Garden State 2A Grassroots Organization

Garden State 2A Grassroots Organization (GS2AGO) is a non-profit, non-partisan, NJ-based advocacy group that helps NJ residents defend our Second Amendment rights in the state. Our objective is to turn each county into a grassroots hub to defend our right to keep and bear arms. We provide resolution kits, education, advocacy and information about NJ firearms laws.

By working with our local governments to adopt pro-2A resolutions, We The People send a clear message to our state government that we will defend our rights.

We stand for the right to keep and bear arms. We advocate for the fundamental rights of all people to self-defense and freedom. Firearms rights are equal rights. Firearms rights are civil rights. The Second Defends The Rest.

Each County in the New Jersey has their own Facebook page. Please follow them for specific events and details about your town and county.

Safety rules

1. Always treat all guns as loaded.
2. Always keep the gun pointed in a safe direction.
3. Always keep your finger straight and off the trigger until you are ready to shoot.
4. Always keep the gun unloaded until you are ready to use it.
5. Never point the gun at anything you don't intend to destroy.
6. Know your target and what is beyond it.
7. Learn the mechanical and handling characteristics of the gun you are using.
8. Always use proper Ammunition.
9. Be sure the barrel is clear of obstructions before loading and shooting.
10. If your gun fails to fire when the trigger is pulled, hold your shooting position for several seconds; then with the muzzle pointed in a safe direction, carefully unload the gun.

History of the Gadsden Flag

In the fall of 1775, the British were occupying Boston and the young Continental Army was holed up in Cambridge, lacking the necessary supplies to last through the season. Welcome to the Battle of Bunker Hill. It was here that Washington's troops—the young continental army—had been so low on gunpowder that they were ordered "not to fire until you see the whites of their eyes."

Soon enough, a merchant ship was returning to Philadelphia from a voyage to England. On board were private letters to the Second Continental Congress that informed Washington's troops that the British government was sending two ships their way loaded with arms and gunpowder. An opportunity to capture supplies that they couldn't afford not to capitalize on.

A plan was hatched by Washington and the Second Continental Congress to capture the cargo ships. To do so, they quickly authorized the creation of

a Continental Navy, starting with four ships, including the merchant ship that carried the information from England.

To accompany the Navy on their first mission, Congress also authorized the mustering of five companies of Marines. Some of the Marines that enlisted that month in Philadelphia were carrying drums painted yellow, emblazoned with a fierce rattlesnake, coiled and ready to strike, with thirteen rattles, and sporting the motto "Don't Tread on Me."
