Good morning, this is Parker Lutgen with Lutgen Lawn Care, here's what we can do for the Lake Granbury Harbor HOA areas. From March 1st- October 31st is the typical growing season for grass. The total weekly amount we can do for the mowing, weedeating, & blowing in certain areas is \$700 per week. This would be 32 weeks at \$700 which totals out to \$22,400. If the places needed mowed outside that time frame, we can come and mow for a one time charge of \$750 each visit. If the property doesn't need mowed certain weeks we will wait until the following week to do so. Thanks, we look forward to hearing back from you! We are excited to maintain your neighborhood and keep it looking great!

We will bill at the end of each month through an online invoicing system.
