

TEAM  
***RID A MITE***  
**TERMITE AND PEST CONTROL**

**SPECIALIZING IN TERMITE FUMIGATION, FOAM INJECTION SYSTEM FOR LARGE MULTI-UNITS BUILDINGS & PEST CONTROL.**

**PANTRY PEST PREPARATION**

This letter is to prepare you for your upcoming interior pest control treatment. Please follow the directions below in order for the treatment to be a complete success. Eliminate the insects' food, water & shelter. ***Preparation is 95% of eradication.***

**Steps to Rodent Proof Your Home**

- Repair or replace damaged ventilation screens around the foundation and under eaves.
- Provide a tight fitting cover for the crawl space opening.
- Seal all openings around pipes, cables, and wires that enter through walls or the foundation.
- Be sure all windows that can be opened are screened and that the screens are in good condition.
- Cover all chimneys with a spark arrester.
- Make sure internal screens on roof and attic air vents are in good repair.
- Cover rooftop plumbing vent pipes in excess of 2 inches in diameter with screens over their tops.
- Make sure all exterior doors are tight fitting and weatherproofed at the bottom.
- Seal gaps beneath garage doors with a gaskets or weather stripping.
- Install self-closing exits or screening to clothes dryer vents to the exterior.
- Remember that pet doors into the house or garage provide an easy entrance for rodents.
- Keep side doors to the garage closed, especially at night. And limit the amount of time you keep your roll up door open.
- Trim/remove all trees and shrubs that are in direct contact to the structure. This limits access to the roof.
- Never leave pet food out. Always store it away in a sealed container until feeding time.
- Remove all trash/debris away from the structure.
- Exterior Trash cans much have tightly closed lids.

These steps will help to eliminate the rodents on the interior of your home. Team Rid A Mite also offers a monthly maintenance program for Termites, Rats, Mice & All types of Insects. Please call us if you are interested in any of these services.
