

Building smart AI eco-friendly cities

Develop communities that you call home

II. AGRICULTURE

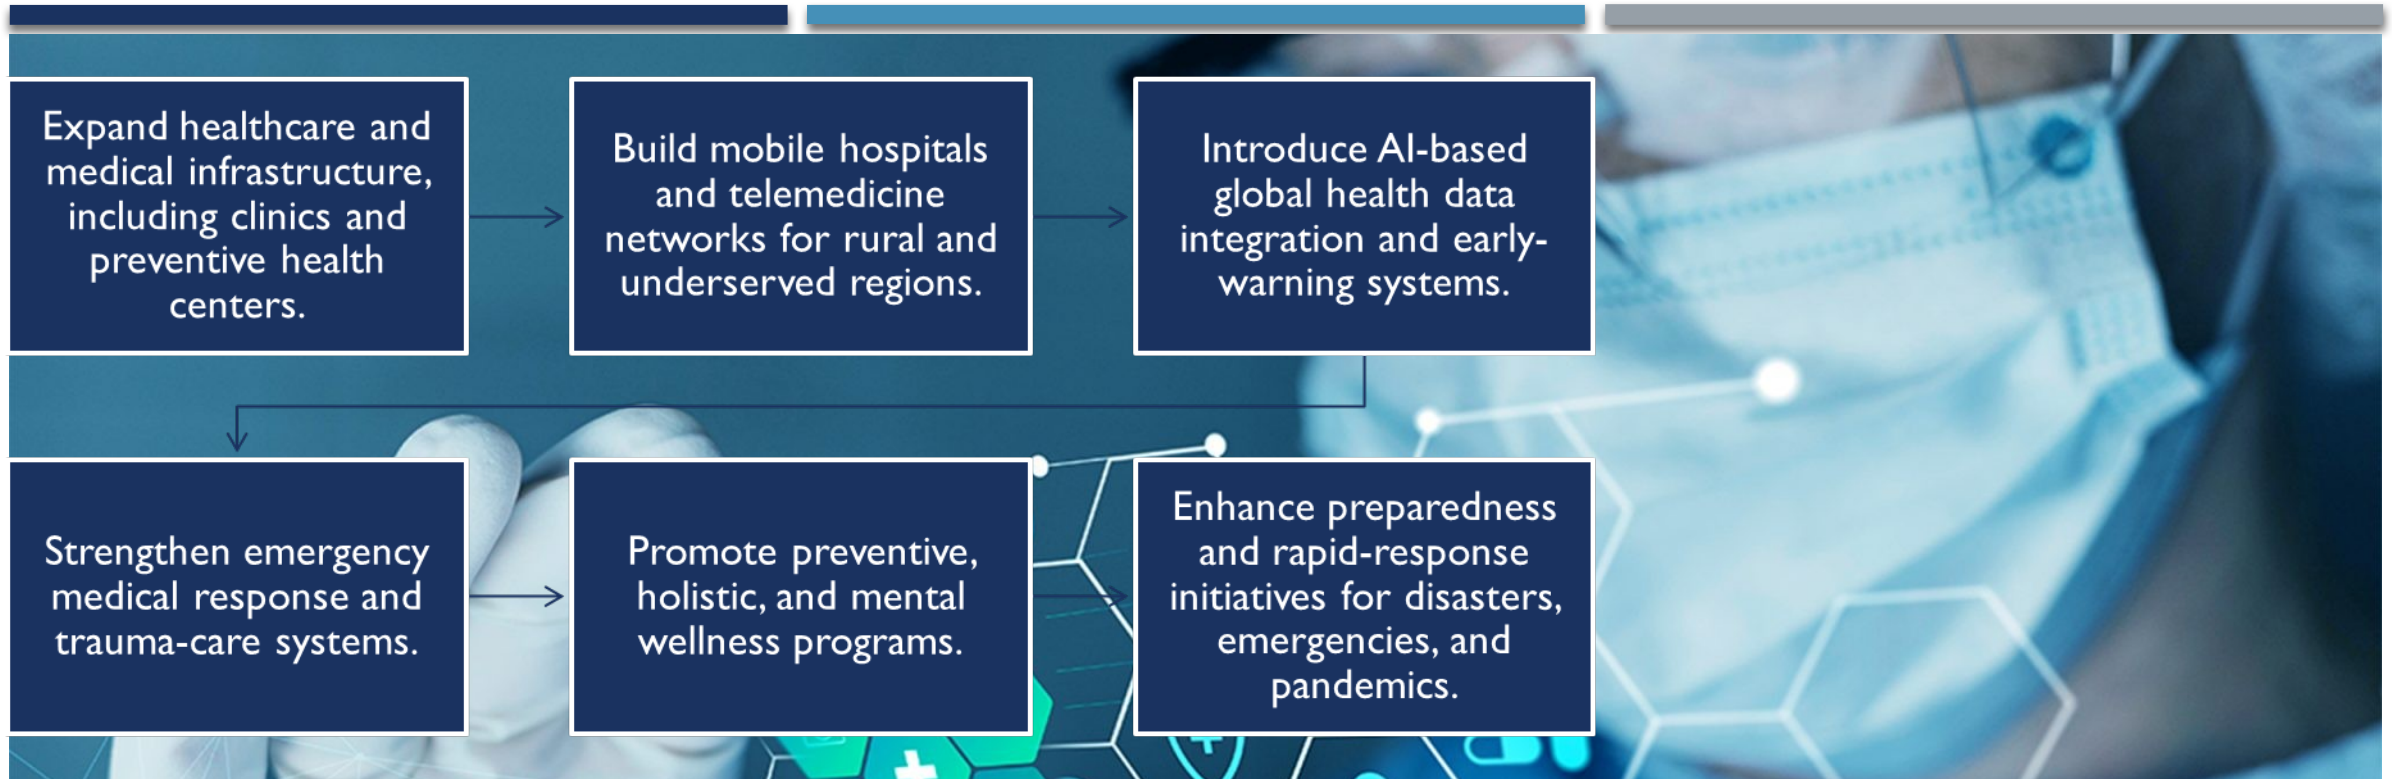

AUTOMATE FOOD & NUTRITION SYSTEM

Enhance food security and modernize farming. Launch pilot automated farms; scale across strategic agricultural zones; integrate supply chain networks.

TRANSPORTATION — GROUND, AIR & SEA

III. Expand and modernize transportation infrastructure. Prioritize high-traffic and strategic routes; integrate logistics hubs in industrial zones

IV. MEDICAL & HEALTH CARE

Phase 1 – Regional hospitals; Phase 2 – Clinics and telemedicine; Phase 3 – Specialized research centers

ACCESS HEALTH CARE SYSTEMS 'DOCTORS ARE REWARDED FOR KEEPING YOU HEALTHY'

V.1 ZARIYAH'S KIDS — HEALTH & WELLNESS

Establish herbal and custom pharmacies offering natural, science-based pediatric treatments.

Advanced medical facilities equipped with state-of-the-art technologies.

Develop adaptive education and recreation centers for cognitive, emotional, and social development.

Build sensory and play-therapy environments for healing through movement, music, and creativity.

Create family resource and counseling centers supporting parents and caregivers through education and community outreach

Provide safe places for kids to play & stay

Develop lodging and hotel accommodations for families of children receiving extended care.

V.2 ZARIYAH'S KIDS — "FREE SERVICES FOR CHILDREN"

Build

Build specialty housing and transportation systems for children with physical, cognitive, and developmental challenges.

Create

Create specialty training facilities for pediatric professionals, therapists, educators, and caregivers.

Provide

Provide holistic healthcare options integrating nutrition, natural healing, and wellness therapies.

Provide

Provide schools and tutoring programs

Provide

Provide financial support & college funds programs

Establish

Establish rehabilitation and therapeutic centers providing advanced treatment for children with disabilities

VI. EDUCATION BUILDING

- 01 BUILD ACADEMIC SCHOOLS**
with modern, inclusive curricula.
- 02 BUILD TRADE SCHOOLS & VOCATIONAL TRAINING**
to create skilled labor forces.
- 03 STRENGTHEN LOCAL INSTITUTIONS**
by improving capacity and governance.
- 04 TRAIN & RETAIN EDUCATORS**
with teacher development and staff housing.
- 05 ESTABLISH TECHNOLOGY & INNOVATION CENTERS**
focused on AI, robotics, and renewable energy.

Phase 1 – Pilot schools; Phase 2 – University and Scholarship Programs; Phase 3 – Research and Innovation Hubs

BUILD A SKILLED WORKFORCE,
ESTABLISH CENTERS OF EXCELLENCE,
INTEGRATE APPRENTICESHIP
PROGRAMS, AND MONITOR
WORKFORCE PLACEMENT

VII. TRAINING & TRADES

13

01

Water Production &
Purification

02

Fuel, Oil, and Gas
Alternatives

03

Renewable Energy &
Power Grids

04

Innovative Technologies
for the advancement of
humanity

Implement and reinvest returns to maintain operations

50-YEAR COMMITMENT — KBGI REGIONS WE SERVE

I. Northern Africa – Algeria, Egypt, Libya, Morocco, Tunisia

II. Sub-Saharan Africa – Nigeria, Ghana, Kenya, South Africa, Ethiopia, Uganda, Tanzania, Democratic Republic of the Congo

III. West Africa – Sierra Leone, Guinea, Liberia, Ivory Coast, Ghana, Nigeria, Togo, Benin

IV. Central Asia – Kazakhstan, Uzbekistan, Kyrgyzstan, Tajikistan, Turkmenistan, Afghanistan

V. South Asia – India, Pakistan, Bangladesh, Nepal, Sri Lanka, Bhutan, Maldives

VI. Southeast Asia – Indonesia, Philippines, Thailand, Vietnam, Malaysia, Laos, Cambodia, Myanmar, Singapore

VII. East Asia – China, Japan, South Korea, North Korea, Mongolia, Taiwan

VIII. Middle East & North Africa – Saudi Arabia, United Arab Emirates, Iran, Iraq, Jordan, Egypt, Morocco

IX. Europe – Germany, France, United Kingdom, Italy, Spain, Sweden, Poland, etc.

X. North America – United States, Canada, Mexico

XI. Latin America & the Caribbean – Brazil, Argentina, Colombia, Mexico, Cuba, Jamaica, etc.

XII. Oceania / Australasia & Pacific Islands – Australia, New Zealand, Papua New Guinea, Fiji, Pacific island nations

GOVERNMENT COMMITMENT TO THE COOPERATIVE FRAMEWORK

LAND, ZONING & PERMITTING

The Government commits to:

- Allocate suitable land and real estate for infrastructure, housing, healthcare, and social development under the IGI framework.
- Facilitate zoning, permitting, environmental review, and regulatory clearances.
- Coordinate with local authorities to enable timely project mobilization and construction.

INTERGOVERNMENTAL COOPERATION

In support of the 20-Component Sovereign Development Program, the Government will:

- Coordinate engagement across ministries, agencies, and provincial or state authorities.
- Uphold IGI's humanitarian, non-political, and non-partisan mandate, grounded in transparency and equality.
- Facilitate regulatory processes, workforce mobilization, and inter-agency collaboration.

GOOD-FAITH INTENT TO PROCEED

This Expression of Intent reflects [Country Name]'s good-faith willingness to:

- Engage in further technical discussions with IGI.
- Participate in due diligence and feasibility assessments.
- Coordinate the establishment of required banking structures.
- Negotiate the formal agreements needed to operationalize the program.

**WHEN CHOOSING WISELY,
THEY CHOSE
IGI.**

IGI MANAGEMENT

Expertise in Sovereign and Heritage Funds – IGI has a proven track record in managing high-value private, sovereign, and heritage assets, ensuring both growth and preservation while complying with international financial regulations.

Global Banking and Institutional Relationships – The organization maintains strategic relationships with central banks, the BIS, the World Bank, and other key global financial institutions, enabling secure, efficient, and high-level fund management.

Holistic Risk Management – IGI employs rigorous risk assessment, compliance oversight, and security protocols, protecting assets from mismanagement, diversion, or market volatility.

Humanitarian and Impact-Driven Focus – Beyond financial growth, IGI aligns fund deployment with global humanitarian and developmental initiatives, ensuring investments create tangible social and economic impact.

Tailored Fund Structuring – IGI designs customized strategies for sovereign and private wealth, including capital allocation, liquidity management, investment structuring, and succession planning.

Transparency and Governance – With robust reporting, auditing, and governance frameworks, IGI guarantees accountability to fund owners, stakeholders, and regulatory bodies.

Multinational Operational Capacity – IGI operates across key regions worldwide, enabling access to emerging markets, diversification opportunities, and strategic project engagement.

Legacy and Heritage Preservation – IGI ensures heritage funds are managed to sustain generational wealth, protect cultural assets, and align with long-term strategic goals.
