

Glorious Glossa: The Incredible Spiritual Advantages of Praying & Singing in Tongues.

The Holy Spirit has provided His servants with a tool of warfare second to none. It's the glorious gift of Tongues (Gk./Glossa). Glossa is a supernatural language that the recipient did not learn. It was given to them by the Holy Spirit. It is a gift that comes from inside the spirit of man where the Holy Spirit dwells and does not come from the mind of man. The initial reception of this gift can be dramatic or mild. It is a language (known or heavenly) that the person did not learn on their own. You cannot be "taught" to speak in Glossa. They are words coming out of the spirit man and the mind cannot understand them. It is a secret prayer language demons and Satan cannot interpret. They don't know what you are praying but the Holy Spirit does. It has many spiritual advantages, as we shall discover: In I Cor. 14 the great apostle Paul outlines the advantages of Glossa. First, he delineates the difference between the Gift of Glossa to be used in giving messages from God in public gatherings from the personal edification Gift of Glossa. Few Christians have the gift of public gatherings but all Christians can have the personal edification gift if they choose to.

The **personal edification Gift of Glossa** allows the person to speak directly to God and speak spiritual mysteries not understood by humanity (vs. 2). It allows the person to edify (oikeodomeo/build up a home or structure) themselves spiritually (vs. 4, Jude 1:20). Paul wants everyone to speak personal edification Glossa (vs. 5). It is inappropriate to come to someone and communicate directly in Glossa without the interpretation (vs. 6-12). If that is done, the person speaking Glossa should pray for the interpretation (vs. 13). When you pray in Glossa your spirit is praying and your understanding (nous/mind) cannot understand what your spirit is saying (vs. 14). We are to pray with the mind and pray with the spirit (Glossa). We are to sing with the mind and sing with the spirit (glossa, vs. 15). Glossa is a blessing to your spirit man (vs. 16). Paul was a professional Glossa speaker (vs. 17). He explains that the Gift of Glossa was predicted by the great prophet Isaiah (28:11-12). Glossa is a sign (semeion/miracle) to unbelievers (vs. 22). Indiscriminate Glossa in groups can confuse unbelievers (vs. 23).

The **public edification Gift of Glossa** has restrictions. There are to be no more than 3 public messages in Glossa per service and someone with the Gift of Interpretation must be present (vs. 27). If an Interpreter is not present in the meeting the person is to give the message in Glossa to themselves & God only (vs. 28). The Gift of Glossa (public and private) can be controlled by the person (vs. 32). Examples of the Gift of Glossa can be found in Acts 2, 8, 10, 19.

Modern science has proven I Cor. 14 to be a medical fact thru brain research. In 2006 the University of Pennsylvania School of Medicine discovered that when a person is using Glossa they are not using the normal language portion of the brain (frontal lobes). They found it to be at rest. In 2010 Oral Roberts University discovered that when a person is using Glossa the brain releases two chemical secretions into the immune system increasing it's efficacy up to 40%. Remarkably, it comes from a portion of the brain that has no other function in the human body. It is only activated by Glossa. This is what Paul meant when he noted that Glossa allows his spirit man to pray and his understanding (mind/nous) is unfruitful. Glossa gives rest and health to the participant.

Now that you received your Gift of personal edification Glossa at the House of Healing you are to use it constantly throughout the day and develop it into a powerful prayer language and anointing magnet. It is the conduit God uses to download the other Gifts of the Spirit into your spirit man. Mix your Glossa sessions up like a pitcher in baseball. Go slow, fast, soft, loud, whisper, speed it up and slow

it down. Be gentle and be aggressive. Always include singing in Tongues. It is God's favorite kind of worship. As you develop this gift you will notice that you are becoming spiritually stronger.
