### Commodore's Corner

Hope you are having as much fun as Sheri and I are! Been using our boat like crazy! C15 has been empty most of the season on the weekends!

This year's **Family Day** exceeded all expectations, with one of the largest turnouts in recent years. The energy, camaraderie, and joy felt throughout the day captured the very spirit of our club. From the snapper tournament to the food, music, and activities, it was a celebration that highlighted what makes South Norwalk Boat Club so special. I extend my sincere gratitude to all who participated, volunteered, and contributed to making this event such a memorable occasion. **Special thanks to James Peters and Maddie Ameer** for doing such a great job! Nice to know I have turned over special events to some very capable people in our club. Off the charts good!

The **Milford Rendezvous** was another highlight of the season, showcasing both our boating tradition and the bonds of friendship that unite our members. Todd and Jen Yarnold crushed it for all three rendezvous this year. Can't thank them enough for all the laughs and memories created! Whether on the water or ashore, these events were filled with laughter, storytelling, and the kind of fellowship that only boating can inspire. Just be careful...Donnie takes pictures of everything!!!

Looking ahead, our **Members' Outing** is fast approaching. Details will be shared soon, but I encourage all members to join us for this day of community, relaxation, and enjoyment. It promises to be a fitting way to close out the season together. See James if you want to lend a hand.

And while the boating season may be nearing its conclusion, our calendar remains full and vibrant. We look forward to a series of events that will keep the South Norwalk Boat Club spirit alive throughout the colder months:

- **Roll Call Dinner** - A long-standing tradition that brings our membership together in reflection and fellowship.
- **Country Line Dancing Night** - A lively evening sure to get everyone on their feet.
- **The Return of Pasta Nights** - Back by popular demand, these evenings will once again bring warmth and flavor to our clubhouse.
- **Board Elections** - An important moment in our governance. I encourage all members to participate in shaping the future leadership of our club. December 1<sup>st</sup>! My last day of being in charge!

The summer of 2025 has been one to remember, and I am proud of all that we have accomplished together. As we prepare to transition into the next season, let us carry forward the energy, commitment, and camaraderie that define our community.

Thank you for your continued support and engagement in making the South Norwalk Boat Club a place we are all proud to call home. I am still planning trips for the fall! Hopefully, I will see you out on the water sometime!

Clyde Mount, Commodore

## Marina News

Hello Captains, September is here, and while summer isn't over yet, we are entering peak storm season. Please take a few minutes to review your storm-prep plans and secure your vessels accordingly. Even when storms track offshore, strong winds, heavy rain, and surge can create challenges in the marina if boats aren't properly tied off.

Let's stay prepared and make the most of the boating days we still have ahead

### Haul-Out & Scheduling:

- All **short hauls** and **week hauls** must be completed by the **end of September**.
- All **hauling and storage forms** must be submitted before **October 1st**.
- **Early Bird Hauling:** Friday, **October 4th at 7:30 AM**.
- **Final Haul-Out Weekend:** Saturday & Sunday, **October 24 & 25 starting at 8:00 AM**.
- **Please note:** All haul-out dates are subject to change depending on weather or operational needs.
- If you plan on hauling your boat, please be prepared to **powerwash your own hull** or **lend a hand when possible**.
- All members storing their boats in the yard are **required to provide their own keel blocks and boat stands**, which must be **onsite and ready the day of your haul-out**.

### Parking Lot Reminder

Please remember: **NO OVERNIGHT OR EARLY MORNING PARKING IN THE MARKED YELLOW SPACES.**

The travel lift may be in operation anytime between **6:30 AM and 7:30 PM**. Vehicles left in these spaces risk interfering with hauling operations and will slow down the schedule for everyone.

### Marina & Yard Safety

- For boats stored on land, **shore power and extension cords must be unplugged when unattended and never left plugged in overnight**.
- **Heating devices of any type are strictly prohibited** in boats on land or in water.
- During haul-out, please keep clear of the travel lift and follow the directions of the crew at all times.
- As storms approach, check and double-check your **dock lines, fenders, and power cords** - it helps protect your boat and your neighbors'.

### Transient Slips

At times, the marina has **transient slips available for visiting members and guests**. Whether you're coming over for lunch, dinner, a day trip, or an overnight stay, we're happy to welcome you.

If you're planning a short visit, it's always best to check in about availability so we can accommodate everyone. We love to see the marina being used to its full potential - so take a run over when you can!

### Final Note

We still have more boating this summer with good weather ahead - let's enjoy it while it's here!

Thank you all for your cooperation and continued support of the club.

Fair winds, **Glenn Perschino**, Marina Committee Chairman
