

# Cybersecurity Risk & Readiness Assessment

## *Strengthening Security Posture*

### **The Challenge**

Organizations faced growing cyber risk, limited visibility into vulnerabilities, and unclear accountability for security controls and incident response.

### **Insight Partners' Approach**

- Enterprise security risk assessment
- Control gap analysis and prioritization
- Incident response and governance design
- Alignment with regulatory requirements

### **Quantified Impact (90–120 Days)**

#### **Risk Reduction**

- Critical vulnerabilities identified and mitigated
- Improved security governance

#### **Compliance**

- Alignment with industry standards
- Clear ownership and escalation paths

### **Why Insight Partners**

- ✓ Business-aligned cybersecurity approach
- ✓ Practical risk mitigation, not fear-based tactics
- ✓ Executive-level visibility
- ✓ Clear, actionable remediation roadmap

**Insight Partners LLC**  
*Great moves start with insights*
