ABOUT US

The inaugural “DisCo at the Capitol: California Disability Community Advocacy Day” inspires, educates, and empowers attendees to become advocates for Californians with disabilities, and to be part of the disability rights movement.

The two-day event is presented by The Arc of California, California Foundation for Independent Living Centers, Easterseals, Family Voices of California, and United Cerebral Palsy. It features well-known speakers who have been trailblazers for promoting policies that improve the disability system – enabling people with disabilities to live inclusively in their communities. Attendees will include government officials and changemakers within the disabilities community, as well as self-advocates, family members, support professionals, and educators. Each sponsor will be offered the best opportunities to gain maximum brand exposure.
