REACHERGOLF®

"Expand a golfer's reach when needed"

Helping Hands Golf Resources working with the leaders in the Medical Device Reacher industry; provides the most **versatile golfing aid resource for golfers**.

REACHERGOLF® is suitable for golfers of all ages and abilities. It offers an extra arm to help a golfer reach further **without straining their back** to place a ball or retrieve a ball on various locations on the course.

Features a folding 32 inch industrial level Reacher composed of aluminum and stainless steel with patent pending 3D technology enhancements . Based on what a golfer needs to extend their reach in various golf course situations.

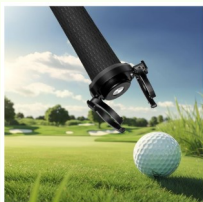

A REACHERGOLF® can be used in a wide range of challenging situations during the golf game including;

- ◇ Tee up a ball, retrieve tee , mark a ball and retrieve the ball from the green cup.
- ◇ Access to ball in out of bounds areas, rough, underbrush, water hazards, rocky ravines, etc.

REACHERGOLF® Design & Product Capabilities

- ◇ All REACHERGOLF® products include an innovative putter grip accessory. That can be easily attached to a standard over oversize grip including SuperStroke™. Equipped with a powerful earth magnet that securely holds a metal marker.
- ◇ 3D ball shell provides the capability to also use non-magnetic markers on the green including coins, plastic markers, and an aluminum markers on a golf glove or golf hat.
- ◇ Includes storage bag that will fit inside a standard golf bag accessory zip pocket.

MSRP \$69 One Year Warranty

Injuries Are On The Rise In Golf—Medical Research Studies Recommend Preventative Health Measures

Decrease Bending While Playing Golf.

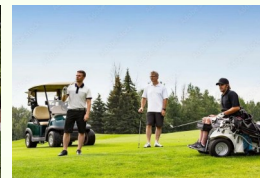

An average golfer playing 18 holes bends a minimum of 108 times. 36 times on tee box and a minimum of 72 times on green or other course locations picking up clubs, etc.

REACHERGOLF® is very helpful for golfers with health issue or mobility limitations that need an extra assistance on the tee box or green. **Teeing up a ball, retrieving the tee , marking a ball on a green, replace the ball and retrieve the golf ball from the cup.**

REACHERGOLF® empowers golfers with limited mobility or wheelchair golfers to independently tee up a ball and use it on the green or any situation on the course they need an extra hand.

It also assists golfers who may need additional support, their assistant reducing the risk of back, knee, or hip strain while helping the golfer during their round.
