

## TEXAS Is Closing

With the two SP Deployments in Texas closing soon, BTS is kinda "all dressed up with no place to go." Thanks to your rapid response to our call for volunteers we had 28 eager to deploy but what we saw as a long and extensive disaster recovery circumstance, actually was not that at all.

So we stand down, FOR NOW! We are, as you know, in the middle of Hurricane Season so we keep our bags packed and the bus running (figuratively). Only our Lord knows when we will be asked to answer His call to "take the hope and light of Christ to places where darkness and despair reigns." Thank you for your faithful patience as we anticipate the next opportunity to serve.
