

william michals broadwayⁱⁿconcert

In "The Impossible Dream," William Michals, with a voice that knows no boundaries, made that standard sound as fresh as a world-premiere performance. With booming clarity, the hymn appeared to rise beyond the balcony "to reach the unreachable star."

William Michals' spectacular voice...

All dark-voiced glamour...

As impressively entitled an instrument as any heard this season...

An incredibly rich voice which he employs to stunning effect...

Resonates with emotion...

Dazzling charm and mesmerizing elegance...

Gorgeous...

Rich, powerful...

Golden, mellifluous...

Velvet-toned bass-baritone...

Radiates sensuality...

Simmering in-your-face sexuality...

Passionate, powerful and insinuating...

Sings like an angel...

Oozing seductive allure...

Leaves the audience breathless...

Will make any woman swoon...
