This beautiful 2001 bright red WS6 Ram Air Trans Am belongs to this father-son team of Robert and Chris Cooper. They have been club members since the spring of 2010, Don Ownbey (V.P) signed them up at a South 21 Cruise-In.

Robert said the only thing that he has added were some cool red caliper covers, other than that it is all stock. One memorable moment with the T/A was when Chris and Robert won their class T/A2 at the Fall Autofair 2011. Great job guys! Chris and Robert also own a 1978 bright red Trans Am, it is hard to own just one!

Robert had to trade-in his truck to buy this Trans Am in April 2011 at Randy Marion Buick /Chevy in Mooresville. You can tell by the smiles on their faces that it was worth it:-) This is a low mileage WS6 T/A with only 18,000 miles on the clock, it is a fully loaded automatic car with Ebony leather interior. This car is “like new”!
