

# Case Study

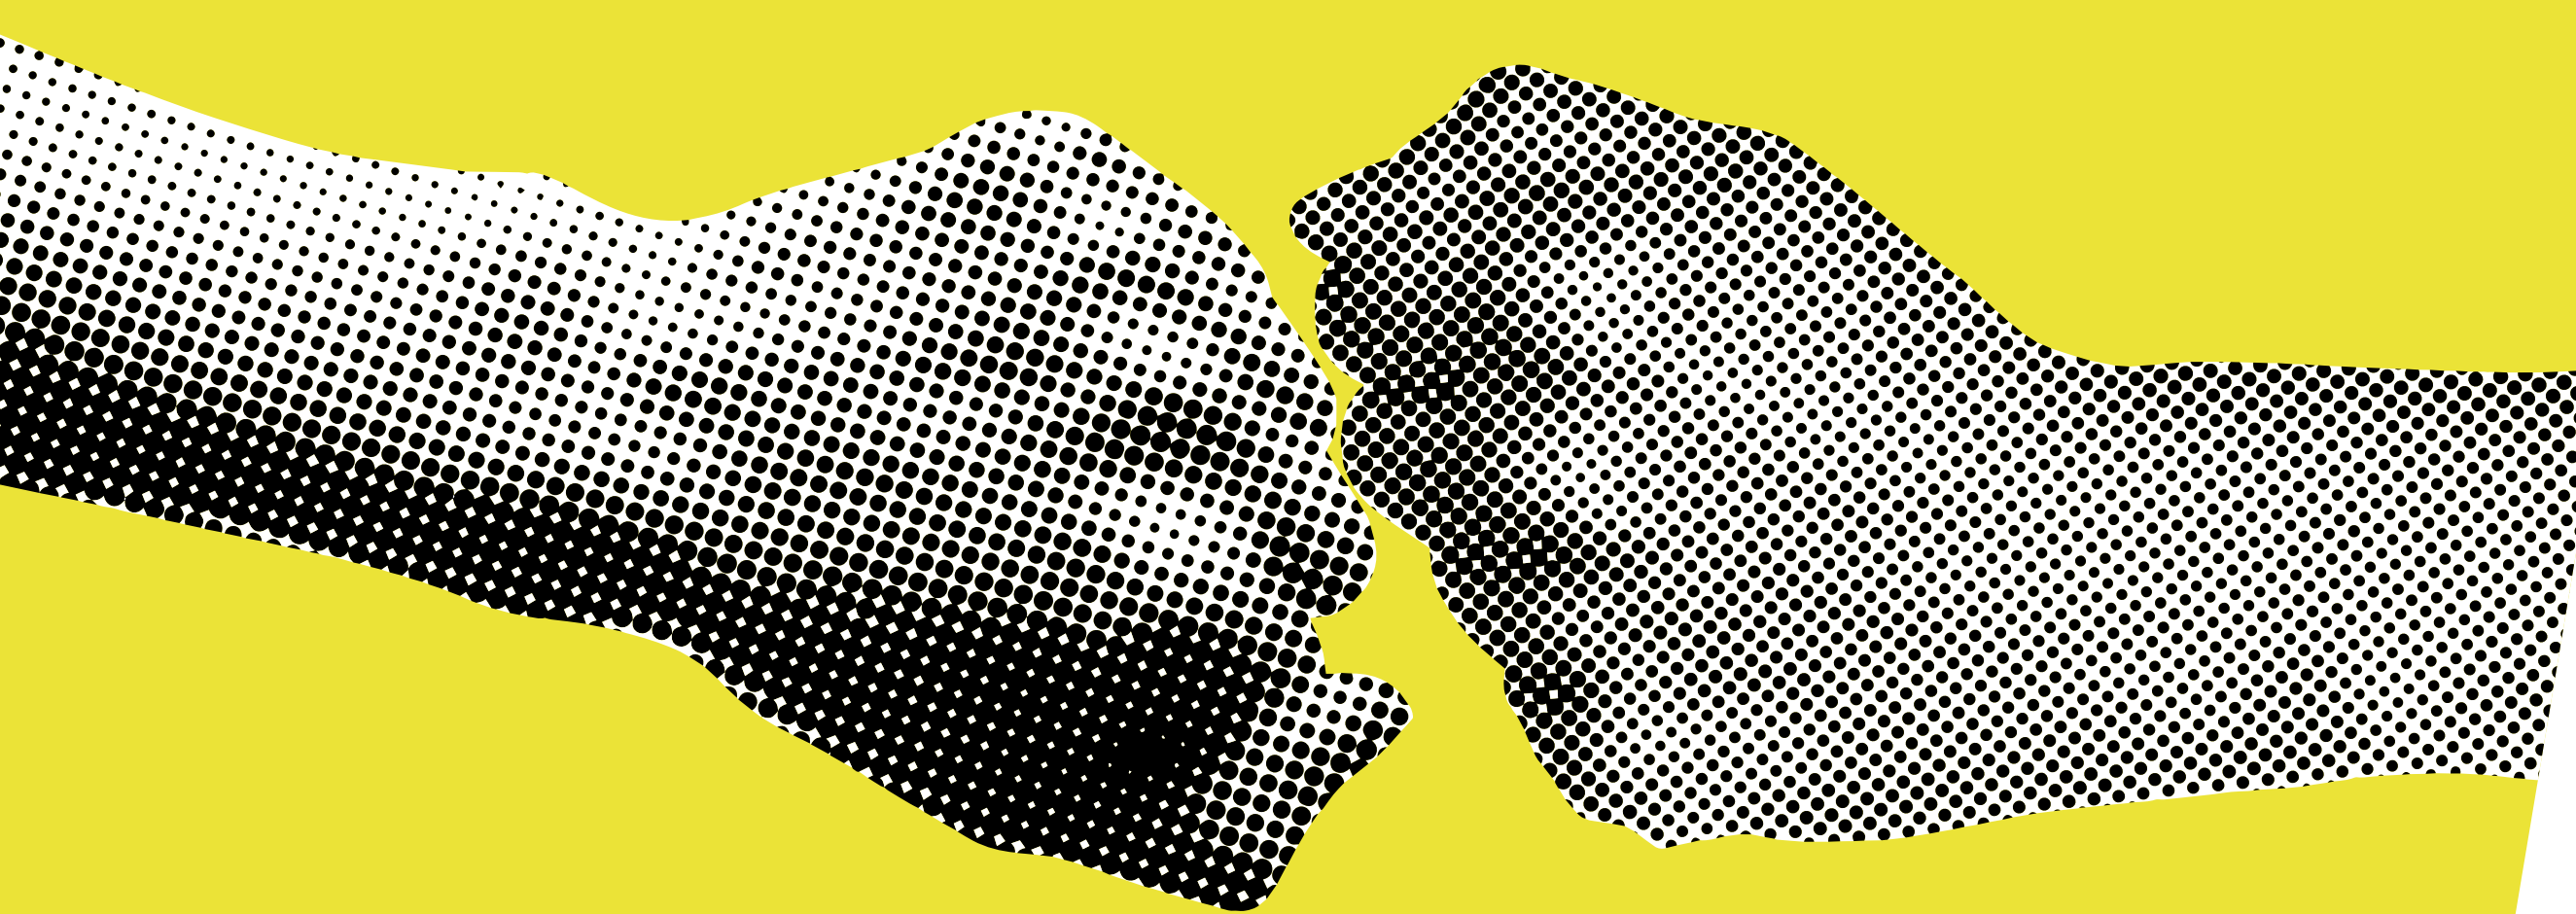

## Driving Tech Excellence

### Background

Over the last three years, True Worth has proudly partnered with Pets at Home, helping their tech teams deliver critical projects on time and within budget.

 **1-2 week average**  
time-to-hire, ensuring projects stay on track.

 **23 contractors**  
placed in tech positions.

## Solutions & Benefits

AI automation was integrated into:

 **Mobile App Development**

 **Website Redevelopment**

 **Cloud Architecture**

 **AI Development**

 **Project Delivery**

## The Result

 **Rapid access to top tech talent**

 **Seamless project resourcing**

 **Consistent delivery quality**

## Cost Savings & Scalability

AI-driven processes reduced operational overheads and maintenance costs, enabling Mojo CX to scale efficiently. A managed AI service ensures ongoing optimisation, keeping them future-ready.

## Let's Work Together

True Worth Consulting is dedicated to providing seamless solutions tailored to your needs.
