

# Case Study

## Fueling SAP Delivery Excellence

### Background

Stratesys, a 1,600-strong global SAP consultancy, set its sights on building a UK presence to deliver a critical SAP Procurement project for a large manufacturing client. But they needed local delivery firepower fast.

### What we did at a glance:

**Embedded** Talent-as-a-Service (TaaS) team

Delivered **specialist** SAP hires across modules

Built a UK-based delivery function in **90 days**

### Solutions & Benefits

AI automation was integrated into:

- ✓ **Embedded Partnership**
- ✓ **Rapid Multi-Role Hiring**
- ✓ **Cultural Alignment**
- ✓ **Streamlined Workflow**
- ✓ **Flat-Fee Model**

### The Result

In just 3 months, we delivered:

-  SAP Consultants (multiple modules)
-  Project Manager
-  Technical Sales Consultant

Project delivered successfully

Stratesys established UK market delivery credentials

### Cost Savings & Scalability

- Flat-fee pricing: predictable cost per hire
- Lower total agency spend vs % fees
- Scalable model for future UK/EU growth
