## Students Return to TLOWM Founded Schools

The Light of the World Ministries founded and seeks to support the children in Sierra Leone through Christ centered primary and secondary schools. Thanks to many generous donations that came in during our First Annual Gala we were able to purchase two uniforms each, for all of the children at our Gbangbatoke orphanage. We can't say thank you enough for your generosity and prayers.

## Under Construction

Ministry all over the world is messy. In construction you often have to make a mess before you can make something beautiful. Tearing down a wall means rubble and debris need cleaned up before the beautiful reveal of a new space can be realized. The Light of the World Ministries is undergoing renovation that will take some time and all along the way we are finding new opportunities that require creative solutions. We are so appreciative of the grace shown to us as we create some dust while we are remodeling. With your generous support we can meet our goals of supporting the beautiful family of God in Sierra Leone to live in the fullness of God's great love.

## Orphan Homes in Gbangbatoke, Gboyama & Tefeya

TLOWM desires to see the children of Sierra Leone develop a deep relationship with their Heavenly Father. One way we help do this is by providing food, shelter and Bible teaching at three different orphan homes in Sierra Leone. Because of donors like you, children can focus on their studies and feel safe, secure and significant. We want every child to be free from wondering when their next meal will be--free to rejoice in how our Lord provides through all things. Contributions like yours help fund our mission and help us spread the love of Jesus and the Gospel.

We are looking for monthly and one time contributors who would like to invest in these children's lives. To fully fund each orphanage means food for the children and staff, staff salaries as well as all material needs for the children, building maintenance, medical and transportation. It costs \$150 per month per child to provide this fully. We are at \$100 per month per child right now. We have 88 children, so at an increase of \$50 per child, \$4,400 per month is what we need to make these orphan homes top of the line homes.

Please consider if this ministry is one you'd like to support. Feel free to share this newsletter with friends and family who might be interested. And as always, please be praying -- you make a difference!

Together we can  
change the world, one  
life at a time.

These are just a few of the many people working to meet the spiritual and physical needs of the Lord's people in Sierra Leone. Sharing the Gospel and valuing each individual are some of the ways they shine the Light of Jesus. They use creative, biblical teaching to empower nationals to lean on Jesus and love each other.

You are the light of the world. A town built on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house. In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven.

Matthew  
5:14-16
