

Here's what our members have to say...

Absolutely Amazing...

"Everyone I have been in contact with has been absolutely amazing"

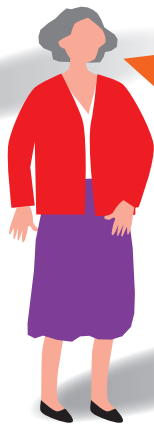

Heartfelt Gratitude...

"I wanted to express my heartfelt gratitude for granting me funds towards my ongoing sickness. This financial support has provided me with immense relief during this challenging time. I am truly grateful for your generosity and kindness. I cannot find adequate words to express how thankful I am for your assistance."

Response Times...

"Response times are quick."

Convalescence...

"I'd like to thank everyone for being really helpful and nice. The last few months genuinely have been really hard and have taken their toll on (my partner) and I. Being able to get away and relax has helped us get back on track, and reset me for getting back to work."

Moving Forwards...

"We would like to pass our thanks onto yourselves as we now have a diagnosis for my wife who will now be seeing a Chiropractor for further treatment. It has been a long few months for my wife and even now her appointments with the NHS are still being cancelled and reappointments made months in advance. Once again many thanks without your help we would not be moving forward."

Absolutely Brilliant...

"You're absolutely brilliant! Been unable to get into work because of the ruptured Achilles so the physio will help me get back to it sooner, so you are helping me and my family out a bunch when we are struggling a bit atm. I'll be leaving an online review about yourselves once it's all done because words cannot describe how grateful my family and I are."

Benefit Advice...

"Can I say thank you for the ladies I spoke to when my partner was poorly and having cancer treatment. We never knew anything about PIP and getting a phone call explaining it to me was very nice of her..."

Help with Arrears...

"Thank you very much for your support. I want to confirm that the family was thrilled to receive the support from your side. Currently they are still working hard to pay the remaining arrears and will be able to move on into their own property. Your help was much appreciated."

Quality of Life...

Many thanks for your email and thanks to the TBF for making this possible. I hope this will make a real difference to my quality of life and prevent further progression of my condition.
