Holiday Greetings from the board and staff of Anderson County Humane Society.

May the peace of Christmas fill your home and the New Year bring health and happiness.

As we look back over this year our hearts are cheered as we remember the many furry friends that we have been able to help. We are thankful for all the many friends who opened their home to these little ones and for those who volunteer and helped transport to rescues. The shelter has continued to be full all year. We are thankful and humbled by the generosity of those who have given monetary donations.

As many of you know we assisted with the rescue of 32 neglected horses which was overwhelming, as was the support from the community. The good news is we have placed all but 11 of these horses.

It has been a very eventful year!

We want to take this opportunity as we look back, to join with you in remembering all our friends who are no longer with us and the great love they brought into our lives. In addition to the ones who are in our lives today that continue to bring us joy.

The shelter is full of animals awaiting the opportunity to share some love.

Please visit our Facebook page BARC, The Humane Society or our website at www.barctx.org.

Thank you for your continued support of our animal shelter.

PAWS UP to each of you!!
