"We Are In A Specialized Season"

By God's Great Grace we have made so much progress. Soffit & fascia are installed, the inside of the house is painted completely, flooring will be installed this week and we have run out of work until BTS returns from Branson. So there will be no work days scheduled until we return. If you are available we will need volunteers, April 30, & May 1 & 2. You have been so faithful and we are nearing the end. THANK YOU and THANK OUR FAITHFUL GOD.
