

# Streamline Your Business Operations By Partnering With Leverage Cloud Services

Today every organization, regardless of size or industry, has sophisticated communication tools at its core. These tools can often be expensive and complicated, requiring an upfront investment of capital and regular support staff. What if there was a way of achieving this same level of integration and collaboration that was simpler, more flexible, and more cost effective?

Choosing Leverage Cloud Services as your strategic provider can help make this a reality. Our Core Services specifically address midsize enterprise challenges for both premise and cloud based solutions which allows an organization to get back to what really matters, their core business.

## ADVANTAGES OF PARTNERSHIP

- Increased productivity and efficiency by off-loading non-strategic tasks
- Single provider for premise and cloud solutions
- Seamless business integration – we become a part of your support team
- Reduced costs – no need for dedicated specialty staff and support systems
- OPEX with consolidated billing and lower rates
- Flexible and scalable – only pay for what you need when you need it
- Integrated customer contact across multiple support channels
- Built-in redundancies for business continuity and disaster recovery

As your trusted Network, Compute and Collaboration advocate, Leverage Cloud Services can help your business source and implement a custom-tailored strategy. Our primary goal is to ensure that you, our customer, receive the best possible solution that maps and scales to your business objectives.
