

# CUSTOM DESIGN WAIVER

## TC Machine Design Approval Policy

Thank you for choosing TC Machine for your custom agricultural equipment needs. To ensure the highest quality and accuracy in our custom builds, we require written design approval from our customers prior to the commencement of production. Please carefully review the designs pertaining to your build. Your written approval signifies acknowledgment and acceptance of the proposed design.

## Approval Process

- 1. Approve Designs:** Thoroughly examine the design documents provided to you via email. Ensure that the proposed designs align with your specifications and requirements.
- 2. Provide Written Approval:** Reply Via email or text with a written approval indicating your acceptance of the designs. A sample approval statement is provided below for your convenience.
- 3. Responsibility and Collaboration:** Upon your approval, you assume responsibility for any oversight or issues that may arise during the assembly process. While such occurrences are rare, TC Machine is committed to collaborating with you to promptly address any concerns and find suitable solutions. Please note that additional parts may be necessary to meet the desired configuration, for which you may be liable.
- 4. Commencement of Production:** Production will commence only upon receipt of your written confirmation of design approval.

## Sample Written Approval:

*I, [Customer Name], have thoroughly reviewed all designs pertaining to my custom build. To the best of my knowledge, all design work appears consistent with the desired configuration. I hereby approve these designs and authorize TC Machine to commence production.*

**Customer Name:** \_\_\_\_\_ (**Date:** \_\_\_\_\_)

Please ensure that your written approval includes your full name and the date to formalize the approval process.

Thank you for your cooperation and understanding. We look forward to delivering a custom-built solution that exceeds your expectations.
