## James P. Cameron Write-In Candidate for Lieutenant Governor of California Endorses: Republican’s Steve Hilton and Sheriff Chad Bianco

*Cameron’s campaign slogan — ‘Conserve California’ is a mission to course-correct California’s calamity.*

**SACRAMENTO, Calif. — May 28, 2026** — James P. Cameron (J.P.C.), was sworn to oath as his write-in candidacy was approved by the Orange County Registrar of Voters office based in Santa Ana, Calif. Moving fast, his sealed certification was sent to Ballotpedia which surveyed the Lieutenant Governor candidate.

J.P.C. applauds both gubernatorial gentleman Hilton and Bianco for California is now realizing their core strengths are overdue. In fact, Hilton or Bianco could end up being Cameron’s boss if James P. Cameron’s constituents “Write In His Name.”

J.P.C. brings a unique perspective to understanding differing voter sentiments among his core audience, including baby boomers, Gen Xers, millennials, and GenZers. Woman are expected to be the strongest turnout for James P. Cameron the eligible bachelor as he was surveyed by League of Woman’s Voters CA Educational Fund.

At a critical juncture for the Golden State, J.P.C. is a strong proponent of aligning republicans, libertarians, independents, and democrats. With a quad-partisan statewide vision, J.P.C. aims to empower the electorate through unity, accountability and expanded participation.

“This is a crucial time for sound leadership and raising the bar — across the four primary responsibilities of the California Lieutenant Governor.”

1. Strict Senate Oversight
2. Business Development and Commerce
3. State Parks and Water
4. Higher Education

“I am laser-focused and committed to quality over quantity, as it relates to oversight of the California State Senate,” J.P.C. emphasized. He added: “I have a forte in high-level audit, financial management and economics.” “I have scoped my first hundred-day bulls-eye plan in Sacramento then I shall shift to a decentralized shotgun approach to cover the vast territory.” Looking forward, James P. Cameron will consult with the Treasurer, Director of Finance and Controller as well as the Governor elect.

J.P.C. mirrors the immigrant ad-man Steve Hilton’s push for massive macro-economic Oil extraction out of California # sixth reserves in U.S.A. plus refinery preservation pursuits whereby they can dominate together in a unique way. James P. Cameron feels strongly these control enhancements shall unleash tremendous prosperity for local high paying jobs while inevitably lowering inflation of all goods and services which have tormented us for over six years.

Ironically, James P. Cameron and the law man Sheriff Chad Bianco have met once outside the famous Mission Inn Hotel in Riverside during Christmas holiday festival. It was Chad whom led the discussion as James P. Cameron was listening attentively and agreeing. J.P.C. is a proponent of Sheriff’s departments so much that he once studied and trained to become an Orange County reservist. Likewise, J.P.C. is a member of the grassroots organization California Republican Assembly which endorsed Sheriff Chad Bianco.

J.P.C. has closely viewed all the debates closely as he feels both Republicans have hit their stride with excellent velocity. In 2024 President Trump shifted California 9% to the right and J.P.C. assumes now till November 3<sup>rd</sup> we shall see that # double! President’s Trump’s bold endorsement of Steve Hilton was the right call as the Republican party should’ve followed the leader yet GOP is still silent. J.P.C. says “A bifurcation of dual strengths exists: TRUMPiCAN’S vs. core CA Republican party.”

Both President Trump and James P. Cameron are “wishing Spencer Pratt well in his Los Angeles Mayor race.” California is basically a crime scene now that so much has been exposed. J.P.C. has viewed politics intensely front and center stage for well over 10 years. He was an independent contractor for the business litigation law firm of Michael J. Avenatti for nearly five years and hopeful to see a newly freed (M.J.A.) attain redemption. J.P.C. recognized the character shown by M.J.A while in prison, yet now residing in Hollywood, CA; M.J.A. stood up for justice per candidate Donald J. Trump as (D.J.T.) was being persecuted in NYC’s court system. M.J.A wrote on X “we can’t be hypocrites when it comes to the 1<sup>st</sup> Amendment.” The future second term President acknowledged the kind gesture 4/10/24 7:07AM via TRUTH social.

In a strange twist of fate, both D.J.T. and M.J.A. were both victims of the utterly retarded now fully exposed Russian hoax (likely seditious and possibly treasonous) set forth by: President Barack Hussein Obama, FBI Jim Comey, CIA John Brennan, Former 1<sup>st</sup> Lady Hillary Clinton's campaign and the top echelons within The Democrat Party of which only the last two named have paid fines so far. J.P.C. says "I guess elephants have bigger brains than donkey's."

On our countries 250<sup>th</sup> year birthday month as it was during our independence the Planet Jupiter is now again direct in the astrological sign of Cancer, J.P.C. also born in this timeline is asking voters to insert him to change the frequency of California; with your pen in hand! United, voter's of americana ideology can expect consistency from James P. Cameron who is a catalyst for betterment.

J.P.C. is fully aware on how the "Annual Comprehensive Financial Report" can be enhanced via recovery audit using "AI": 1. Overpayments 2. Duplicative Charging 3. Missing Discounts aka Rebates 4. Ghost Automatic Billings 5. Invoice / Pricing Errors
