

Letter from the President 2014

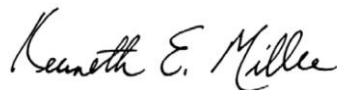

KEM and Associates' vision is to solve complex problems for our global Aerospace, Defense, and Commercial Clients. Our clients' complex business landscape is changing dynamically as security risks continue to evolve.

We are dedicated to the highest standards of performance and ethics advising our clients on a solid strategy securing existing business and growing sustainably in their core capabilities, domain areas, and emerging fields. As trusted advisors, our approach is multi-faceted and focused on innovation. Optimization and best performance that is relevant and affordable.

We are extremely proud of all that our KEM Network has accomplished together this past year, some stellar accomplishments, naming just a few include:

- Advising senior executives during major Merger and Acquisition
- Assessing, Developing & Overseeing Engagement Strategy for Major International Defense Firm
- Advising Leading Primes on Major Department of Defense (DoD) Procurement Pursuits
- Delivering Web & Sales Support Brand Development Tolls in support of DoD Engagement

Our commitment to best performing, affordable solutions is unwavering. KEM and Associates is dedicated to investing in the game changers that help our clients evolve and succeed in their complex, high risk landscapes. We look forward to building on our proven, well-trusted collaboration, partnership and success with each of you.

Kenneth E. Miller
Chief Executive Officer
