This beautiful Verdoro Green 1970 GTO Judge belongs to Mr. Tom Restifo. Tom has been a member of the club for 6 years now.

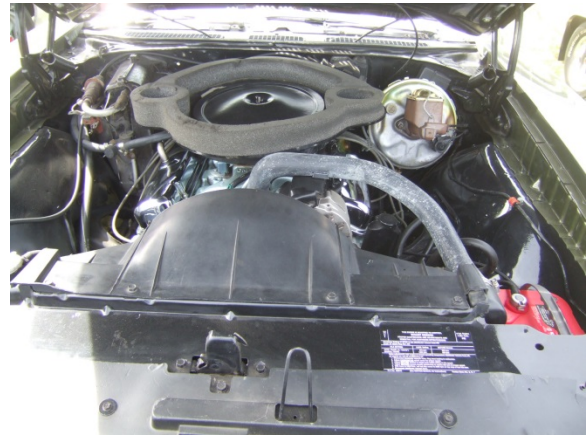

Tom has owned his GTO for about 12 years now and purchased it from an individual from Quincy, IL. This GTO was originally sold @ Huber Pontiac in Springfield, IL. Tom's car is a high option car with Ram Air III, 4-speed, custom sport steering wheel, A/C and power windows.

Tom has done the following work to his GTO; re-chromed the rear bumper, installed new engine wiring harness, added an HEI distributor, replaced the wrong pullies, brackets and lines with the correct ones, replaced a lot of the interior trim pieces, repainted the engine bay and replaced the springs and shocks. He said that one thing that he did that made a big difference in the

way the car runs, was that he had Cliff Ruggles rebuild his Q-Jet and since then it runs GREAT!

Tom, that is one nice GTO Judge!
