

## *Readers Ride*

This beautiful 1967 Montreux Blue GTO belongs to Douglas Sharpe of Martinsville, VA. Douglas has been a club member for 2 years now. He has owned this GTO since January 6<sup>th</sup>, 1970 – wow that is a long time!

In 2010 this 225K mile GTO received a full rotisserie restoration, but with a few modifications for drivability and comfort. For starters, it has a 5 speed Tremec trans., 4 wheel disk brakes, 15" honeycomb wheels, vintage air A/C and Global West full suspension. This '67 GTO has all the handling and stopping power plus creature comforts of a newer GTO.

Very nice car Douglas!

But wait, there's more.....  
Douglas sent me this update recently.

On Oct. 24, 2012 I got to meet the original owner and his wife of my '67 GTO. Neither had seen the car for over 42 years! They had moved from Martinsville, VA. in 1978 to Flower Mound, TX. They were back in the area visiting relatives and friends. Got to ask questions about the 3 years of history that I didn't know about.

How cool is that©
